## **A. INSTRUCTIONS TO OFFERORS**

### **1. Preparation of Offers**

- (a) Offerors are expected to examine the statement of work, the proposed contract terms and conditions, and all instructions. Failure to do so will be at the offeror's risk.
- (b) Each offeror shall furnish the information required by the solicitation as indicated in the Scope of Work and Mandatory Submissions Checklist, immediately proceeding this Section A. The offeror shall sign the offer and print or type its name on the cover sheet and each continuation sheet on which it makes an entry. Erasures or other changes must be initialed by the person signing the offer. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to PHA.
- (c) Offers for services other than those specified will not be considered.
- (d) If this solicitation requires proposing on all items, failure to do so will result in the proposal being rejected. If proposing on all items is not required, proposers should insert the words "NO PROPOSAL" in the space provided for any item for which no price is submitted.

### **2. Amendments to Solicitations**

- (a) If this solicitation is amended, then all terms and conditions which are not modified remain unchanged.
- (b) Offerors shall acknowledge receipt of any amendments to this solicitation by (1) signing and returning the amendment; (2) identifying the amendment number and date in the space provided for this purpose on the form for submitting an offer; (3) letter or telegram, or (4) facsimile, if facsimile offers are authorized in the solicitation. PHA must receive the acknowledgement by the time specified for receipt of offers.

### **3. Explanation to Prospective Offerors**

Any prospective offeror desiring an explanation or interpretation of the solicitation, statement of work, etc. must request in writing soon enough to allow a reply to reach all prospective offerors before the submission of their offers. Oral explanations or instructions given before the award of the Contract will not be binding. Any information given to a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an amendment of the solicitation, if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective offerors.

#### **4. Responsibility of Prospective Contractor**

- (a) PHA shall award a contract only to a responsible prospective contractor who is able to perform successfully under the terms and conditions of the proposed contract. To be determined responsible, a prospective contractor must -
  - (i) Have adequate financial resources to perform the Contract, or the ability to obtain them;
  - (ii) Have a satisfactory performance record;
  - (iii) Have a satisfactory record of integrity and business ethics;
  - (iv) Have a satisfactory record of compliance with public policy (e.g., Equal Employment Opportunity); and
  - (v) Not have been suspended, debarred, or otherwise determined to be ineligible for award of contracts by the Department of Housing and Urban Development or any other agency of the U.S. Government. Current lists of ineligible contractors are available for inspection at the PHA/HUD.
- (b) Before an offer is considered for award, the offeror may be requested by PHA to submit a statement or other documentation regarding any of the foregoing requirements. Failure by the offeror to provide such additional information may render the offeror ineligible for award.

#### **5. Late Submissions, Modifications, and Withdrawal of Offers**

- (a) Any offer received at the place designated in the solicitation after the exact time specified for receipt will not be considered unless it is received before award is made and it -
  - (i) Was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to a solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th);
  - (ii) Was sent by mail, or if authorized by the solicitation, was sent by telegram or via facsimile, and it is determined by the PHA that the late receipt was due solely to mishandling by PHA after receipt at PHA;
  - (iii) Was sent by U.S. Postal Service Express Mail Next Day Service - Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date

specified for receipt of proposals. The term “working days” excludes weekends and U.S. Federal holidays; or

- (iv) Is the only offer received.
- (b) Any modification of an offer, except a modification resulting from PHA’s request for “best and final” offer, is subject to the same conditions as in subparagraphs (a)(1), (2), and (3) of this provision.
- (c) A modification resulting from PHA’s request for “best and final” offer received after the time and date specified in the request will not be considered unless received before award and the late receipt is due solely to mishandling by PHA after receipt at PHA.
- (d) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both postmarks must show a legible date or the offer, modification, or withdrawal shall be processed as if mailed late. “Postmark” means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offerors should request the postal clerk to place a hand cancellation bull’s-eye postmark on both the receipt and the envelope or wrapper.
- (e) The only acceptable evidence to establish the time of receipt at PHA is the time/date stamp of PHA on the offer wrapper or other documentary evidence of receipt maintained by PHA.
- (f) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent by Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the “Express Mail Next Day Service-Post Office to Addressee” label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. “Postmark” has the same meaning as defined in paragraph (c) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors should request the postal clerk to place a legible hand cancellation bull’s-eye postmark on both the receipt and the envelope or wrapper.
- (g) Notwithstanding paragraph (a) of this provision, a late modification of an otherwise successful offer that makes its terms more favorable to PHA will be considered at any time it is received and may be accepted.

- (h) Proposals may be withdrawn by written notice, or if authorized by this solicitation, by telegram (including mailgram) or facsimile machine transmission received at any time before award. Proposals may be withdrawn in person by an offeror or its authorized representative if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award.

## **6. Contract Award**

- (a) PHA will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to PHA, cost or price and other factors, specified elsewhere in this solicitation, considered.
- (b) PHA may (1) reject any or all offers if such action is in PHA's interest, (2) accept other than the lowest offer, (3) waive informalities and minor irregularities in offers received, and (4) award more than one contract for all or part of the requirements stated.
- (c) PHA may award a contract on the basis of initial offers received, without discussions. Therefore, each initial offer should contain the offeror's best terms from a cost or price and technical standpoint.
- (d) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer shall result in a binding contract without further action by either party. Before the offer's specified expiration time, PHA may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an offer do not constitute a rejection or counteroffer by PHA.
- (e) Neither financial data submitted with an offer, nor representations concerning facilities or financing, will form a part of the resulting contract.

## **7. Service of Protest**

- (a) Any protest against the award of a contract pursuant to this solicitation shall be served on PHA by obtaining written and dated acknowledgement of receipt from PHA at PHA Contracts Department, 3100 Penrose Ferry Road, Philadelphia, PA 19145. The determination of PHA with regard to such protest or to proceed to award notwithstanding such protest shall be final unless appealed by the protester.
- (b) An actual or prospective offeror who is aggrieved in connection with the solicitation or award of a contract may submit a protest. Protests based on the contents of the solicitation must be submitted prior to the date and time

for receipt of proposals. Protests based on contract award must be made within seven days after the protestor knows or should have known the facts giving rise to the protest.

- (c) All protests shall be resolved in accordance with PHA's protest policy and procedures, copies of which are maintained at PHA.

**8. Offer Submission**

- (a) Offers and modifications thereof shall be submitted in sealed envelopes or packages (1) addressed to PHA Contracts Department, 3100 Penrose Ferry Road, Philadelphia, PA 19145, and (2) showing (on the face of the envelope) the time specified for receipt, the solicitation number, and the name and address of the offeror. One original hard copy, seven (7) hardcopies, and one electronic copy of the Offer and modifications, including the required proposal forms, shall be submitted (on one or more CDs) in Microsoft Excel, Microsoft Word, and/or Portable Document Format (PDF) formats
- (b) Telegraphic, e-mail, or facsimile offers, modifications, or withdrawals will not be considered unless authorized by the solicitation.

