

COVID-19 UPDATE

Now that Philadelphia has entered the “Yellow Phase” of Covid-19 re-opening, starting Monday, June 15, 2020, PHA will begin performing non-emergency routine work orders in PHA units.

PHA will be observing social distancing, using personal protective equipment (PPE) including masks, and will be following all OSHA and CDC guidelines.

If for any reason a PHA resident does not want the work order to be performed, the resident can deny access and the work order will be rescheduled.
