## I. INTRODUCTION

This Annual Plan provides information on activities planned by the Philadelphia Housing Authority (PHA) under the Moving To Work Demonstration Program (MTW) for PHA Fiscal Year 2027, i.e. the period from **April 1, 2026 to March 31, 2027**.

PHA has been an MTW agency since April 2001, operating under an MTW Agreement with the U.S. Department of Housing and Urban Development (HUD). The MTW Agreement, as amended, describes the authority and flexibility granted to PHA under the MTW program along with the requirements for participation. PHA's MTW Agreement with HUD currently extends through 2038.

MTW is a demonstration program authorized by Congress, through which PHA and other participating agencies have the flexibility to waive certain statutes and HUD regulations to design and test approaches for providing housing assistance that address one or more of the following statutory objectives:

- 1) Reduce cost and achieve greater cost effectiveness in Federal expenditures;
- 2) Give incentives to families with children whose heads of household are either working, seeking work, or are participating in job training, educational or other programs that assist in obtaining employment and becoming economically self-sufficient; and
- 3) Increase housing choices for low-income families.

The FY 2027 Annual Plan incorporates HUD's current reporting requirements as detailed in the HUD Form 50900, which was revised and updated in 2024. Over the course of PHA's participation in the MTW program, the Annual Plan elements have been restructured and modified as needed to comply with HUD's evolving program requirements.

### **MTW Long-Term Goals and Objectives**

PHA's long-term MTW strategy focuses on preserving and expanding the supply of affordable housing in Philadelphia through implementation of the ambitious, comprehensive "Opening Doors" asset repositioning and property acquisition plan. Current estimates for this multiyear project exceed \$6.8 billion. PHA continues to coordinate its preservation and expansion efforts with Mayor Cherrille Parker's Housing Opportunities Made Easy (H.O.M.E.) Plan to build, restore and preserve 30,000 homes.

Central to PHA's plan and strategy is the agency's ongoing commitment to both protecting resident rights and expanding resident economic opportunities. This strategy is consistent with the five (5) broad objectives PHA established in its first MTW Annual Plan:

- Reform the existing Housing Choice Voucher and Public Housing Programs to improve and increase the supply of quality affordable housing throughout the City of Philadelphia.

- Revitalize neighborhoods where MTW and MTW-eligible residents reside.
- Develop an MTW Family Program to furnish comprehensive family self-sufficiency services to eligible MTW families.
- Establish a Quality of Life Program to promote a living environment that fosters community values, encourages resident participation and positive peer group pressure, and reinforces the responsibilities of public housing residents, voucher participants, voucher landlords, and PHA to one another and to the broader community.
- Establish efficient operating procedures and implement cost-saving strategies.

As detailed in prior MTW Annual Plans and Annual Reports, enormous progress has been made in advancing each of these objectives. Since 2013, under the direction of President and Chief Executive Officer, Kelvin A. Jeremiah, PHA has continued and expanded the use of MTW flexibility in promoting PHA's long-term strategic objectives and responding to the affordable housing needs of Philadelphia.

The activities described in the FY 2027 Plan support PHA's efforts to affirmatively further fair housing, operate all housing and service programs in a non-discriminatory manner, and preserve and expand affordable housing. PHA and the City of Philadelphia first collaborated on the development of an Assessment of Fair Housing (AFH) Plan, which was accepted by HUD in February 2017. Subsequently, PHA worked with the City on an AFH update conducted in FY 2023. The AFH Plan calls for a balanced approach to fair housing planning that encompasses: preservation of existing affordable housing resources; development of new affordable housing throughout the City including in low poverty areas; investments in distressed areas to remove barriers and expand opportunities related to education, job creation and transportation; expansion of PHA's HCV Mobility program and other initiatives to support movement of voucher holders to high opportunity areas in Philadelphia and beyond the city boundaries; enhancements to ongoing fair housing outreach, education and enforcement efforts; implementation of an ongoing local and regional dialogue and planning on fair housing issues; and, ongoing efforts to ensure that all citizens have open and fair access to information on housing programs and services.

### **Short Term FY 2027 MTW Goals and Objectives**

PHA will continue and expand its multiyear, ongoing initiatives to substantially transform PHA properties and programs, and to support the revitalization of Philadelphia's neighborhoods, by leveraging MTW funding and utilizing flexibility provided by the MTW Agreement in virtually every area of agency operations including conversions of public housing to project-based assistance under the Rental Assistance Demonstration (RAD) program. PHA's primary goals include preserving and/or redeveloping its existing affordable housing portfolio through asset repositioning, including public housing and Low Income Housing Tax Credit (LIHTC) units; expanding the supply of new affordable housing units through acquisitions, new development, use of the Faircloth to RAD program, innovative partnerships and the use of all available financing tools; and, opening doors for PHA residents to enhanced services, educational and economic opportunities and affordable homeownership.