**STATEMENT OF WORK  
MASTER CONTRACT FOR SMALL CONSTRUCTION MANAGEMENT  
SERVICES  
SOLICITATION NUMBER P-004330**

**I. INTRODUCTION**

- A. The Philadelphia Housing Authority (“PHA”) requests proposals from qualified Small Construction Management (“SCM”) Firms to provide support services for a three (3) year period with up to \$5 million in Task Order work, with an option to add an additional funding increment in an amount up to \$5 million, exercisable by PHA upon approval by PHA’s Board of Commissioners, and a second option to add an additional funding increment in amount up to \$5 million, exercisable by PHA upon approval by PHA’s Board of Commissioners, for an aggregate maximum amount of \$ 15 million over the three (3)-year contract term. The SCMs will be engaged on a non-minimum retainer basis to provide multidisciplinary services to PHA for projects involving every aspect of the Authority’s modernization operations. Therefore, no minimum contract payment will be guaranteed. Multiple contracts will be awarded.

In an effort to encourage the participation of Small Construction Management firms for this Master Contract, the PHA has determined that certain special requirements will be instituted for this Master Contract to afford a wider range of proposers for this solicitation for Small Construction Management Services.

To this end, within this contract, PHA will accept bi-weekly submission of periodical estimates, (approved invoices), for payment; a waiver of the bid and performance bonds for task orders issued under \$25,000; and for task orders between \$25,000 and \$100,000, bid and performance bonds equal to a minimum of 50% of the task order price.

The purpose and objective of PHA’s entering into SCM contracts is to provide for the timely completion of various construction projects to be identified by PHA on a Task Order basis. The services of the SCMs shall be utilized through the issuance of Task Order Requests for Proposals (“TORFPs”) on an “as-needed, non- retainer” basis for carrying out specific assignments including, but not limited to construction management services (the “Services” or the “SCM Services”). The Services may include Architectural and Engineering (“A/E”)

services, demolition services, modernization and new construction services. PHA will request TORFPs for scopes of work from, in its sole discretion, one or more of the SCMs that are selected pursuant to this solicitation. PHA will enter into negotiations with the SCM or, if multiple SCMs submitted responses to a TORFP at PHA's request, one or more SCMs that submitted task order proposal(s), and shall select the proposal that is most advantageous to PHA, with the intent of entering into a "Task Order Contract" for said work. Task Orders will not exceed the maximum amount stated in the TORFP.

PHA reserves the right to award multiple Master Contracts under this solicitation using a tiered approach. The actual value of each Master Contract will be dependent upon a combination of factors to include but not limited to the SCM's bonding capacity and experience.

- B. Proposer(s) will be evaluated based on the qualifications and selection criteria listed in this solicitation, which include items such as their capacity to effectively and efficiently undertake a number of concurrent assignments and their capability to timely respond to the PHA TORFPs for Services at all times during the term of the Master Contract.
- C. The SCM will be required to complete all Task Orders at a pre-negotiated Guaranteed Maximum Price ("GMP") and the SCM will be solely responsible for any cost overruns. Each Task Order assigned to the SCM, unless otherwise specifically exempted, will have a specific scope of work, time schedule, assigned PHA representative and a work budget established prior to the commencement of the work.
- D. Any Task Order issued under this Master Contract may include the design, construction, and/or repair of a project, including SCM Services, which may include, but not be limited to: SCM at risk, pre-design, demolition services, modernization services, construction phase services, design/build services, repair services, and any additional services that may be required and are adequate and necessary to complete the prescribed work within the Task Order. PHA reserves the right to issue a Task Order limited to a single service item of work or one that involves multiple services.
- E. Under the terms of the Master Contract, any given Task Order may include any combination of PHA developments. PHA may provide design, legal or financial consultants, have certain

services performed by various PHA departments or use materials supplied by PHA. When the SCM is required to become a part of a larger "Development Team" of PHA staff or other consultants or contractors hired directly by PHA, the responsibility of the SCM to furnish all management services necessary to fulfill the requirements of the overall project shall not change.

- F. Under the terms of the Master Contract, the Task Order may partially be assigned to a third entity and/or limited partnership to complete the work/Task Order, subject to approval of PHA. SCM will competitively bid all subcontracting by SCM PHA reserves the right to allow self-performance on individual Task Orders.
- H. SCMs will be responsible for compliance with all laws and regulations applicable to the Services to be performed. For all repair, construction, demolition, rehabilitation or renovation, SCMs will ensure compliance with all laws or regulations applicable to environmental conditions, including abatement and removal of asbestos, lead hazards, contaminated soils, buildings, and equipment, and removal and handling of contaminated substances, whether or not such conditions were identified prior to commencement of work; provided that the SCM may be entitled to additional compensation for newly-discovered contamination.
- I. All projects will be subject to standards of Section 504 of the Rehabilitation Act of 1973/ Uniform Federal Accessibility Standards (UFAS) and SCMs will acknowledge that all services will be provided in compliance with these requirements.
- J. SCMs will comply with Section 3 of the Housing and Urban Development Act of 1968. To the extent new employment and contracting opportunities are created, PHA expects priority consideration to be given to low-income persons residing in PHA communities. SCMs will be required to certify efforts to comply with Section 3. **Section 3 participation is an important rating factor.**
- K. The SCM is responsible for confirming that all information used for its services is accurate and complete. The design, function and appropriateness of construction, demolition, renovation and rehabilitation. PHA may provide information and drawings to the SCM, but PHA does not guarantee the accuracy, completeness or appropriateness of information it provides.

After review of this information the SCM shall, in collaboration with PHA, PHFA, HUD, and the A/E, establish the proposed project statement of work and GMP Budget.

The SCM and A/E cost estimates will be reconciled at work sessions attended by A/E, SCM. PHA Cost estimates

Upon acceptance of bids by PHA, SCM shall produce a GMP for approval by PHA. PHA will not pay amounts greater than the GMP. The GMP quoted shall include all costs necessary to comply with all requirements, and limits set forth by HUD safe harbor, Pennsylvania Housing Finance Agency and any other funding sources that provide financial contribution to the development. GMP shall set forth allowances, assumptions, and exclusions as appropriate. Each component of GMP will be set forth-in detail. The SCM will be responsible for completing the project within the approved GMP.

