

Greater Grays Ferry Estates

3001 W Moore Street, Philadelphia, PA 19145

Greater Grays Ferry Estates is a modern, low-rise development in South Philadelphia that enhances the surrounding neighborhood. It has a suburban feel to it with low-rise town homes that feature porches, front lawns, and back yards.

125 of the homes are privately owned while 357 are rentals. The development also has a three-story older adult building that has many of the same amenities as the town homes, as well as a older adult care center to meet all their medical needs and a state-of-the-art security system.