- i. Using both graphic and computer techniques, the SCM shall develop and monitor a Project Master Schedule indicating project milestones, including design development submissions, bid/contract award dates, and contract completion dates. Also, the Project Master Schedule must interface with PHA, the SCM and any other PHA consultants involved in the project and various governmental agencies. indicate the status of all completed and in-progress activities and thus will help to identify and focus on possible constraints in the project. The SCM shall recommend corrective action if the Project Master Schedule is not being met.

- j. - (e) Cost Allowability. Nothing in this clause is to be interpreted to make allowable or reasonable any costs which would be unallowable or unreasonable in accordance with Part 31 of the Federal Acquisition Regulation (FAR), or OMB Circulars dealing with cost allowability for recipients of assistance agreements. **3. PHA Option for Payment by Electronic Funds Transfer**

- a. At PHA's option:
  - i. All payments by PHA under this Contract shall be made by electronic funds transfer (EFT) except as provided in paragraph (a)(ii) of this clause. As used in this clause, the term EFT refers to the funds transfer and may also include the payment information transfer.
  - ii. In the event PHA is unable to release one or more payments by EFT, the Contractor agrees to either (1) Accept payment by check or some other mutually agreeable method of payment; or (2) Request PHA to extend payment due dates until such time as PHA makes payment by EFT (but see paragraph (d) of this clause).
- b. Mandatory submission of Contractor's EFT information.
  - i. The Contractor is required to provide PHA with the information required to make payment by EFT (see paragraph (j) of this clause). The Contractor shall provide this information directly to the office designated in this Contract to receive that

information (hereafter: designated office) within 10 days after award of the Contract. If not otherwise specified in this Contract, the payment office is the designated office for receipt of the Contractor's EFT information. If more than one designated office is named for the Contract, the Contractor shall provide a separate notice to each office. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the designated office(s).

- ii. If the Contractor provides EFT information applicable to multiple contracts, the Contractor shall specifically state the applicability of this EFT information in terms acceptable to the designated office.

However, EFT information supplied to a designated office shall be applicable only to contracts that identify that designated office as the office to receive EFT information for that contract.

- c. Mechanisms for EFT payment. The rules governing Federal payments through the ACH are contained in 31 CFR Part 210.
- d. Suspension of payment.
  - i. PHA is not required to make any payment under this Contract until after receipt, by the designated office, of the correct EFT payment information from the Contractor. However, the Contractor may request that no further payments be made until the updated EFT information is implemented by the payment office. If such suspension would result in a late payment under the prompt payment terms of this Contract, the Contractor's request for suspension shall extend the due date for payment by the number of days of the suspension.
- e. Liability for uncompleted or erroneous transfers.
  - i. If an uncompleted or erroneous transfer occurs because PHA used the Contractor's EFT information incorrectly, PHA remains responsible for (1) Making a correct payment; (2) Paying any prompt payment penalty due; and (3) Recovering any erroneously directed funds.

- f. EFT and prompt payment. A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this Contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate

recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to PHA, is incorrect EFT information within the meaning of paragraph (d) of this clause.

- h. Liability for change of EFT information by financial agent. PHA is not liable for errors resulting from changes to EFT information provided by the Contractor's financial agent.
- i. Payment information. The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. PHA may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, PHA does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to PHA. If PHA makes payment by check in accordance with paragraph (a) of this clause, PHA shall mail the payment information to the remittance address in the Contract.
- j. EFT information. The Contractor shall provide the following information to the designated office. The Contracting Officer may exercise the option by written notice to the Contractor within ten (10) days prior to the expiration of the Contract.

## PART I: GENERAL

### 1.1 POLICY

As a requirement for receiving federal funds, the U.S. Department of Housing and Urban Development ('HUD') requires that the Philadelphia Housing Authority (hereinafter 'Authority') implement an Affirmative Action Contract Compliance Program under Executive Order Nos. 11246, 12432, 12138, 11625, to promote the development of certified Minority Business Enterprises (hereinafter 'MBE'), and certified Women Business Enterprises (hereinafter 'WBE'). This program will also comply with the requirements of Titles VI and VII of the Civil Rights Act of 1964, 42 U.S.C. §§ 2000 d & e, as amended, and HUD Regulations 24 C.F.R. § 85.36(e).

The Authority by this policy affirms its commitment to maximize the utilization of certified MBEs/WBEs in Authority contracts and subcontracts. To this end, the Authority will provide such assistance as will be needed to achieve this goal.

The aim of this policy is to discover and deter any present discrimination by bidders who seek contracts with the Authority. MBE/WBE minimum participation goals (hereinafter 'MPGs') shall be used as a screening device to determine whether discrimination may have occurred. Minimum goals of MBE/WBE participation will be indicated for each contract in the bid documents, and will be based upon availability of certified MBEs/WBEs. The MPGs are a means of determining whether or not a contractor shall be presumed to have engaged in discrimination. If the information furnished is below the MPGs, the bid package shall be subject to further review, in accordance with criteria set forth in this policy, to determine whether or not there was actual discrimination.

### **5.3 VENDING AND PERSONAL/PROFESSIONAL SERVICE CONTRACT AFFIRMATIVE ACTION BIDDER/PROPOSER RESPONSIBILITY**

**The submittals of each Bidder/Proposer are subject to review to determine whether the Bidder/Proposer has discriminated in the selection of manufacturers, subcontractors or suppliers, or has taken affirmative steps in the utilization of certified MBE/WBEs to ensure compliance with this policy. If a Bidder/Proposer has met the MPGs, the Authority's Contracting Officer may presume that the Bidder/Proposer has not discriminated in its selections. A Bidder/Proposer who fails to meet the MPGs shall satisfactorily provide the documentation set forth in Part III, Section E, of this program. The AAO shall perform a review of the submitted documentation to determine whether discrimination has occurred. If appropriate, the AAO may invoke the provisions of Part VII, Section 7.3 (Willful Non-Compliance) and recommend sanctions contained therein.**

**11**

**14 PART VI: EXEMPTIONS****6.1 EXEMPTED CONTRACTS**

The Authority recognizes that in certain limited circumstances, compliance with this Affirmative Action Contract Compliance Program will not be feasible, nor in the best interest of the Authority or its residents. With the approval of the Executive Director, Contracting Officer and the Affirmative Action Officer, the following contracts may be exempted:

- A. A vending contract, for equipment, materials, services and supplies where the total dollar amount of the contract is less than Ten Thousand Dollars (\$10,000.00).
- B. A construction contract where the total dollar amount of the contract is less than Ten Thousand Dollars (\$10,000.00).
- C. A professional or personal services contract where the total dollar amount of the contract is less than Ten Thousand Dollars (\$ 10,000.00).

16

**AFTER A CONTRACT HAS BEEN AWARDED**

- A. The AAO may find that a Contractor is not in compliance with contract requirements for reasons, which include, but are not limited to:**

  - 5. Other facts discovered by the Authority's AAO.**
- B. Whenever the AAO determines it has reasonable cause to believe that a contractor is not in compliance or that the contractor has discriminated against certified WBE/MBEs, the AAO shall promptly prepare a written notice to be signed by the Contracting Officer and sent by certified mail to the contractor. The notice shall state the reasons for the AAO's belief that the contractor is not in compliance and/or has discriminated against certified MBE/WBEs. In response to said notice, the contractor shall be required to show cause within seven (7) working days why it should not be found:**
- 1. In breach of contract, or**
  - 2. To have discriminated against certified MBE/WBEs.**
- C. ## **7.2 GOOD FAITH NON-COMPLIANCE**

- A. In cases where the AAO has cause to believe that a contractor, acting in good faith, has failed to comply with the provisions of the procedures, the AAO with the assistance and involvement of the Authority's Contracting Officer shall attempt to resolve the non-compliance through conciliation and persuasion.**
- B. In conciliation, the contractor must satisfy the Authority that they have made their "Best Efforts" to achieve the agreed upon participation goals by certified MBE/WBEs. "Best Efforts" on the part of the contractor include:**

**8.2 WRITTEN GRIEVANCE**

- A. The grievance shall set forth the reasons supporting it. The grievance shall be filed within ten (10) working days of the date that the finding, recommendation, proposal or other relief becomes effective. Failure to grieve in a timely manner shall be deemed a waiver of said right or breach of the conditions of this policy.
- B. If a person requests a hearing at the time the grievance is filed, the AAO shall schedule a hearing within seven (7) working days of the date the grievance is filed, unless the person requesting a hearing agrees to a continuance provided it is not contrary to best interest of the Authority to permit the delay. The AAO shall notify in writing, the person filing the grievance, of the date, time and place of the hearing.

## **STATEMENT OF PURPOSE**

The purpose of Section 3 of the Housing and Urban Development Act of 1968, as amended by Section 915 of the Housing and Community Development Act of 1992, is to “ensure that employment and other economic opportunities generated by certain HUD financial assistance shall, to the greatest extent feasible, and consistent with existing Federal, State, and local laws and regulations, be directed toward low- and very low-income persons, particularly those who are recipients of government assistance for housing, and to business concerns which provide economic opportunities to low- and very low-income persons.” Section 915 of the Housing and Community Development Act of 1992 sets forth:

- The types of HUD financial assistance, activities, and recipients subject to the requirements of Section 3;
- The specific individuals and business concerns who are the intended beneficiaries of the economic opportunities generated from HUD-assisted activities; and
- The priority in which individuals and businesses should be recruited and solicited for employment and other economic opportunities generated from HUD-assisted activities.

The HUD regulations at 24 C.F.R Part 135 set forth the requirements of the Section 3 program. The PHA’s Section 3 policy is explained in this Policy. The PHA’s Section 3 procedures and policies may be amended periodically by the Executive Director or his/her designee to insure that the policy requirements are being met or to bring about efficiencies in the implementation of the program based on practice and experience.

## DEFINITIONS

The applicable definitions for PHA's Section 3 program are the same as those set out in HUD's regulations at 24 C.F.R 135. Some of the more relevant terms considered in PHA's administration of the policy are:

**EMPLOYMENT OPPORTUNITIES GENERATED BY SECTION 3 COVERED ASSISTANCE.** All employment opportunities generated by the expenditure of Section 3 covered public and Indian housing assistance (i.e., operating assistance, development assistance and modernization assistance, as described in 24 C.F.R. § 135.3(a)(1)).

**COMMUNITY.** Area within one-half (1/2) mile radius of propose Section 3 Covered Activity.

Housing and Community Development Assistance does not include financial assistance provided through a contract of insurance or guaranty.

**NEW HIRES.** Full-time employees hired for permanent, temporary, or seasonal employment opportunities. Building trades personnel are new hires at the start of each construction project.

1. That is fifty-one (51 % or more owned by Section 3 Residents; or
2. Whose permanent, full-time employees include persons, at least 30% of whom are currently Section 3 Residents, or within three years of the date of first

employment with the business concern were Section 3 Residents; or

3. That provides evidence of a commitment to subcontract in excess of 25% of the dollar award of all subcontracts to be awarded to business concerns that meet the qualifications set forth in paragraphs (1) or (2) in this definition of "Section 3 Business Concern."

- Assistance provided under any HUD housing or community development program that is expended for work arising in connection with:
  - (i) Housing rehabilitation (including reduction and abatement of lead-based paint hazards, but excluding routine maintenance, repair and replacement);
  - (ii) Housing construction; or
  - (iii) Other public construction project (which includes other buildings or improvements, regardless of ownership).

**SECTION 3 COVERED CONTRACT.** A contract or subcontract (including a professional service contract) awarded by a recipient or contractor for work generated by the expenditure of Section 3 Covered Assistance, or for work arising in connection with a Section 3 Covered Project. "Section 3 Covered Contracts" do not include contracts awarded under HUD's procurement program, which are governed by the Federal Acquisition Regulation System (see 48 C.F.R. Chapter 1). "Section 3 Covered Contracts" also do not include contracts for the purchase of supplies and materials. However, whenever a contract for materials includes the installation of the materials, the contract constitutes a Section 3 Covered Contract. For example, a contract for the purchase and installation of a furnace would be a Section 3 Covered Contract because the contract is for work (i.e., the installation of the furnace) and thus is covered by Section 3.

**SECTION 3 COVERED PROJECT.** The construction, reconstruction, conversion or rehabilitation of housing (including reduction and abatement of lead-based paint hazards), other public construction which includes buildings or improvements (regardless of ownership) assisted with housing or community development assistance.

**SECTION 3 JOINT VENTURE.** An association of business concerns, one of which qualifies as a Section 3 Business Concern, formed by written joint venture agreement to engage in and carry out a specific business venture for which purpose the business concerns combine their efforts, resources, and skills for joint profit, but not necessarily on a continuing or permanent basis for conducting business generally, and for which the Section 3 Business Concern:

(i) is responsible for a clearly defined portion of the work to be performed and holds management responsibilities in the joint venture; and

(ii) performs at least 25% of the work and is contractually entitled to compensation proportionate to its work.

**SECTION 3 RESIDENT.**

(1) A public housing resident; or

(2) An individual who resides in Philadelphia County and who is:

(i) A low-income person, as this term is defined in Section 3(b)(2) of the 1937 Act (42 U.S.C. § 1437a(b)(2)). Section 3(b)(2) of the 1937 Act defines this term to mean families (including single persons) whose incomes do not exceed 80 per centum of the median income for the area, as determined by the Secretary, with adjustments for smaller and larger families, except that the Secretary may establish income ceilings higher or lower than 80 per centum of the median for the area ("AMT") on the basis of the Secretary's findings that such variations are necessary because of prevailing levels of construction costs or unusually high or low-income families; or

(ii) A very low-income person, as this term is defined in Section 3(b)(2) of the 1937 Act (42 U.S.C. § 1437a(b)(2)). Section 3(b)(2) of the 1937 Act (42 U.S.C. 1437a(b)(2)) defines this term to mean families (including single persons) whose incomes do not exceed 50 per centum of the median family income for the area, as determined by the Secretary with adjustments for smaller and larger families, except that the Secretary may establish income ceilings higher or lower than 50 per centum of the median for the area on the basis of the Secretary's findings that such variations are necessary because of unusually high or low family incomes.

(3) A person seeking the training and employment preference provided by Section 3 bears the responsibility of providing evidence (if requested) that the person is eligible for the preference.

## GOAL STATEMENT

The numerical goals established in this section represent minimum numerical targets.

It is the PHA's policy to achieve Section 3 goals by providing opportunities in one or more of the following areas:

**TRAINING AND EMPLOYMENT.** The numerical goal set forth below apply to new hires, and economic opportunity levels for Section 3 residents. The numerical goals reflect the aggregate hires. Efforts to employ Section 3 Residents, to the greatest extent feasible, should be made at all job levels.

- (1) Numerical goals for Section 3 Covered Public and Indian Housing programs. PHA contractors and subcontractors may demonstrate compliance with this part by committing to employ Section 3 Residents as 30% of the aggregate number of New Hires, and;
- (2) For construction contracts and assignments that are site based or Community specific, PHA contractors and subcontracts, will demonstrate compliance by ensuring that 50% of all Section 3 New Hires are residents of the Community, and;
- (3) For construction contracts and assignments, PHA contractors and subcontracts, will demonstrate compliance by ensuring that 20% of all contract wages are paid committed to employ Section 3 Residents working on Section 3 Covered Activity.

**CONTRACTS.** The numerical goals set forth below apply to contracts awarded in connection with all Section 3 Covered Projects and Section 3 Covered Activities. PHA and each of its contractors and subcontractors may demonstrate compliance with the requirements of this part by committing to award to Section 3 Business Concerns:

- (1) At least 10% of the total dollar amount of all Section 3 Covered contracts for building trades work for maintenance, repair, modernization or development of public housing, or for building trades work arising in connection with housing rehabilitation, housing construction and other public construction; and
- (2) At least 3% of the total dollar amount of all other Section 3 Covered Contracts.

PHA or its contractor may contract directly with a Section 3 Business Concern or contract with contractors that subcontract to a Section 3 Business Concern. In either case, PHA's preference is to give priority to business concerns that employ PHA residents from the property in which the work is being performed.

## **OTHER ECONOMIC OPPORTUNITIES**

Firms may provide other economic opportunities or make cash contributions to train and employ Section 3 Residents or to contribute to a Section 3 compliance fund which provides other economic opportunities. PHA has established the following minimum threshold requirements for contribution to funds that provide other economic opportunities:

1. For trade, construction and rehabilitation work, the “value” of the other economic opportunity must equal or exceed 5% of the total contract amount plus any modifications to price;
2. For other types of contracts, including service contracts, the “value” of the other economic opportunity must equal or exceed 3% of the total contract amount plus any modifications to price.

**Refer to page 15 for additional details of Other Economic Opportunities**

## PHA PREFERENCE TIERS

For training and employment opportunities:

(a) Order of providing preference. Recipients, contractors and subcontractors shall direct their efforts to provide, to the greatest extent feasible, training and employment opportunities generated from the expenditure of Section 3 covered assistance to Section 3 residents in the order of priority provided in paragraph (a) of this section.

(1) Public and Indian housing programs. In public and Indian housing programs, efforts shall be directed to provide training and employment opportunities to Section 3 residents in the following order of priority:

(i) Residents of the housing development or developments for which the Section 3 covered assistance is expended (category 1 residents);

(ii) Residents of other housing developments managed by the HA that is expending the Section 3 covered housing assistance (category 2 residents);

(iii) Participants in DOL Youthbuild programs being carried out in the metropolitan area (or nonmetropolitan county) in which the Section 3 covered assistance is expended (category 3 residents);

(iv) Other Section 3 residents of Philadelphia.

For contracts:

(a) Order of providing preference. Recipients, contractors and subcontractors shall direct their efforts to award Section 3 covered contracts, to the greatest extent feasible, to Section 3 Business Concerns in the order of priority provided in paragraph (a) of this section.

(1) Public and Indian housing programs. In public and Indian housing programs, efforts shall be directed to award contracts to Section 3 Business Concerns in the following order of priority:

(i) Business concerns that are 51% or more owned by residents of the housing development or developments for which the Section 3 covered assistance is expended, or whose full-time, permanent workforce includes 30% of these persons as employees (category 1 businesses);

(ii) Business concerns that are 51% or more owned by residents of other housing developments or developments managed by the HA that is expending the Section 3 covered assistance, or whose full-time, permanent workforce includes 30% of these persons as employees (category 2 businesses); or

(iii) Business concerns that are 51% or more owned by Section 3 residents, or whose permanent, full-time workforce includes no less than 30% Section 3 residents (category 3 businesses), or that subcontract in excess of 25% of the total amount of subcontracts to business concerns identified in paragraphs (a)(1)(i) and (a)(1)(ii) of this section.

PHA's preference is to ensure that as many PHA residents as possible are employed. In an effort to further that goal, PHA has created the following preference tier structure to assist it in evaluating Section 3 performance.

Vendors demonstrating Section 3 compliance or planned compliance at the contract bid process will be allocated additional Section 3 points, and therefore a potential higher overall score than those not in compliance. As such, we strongly encourage all contractors to comply with the highest Tier by hiring PHA Section 3 Residents at the site where work is being performed.

If the contractor demonstrates to PHA's satisfaction the inability to hire at the site, PHA's next preference is for the contractor to hire residents from other PHA properties. If the contractor cannot meet its Section 3 goal in this manner and needs to move to lower tiers, that contractor must document this inability to comply with the preference and the need to move to another tier.

#### **TIER I**

The contractor can meet Tier I status by:

- (1) Hiring Section 3 PHA Residents from the site where services are to be performed;
- (2) Hiring Section 3 PHA Residents from another PHA subsidized property;
- (3) Hiring non-PHA Section 3 Residents from the PHA Pre-Apprentice Program or DOL Youthbuild Program; or
- (4) Hiring non-PHA Section 3 Residents from Philadelphia County.

#### **TIER II**

If the contractor cannot meet Tier I, it may meet Tier II by:

- (1) Contracting directly with a Resident Owned Business whose full-time, permanent workforce or a Section 3 Business Concern of which the full-time, permanent workforce includes persons, at least 30% of whom are PHA residents from the site where the work is being performed;
- (2) Contracting directly with any other Section 3 business whose full-time, permanent workforce includes at least 30% PHA residents from the site where the work is being performed;
- (3) Contracting directly with a Resident Owned Business whose full-time, permanent workforce includes at least 30% PHA residents from other PHA properties;
- (4) Contracting directly with a Section 3 business concern that is 51% or more owned by Section 3 Residents and whose full-time, permanent work force includes persons, at least 30% of whom are PHA residents from other PHA properties;

- (5) Contracting directly with a Section 3 business concern whose full-time, permanent workforce includes persons, at least 30% of whom are PHA residents from other PHA properties;
- (6) Contracting directly with a Resident Owned Business whose full-time, permanent workforce includes persons, at least 30% of whom are Section 3 Residents;
- (7) Contracting directly with a Section 3 business concern owned by Section 3 Residents whose full-time, permanent workforce includes persons, at least 30% of whom are Section 3 Residents;
- (8) Contracting directly with other Section 3 business concerns whose full-time, permanent workforce includes persons, at least of 30% of whom are Section 3 Residents;
- (9) Contracting directly with a Resident Owned Business regardless of the number of Section 3 Residents employed;
- (10) Contracting directly with a Section 3 business concern which is majority owned by Section 3 Residents;
- (11) Subcontracting with Section 3 business concern that involves the PHA Pre-Apprentice or DOL Youthbuild Program;
- (12) Using a Section 3 business concern that meets Section 3 requirements as a subcontractor(s) dollar value for a minimum of 25%; or
- (13) Forming a Section 3 Joint Venture.

### **TIER III**

If the Contractor cannot comply with Tier I or II, it may provide other economic opportunities to train and employ Section 3 Residents or to contribute to a fund which provides other economic opportunities. The PHA has established the following minimum threshold requirements for contribution to the fund that provides other economic opportunities:

For trade, construction and rehabilitation work, the “value” of the other economic opportunity must equal or exceed 5% of the total contract amount plus any modifications;

For other types of contracts, including service contracts, the “value” of the other economic opportunity must equal or exceed 3% of the total contract amount plus any modifications.

**Refer to page 15 for additional details of Other Economic Opportunities**

## SECTION 3 COMPLIANCE REQUIREMENTS

### I. HIRING

#### A. Background

The Section 3 regulations provide that contractors and subcontractors demonstrate compliance by employing Section 3 Residents as 30% of the aggregate number of new hires.

New hires are defined as full-time employees hired for permanent, temporary, or seasonal employment. Building trades personnel are considered to be new hires at the start of each construction project.

A contractor is required to hire only when a new hire is needed to perform the work. If no new hires are needed, vendors must pursue other avenues of compliance as set forth in PHA's preference tier structure. Additionally, PHA also has an overall employment goal that 30% of all new hire hours be assigned to Section 3 residents. Contractors should give serious consideration to hiring Section 3 Residents for work on other than Section 3 Covered Projects.

The Section 3 Regulations, at 24 C.F.R Part 135, require that, in public housing programs, compliance efforts shall be directed to provide training and employment opportunities to Section 3 Residents in the following order of priority:

1. Residents of the development or developments where the covered assistance is expended.
2. Residents of other developments managed by PHA.
3. Participants in PHA's Preapprentice Program or DOL's Youthbuild Program in Philadelphia.
4. All other low- and very low-income persons within Philadelphia County.

In situations where a new hire is needed, a contractor will not be required to hire persons who are not qualified. If a new hire is needed and a Section 3 Resident is identified, that Section 3 Resident will be required to submit evidence of Section 3 status to PHA, contractor or subcontractor, through the use of **Form 6- Certification For Resident Seeking Section 3 Preference In Training and Employment.**

PHA requires a preference for hiring from the development where work is

being performed. However, PHA will not require a vendor to hire from the development at the work site if:

- a) A pre-identified list of Section 3 Residents from a job site contains no persons qualified to perform the work. Qualified residents from other developments shall then be considered.
- b) The contractor's workforce is adequate to do the job and no new hiring is needed.

## **B. Compliance**

As part of each bid or proposal submitted, the respondent must document their workforce by position and trade. Such information will be reviewed as part of all bid proposals, and then verified at the commencement of the contract or task order. PHA will conduct periodic quality assurance checks to verify continued compliance.

Contractors will be required to submit documentation in the form of FTE/Section 3 certified payroll form submitted monthly that clearly identify the Section 3 hires, hours, and positions.

Contractors must comply with the Section 3 requirement throughout the life of the contract. PHA will periodically audit this information and failure to comply with the monthly submittal of the FTE/Section 3 certified payroll form shall result in the delay of payment.

PHA residents regardless of their income are considered Section 3 Residents. Contractors employing PHA residents must retain documentation that demonstrates any PHA residents hired to meet Section 3 employment goals are:

- a) identified on the lease of the household; and
- b) able to provide to the contractor or subcontractor the client number for the household where PHA residency is claimed. This client number must appear on forms submitted by the vendor to verify a Section 3 hire.

If a Section 3 Resident is employed for less than the duration of the job commitment contractors must ensure that the overall economic opportunity thresholds are met, at the following amounts:

- a) 5% of the actual contract amount if a construction contract (3% for non-construction) is allocated toward economic development and opportunity, through direct employment, or

other qualifying commitments (**Refer to Page 15 for additional details of Other Economic Opportunities**).

Non-PHA households claiming Section 3 status must be prepared to submit evidence of income and residency in Philadelphia County at the time of hire. As part of the Section 3 compliance process, vendors will be required to document that employees hired meet the residency and income requirements through the use of the Resident Affidavit (Form 6).

## **II. CONTRACTING**

### **A. Background**

The Section 3 regulations, at 24 C.F.R Part 135, provide that the PHA, its contractors and subcontractors must demonstrate compliance by awarding contracts to Section 3 business concerns or to persons who contract with those firms.

PHA's contracting goals require that Section 3 firms receive at least:

- a) 10% of the total dollar amount of all Section 3 covered contracts for building trades work for maintenance, repair, modernization or development of public housing, or building trades work arising in connection with housing rehabilitation, housing construction and other public construction; or
- b) 3% of the total dollar amount of all other Section 3 covered contracts.

Goals apply to the entire amount of Section 3 covered assistance awarded to PHA in any calendar year, January 1<sup>st</sup> to December 31<sup>st</sup>. PHA's goals apply to the total dollar amount of each contract, task order, or purchase order.

PHA is required to ensure that contracts awarded to contractors that provide training or hiring do provide training, employment and contracting opportunities to Section 3 Residents and Section 3 Business Concerns.

Efforts shall be directed to award contracts to Section 3 business concerns in the Tiers discussed in the preceding pages.

All recipients of contracts must participate in an annual Section 3 training event held by PHA. This training event is to present compliance requirements by all contractors. A principal, officer, or Section 3 compliance officer must attend on the behalf of the contractor.

### **B. Compliance**

Business Concerns claiming Section 3 status based on ownership and workforce or only on workforce must meet that status at the time the bid or proposal is submitted to PHA, and shall be required to provide evidence of that status.

Anyone claiming to be a Section 3 Resident or business concern shall be required to provide evidence of that status.

A business concern need not hire Section 3 Residents to be considered a Section 3 business if:

- a) the business concern is 51% or more owned by a Section 3 Resident; or
- b) the business concern's workforce consists of sufficient numbers of Section 3 Residents to qualify the vendor as a Section 3 business (30% or more of the full time, permanent workforce consists of Section 3 Residents, or persons who were Section 3 Residents within 3 years of first employment); or
- c) the business concern subcontracts more than 25% of the contract amount to Section 3 business concerns.

After award of a contract, if a business concern must hire to maintain the Section 3 workforce percentage, new hiring efforts must be made in accordance with the PHA preference tier for hiring (shown previously in Tier I).

If a business concern claims Section 3 status by virtue of workforce composition, documentation of the 30% workforce requirement must be submitted to the PHA as part of the response to the bid, quote, or proposal. Further, the firm must maintain the Section 3 workforce percentage throughout the life of the contract. Workforce composition is subject to audit by PHA.

A business concern (including joint-ventures) seeking to qualify for a Section 3 preference shall certify and submit evidence that they are entitled to the applicable Section 3 preference and that they are a Section 3 business concern as defined in 24 C.F.R, Part 135. Prime or subcontractors must submit documentation (including work force composition data) as part of any bid, quote, or proposal submitted to the PHA. Additional documentation is required for joint-ventures.

Firms that claim Section 3 business status by subcontracting to other Section 3 businesses must require that the subcontractor(s) provide ownership or workforce documentation as applicable. The prime contractors must keep

such records on file and available for review by the PHA. Such documentation must also be submitted as part of any bid, quote or proposal.

Subcontractors identified by any prime contractor claiming Section 3 status must be a Section 3 business by ownership and/or workforce as defined in this policy. Subcontractors used by prime contractors to comply cannot claim Section 3 status by further subcontracting.

To meet Section 3 contracting goals, PHA is permitted to contract with an association of firms at least one of which meets the PHA's definition of a Section 3 Business Concern. Compliance requirements for joint-ventures are discussed below.

Joint-ventures are subject to the following documentation requirements:

1. The joint-venture agreement must be in writing and must be submitted as part of the response to any bid or proposal solicited by the PHA. In order for PHA to evaluate the "adequacy" and "capacity", the agreement must describe in sufficient detail the area(s) of work assigned to each member of the joint-venture.
2. The joint-venture agreement must reference a completed and fully executed joint venture certification, as provided by the PHA, which must also be attached to the joint venture agreement as an exhibit.
3. PHA requires that the Section 3 joint-venture partner is a bona-fide Section 3 business, therefore the joint-venture shall provide documentation that shows that the Section 3 partner meets the ownership and workforce, or workforce requirements established in this policy. Section 3 joint-venture partners cannot use subcontracting to establish their status as a Section 3 business concern.
4. Section 3 requires that the joint-venture partner be responsible for a clearly defined portion of the work. Proposals or bids must specify the labor hours assigned to and the compensation to be received by the Section 3 joint-venture firm.
5. Section 3 firms in the joint-venture must be qualified to perform the scope of work and have the capacity to complete the work assigned under the joint-venture agreement (see item b above).

### III. OTHER ECONOMIC OPPORTUNITIES IN LIEU OF TIERS I AND II

If a contractor cannot meet requirements of Tier I or II, it may provide other opportunities.

#### A. Contract Values

For contracts or purchase orders valued at \$100,000 or more, other economic opportunities may only be used where a vendor cannot comply with the hiring or subcontracting goals set forth in the Preference Tier structure. For contracts valued under \$100,000, other economic opportunities may be used at any time. For such contracts valued under \$100,000, firms may still comply by hiring or subcontracting but are not required to propose these options or provide the reasons why they cannot hire or contract to meet the Section 3 requirements.

#### B. Economic Opportunities:

1. **Internships** – the vendor may provide youth and/or adult internship or externship opportunities for PHA residents. The value of the internship or externship must equal or exceed the threshold requirements established in C. below.
2. **Part-Time Employment** - vendors may provide part-time work for PHA residents. The hours of part-time work when converted to dollars must equal or exceed the threshold requirements established in C. below.
3. **Training Related** – vendors may provide paid training opportunities for PHA residents (especially on-the-job training). Opportunities should fall under one or more of the following categories:
  - (a) Life skills/job-based skills - budgeting, resume writing, interview techniques, etc.;
  - (b) Employment skills – applied training such as forklift operation or truck driving training;
  - (c) Business development – entrepreneurship and small business training skills.
4. **Scholarships for PHA residents** -- the vendor may contribute to a PHA Resident Scholarship fund. The funds will be provided to schools, institutes, etc. via a third party to provide scholarships exclusively for PHA residents.

5. **Daycare/Transportation** to support PHA residents who are working or are in training or education programs -- the vendor may contribute to the daycare/transportation fund. The funds will be used to pay day care providers or provide SEPTA cards or stipends exclusively for PHA residents. The daycare/transportation fund will be administered by a third party service provider under a cooperative agreement with the PHA.
6. **Community-based contribution** – such as the “WorkReady Philadelphia” program.
7. **PHA Capital fund contribution** – contribution towards the PHA Capital fund.

**C. Threshold requirements for other economic opportunities:**

PHA has established the following minimum threshold requirements for use of other economic opportunities:

1. For trade, construction and rehabilitation work the “value” of the other economic opportunity must equal or exceed 5% of the total contract amount plus any modifications;
2. For other types of contracts, including service contracts, the “value” of the other economic opportunity must equal or exceed 3% of the total contract amount plus any modifications

**IV. BID OR PROPOSAL EVALUATION**

Vendors who fail to address Section 3 requirements may be deemed nonresponsive. To avoid being nonresponsive, the proposal or bid documents submitted to the PHA must include the Contractor’s Affidavit and Compliance Commitment, and all applicable attachments and supporting documentation, supporting claims of compliance by hiring, contracting, or other economic opportunities, in the proposal or bid documents submitted to the PHA.

A vendor who fails to address Section 3 requirements sufficiently may receive a written notice from the PHA specifying the defects in the Section 3 information. Vendors receiving such notice will be given no more than 5 business days to address the deficiencies and provide all required documents. Failure to respond within the 5 days will result in PHA declaring the bidder or respondent non-responsive. The contact or bid will then be awarded to the next lowest bidder or to the respondent with the next highest score. Where the selection is qualifications based procurement, PHA will award to the firm that is the next highest ranked.

Philadelphia Housing Authority  
Building Beyond Expectations

In evaluating proposals, PHA will give credit to firms that employ Section 3 Residents that are not new hires and that will be assigned to the Section 3 Covered Project for which the proposal is submitted.

## **APPENDIX A**

### **SUGGESTED EXAMPLES OF EFFORTS TOWARDS SECTION 3 COMPLIANCE**

Following are acceptable methods that, when documented, assist in compliance with Section 3:

1. Consulting with State and local agencies administering training programs, probation and parole agencies, unemployment compensation programs, community organizations and other officials or organizations to assist with recruiting Section 3 Residents for a contractor's or subcontractor's training and employment positions.
2. Advertising the jobs to be filled through the local media.
3. Employing a job coordinator, or contracting with a business concern that is licensed in the field of job placement (preferably a Section 3 Business Concern) that will undertake efforts to match eligible and qualified Section 3 Residents with the training and employment positions that he contractor intends to fill.
4. Establishing training programs, which are consistent with the requirements of the Department of Labor, for public housing residents and other Section 3 Residents in the building trades.
5. Advertising the training and employment positions by distributing flyers (which identify the positions to be filled, the qualifications required, and where to obtain additional information about the application process) to housing developments where category I or category 2 persons reside.
6. Entering into "first source" hiring agreements with organizations representing Section 3 Residents.
7. Contacting resident council, resident management corporations, or other resident organizations, where they exist, in the housing developments where low income persons reside, to request the assistance of those organizations in notifying residents of the training and employment positions to be filled.
8. Sponsoring a job information meeting to be conducted at a location in the housing developments where low income persons reside or in the neighborhood or service area of the Section 3 covered project.
9. Arranging assistance in conduction job interviews and completing job applications for residents of the housing developments where low income persons reside and in the neighborhood or service area in which a Section 3 project is located.
10. Arranging for a location in the housing developments where low income persons reside, or the neighborhood or service area of the project, where job applications may be delivered and collected or where job interview can be conducted.

11. Where there are more qualified Section 3 Residents than there are positions to be filled, maintaining a file of eligible qualified Section 3 Residents for future employment positions.
12. Undertaking continued job training efforts as may be necessary to ensure the continued employment of Section 3 Residents previously hired for employment opportunities.

**APPENDIX B**  
**EFFORTS TO AWARD CONTACTS TO SECTION 3 BUSINESS CONCERNS THAT**  
**DEMONSTRATE COMPLIANCE WITH THE “GREATEST EXTENT FEASIBLE”**  
**REQUIREMENTS OF SECTION 3**

1. In determining that responsibility of potential subcontractors, consider their record of Section 3 compliance as evidence by past actions and their current plans for the pending subcontract.
2. Contacting business assistance agencies, minority contractors’ associations and community organizations to inform them of contracting opportunities and request their assistance in identifying Section 3 businesses which may solicit bids or proposals for contracts for work in connection with Section 3 covered assistance.
3. Providing written notice to all known Section 3 Business Concerns of the contracting opportunities. This notice should be in sufficient time to allow the Section 3 Business Concerns to respond to the bid invitation or request for proposals.
4. Following up with Section 3 Business Concerns that have expired interest in the contracting opportunities by contacting them to provide additional information on the contracting opportunities.
5. Coordinating pre-bid meetings at which Section 3 Business Concerns could be informed of upcoming contracting and subcontracting opportunities.
6. Advising Section 3 Business Concerns as to where they may seek assistance to overcome limitations such as inability to obtain bonding, lines of credit, financing, or insurance.
7. Arranging solicitations, times for presentations of subcontract bids, quantities, specifications, and delivery schedules in ways to facilitate the participation of Section 3 Business Concerns.
8. Where appropriate, breaking out subcontract work items into economically feasible units to facilitate participation by Section 3 Business Concern.
9. Advertising subcontracting opportunities through trade association papers and newsletters, and through other local media, such as newspapers of general circulation.
10. Developing a list of eligible Section 3 Business Concerns.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

---

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

---

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is union or non-union.

#### Union Identifiers

An identifier enclosed in dotted lines beginning with characters other than "SU" denotes that the union classification and rate have found to be prevailing for that classification. Example: PLUM0198-005 07/01/2011. The first four letters, PLUM, indicate the international union and the four-digit number, 0198, that follows indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2011, following these characters is the effective date of the most current negotiated rate/collective bargaining agreement which would be July 1, 2011 in the above example.

Union prevailing wage rates will be updated to reflect any changes in the collective bargaining agreements governing the rates.

0000/9999: weighted union wage rates will be published annually each January.

#### Non-Union Identifiers

Classifications listed under an "SU" identifier were derived from survey data by computing average rates and are not union rates; however, the data used in computing these rates may include both union and non-union data. Example: SULA2004-007 5/13/2010. SU indicates the rates are not union majority rates, LA indicates the State of Louisiana; 2004 is the year of the survey; and 007 is an internal number used in producing the wage determination. A 1993 or later date, 5/13/2010, indicates the classifications and rates under that identifier were issued as a General Wage Determination on that date.

Survey wage rates will remain in effect and will not change until a new survey is conducted.

---

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter

\* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

-----  
The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is union or non-union.

Union Identifiers

An identifier enclosed in dotted lines beginning with characters other than "SU" denotes that the union classification and rate have found to be prevailing for that classification. Example: PLUM0198-005 07/01/2011. The first four letters, PLUM, indicate the international union and the four-digit number, 0198, that follows indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2011, following these characters is the effective date of the most current negotiated rate/collective bargaining agreement which would be July 1, 2011 in the above example.

Union prevailing wage rates will be updated to reflect any changes in the collective bargaining agreements governing the rates.

0000/9999: weighted union wage rates will be published annually each January.

## Non-Union Identifiers

Classifications listed under an "SU" identifier were derived from survey data by computing average rates and are not union rates; however, the data used in computing these rates may include both union and non-union data. Example: SULA2004-007 5/13/2010. SU indicates the rates are not union majority rates, LA indicates the State of Louisiana; 2004 is the year of the survey; and 007 is an internal number used in producing the wage determination. A 1993 or later date, 5/13/2010, indicates the classifications and rates under that identifier were issued as a General Wage Determination on that date.

Survey wage rates will remain in effect and will not change until a new survey is conducted.

### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