PHA will implement a coordinated, comprehensive program of capital improvements, housing and neighborhood development activities, property management initiatives, and resident economic development and supportive services in FY 2027. See also PHA's website at [www.pha.phila.gov](http://www.pha.phila.gov) for detailed information on PHA's many programs and initiatives, and [www.phaopeningdoors.com](http://www.phaopeningdoors.com) for information on the asset repositioning plan. As PHA's funding for the period is unknown as of the publication date of the MTW Annual Plan, the activities described may be modified based on actual funding levels.

### **Affordable Housing Preservation, Development and Expansion Highlights**

In FY 2027, PHA will utilize MTW funding and programmatic flexibility to accelerate and expand an ambitious development program designed to preserve and expand the supply of affordable housing in Philadelphia. PHA's approach incorporates three broad, interrelated strategies:

- ***Repositioning Public Housing*** – The majority of public housing units in Philadelphia are more than a half century old and many scattered site units were built more than a century ago. As such, the public housing portfolio requires substantial new investments or complete redevelopment in order to provide quality housing for current and future residents. Over the next several years - and building on the work completed since 2013 - PHA will continue to reposition the public housing portfolio to project-based assistance in order to secure the funding needed to preserve and/or redevelop aging housing sites, as well as to provide a more secure and stable funding platform that is capable of sustaining affordable housing over the long-term.
- ***Developing/Acquiring New Affordable Housing*** – Increasing the supply of affordable housing is of critical importance to the future of Philadelphia in light of rapidly increasing housing costs, neighborhood gentrification and other market factors that have created enormous housing cost burdens, increased evictions and exacerbated homelessness among low-income families and individuals. Utilizing MTW flexibility (including MTW Local Non Traditional tools), the Faircloth to RAD program and/or creative use of the financing tools discussed below, PHA is focused on expanding affordable housing production and acquiring existing multifamily properties wherever feasible as part of public housing redevelopment, neighborhood-wide transformation or other partner or PHA-sponsored projects.
- ***Expanding Long-Term Rental Assistance*** – Since 2013, PHA has significantly increased funding for long-term operating subsidies to newly developed or existing housing developments. Long-term rental assistance provided through the Unit Based Voucher program (see below) is a critically important component of PHA's efforts to preserve and expand affordable housing and reduce housing cost burdens for low-income renters.

In support of these interrelated strategies, PHA creatively utilizes MTW funding to leverage other funding and all available financing and programmatic tools including:

- ***HUD’s Rental Assistance Demonstration (RAD) Program*** - RAD is a significant component of PHA’s efforts to reposition public housing and convert it to Section 8 project-based assistance. Under RAD, the right of existing residents to return to newly constructed or rehabilitated housing is guaranteed and one-for-one replacement of all public housing units is required. The RAD program also incorporates two important features which PHA utilizes to expand the supply of affordable housing: 1) “Faircloth to RAD”, also referred to as “Restore-Rebuild”, through which PHA is able to tap into unused public housing Annual Contributions Contract (ACC) authority, develop new public housing units using that authority and then convert the public housing to project-based assistance; and 2) “Transfer of assistance” through which PHA is able to transfer subsidies from long-term, vacant and distressed public housing scattered site units to newly developed projects covered by project-based assistance contracts. As summarized in Tables 14 and 15, PHA has closed on 3,926 units under RAD through FY 2026, with an additional 6,915 in the active planning stages for FY 2027 and beyond.
- ***Low Income Housing Tax Credits (LIHTC)*** through the Pennsylvania Housing Finance Agency (PHFA) and other tax credit programs authorized by the federal or state government which support private investments to finance RAD and/or other development activities conducted by PHA and its development partners.
- ***Special Grant Programs*** such as HUD’s Choice Neighborhoods Planning and Implementation (CNI) grants which provide funding to support the transformation of public housing developments into newly revitalized mixed-income communities with supportive services and neighborhood amenities. To date, PHA has received a total of three (3) CNI Implementation grants (Sharswood, Norris, Bartram Village) and three (3) CNI Planning grants (Sharswood, Bartram Village, Harrison Plaza).
- ***PHA’s Unit Based Leasing and Development (UBV) Program***, which provides long-term operating funding for 5,880 project-based units, with an additional 5,015 expected to be added to the UBV portfolio in FY 2027. UBV funding ensures that rents are affordable for low-income families by capping tenants rent at 30% or less of adjusted household income. The UBV program subsidizes the difference between tenant rents and actual rental costs, which provides a stable and reliable source of funding to building owners. Many UBV developments are owned by mission-driven, neighborhood-based and other organizations that focus on special needs populations and provide on-site or nearby supportive services to tenants.
- ***Tax Exempt Revenue Bonds*** issued by PHA support long term project financing for development, rehabilitation and acquisition projects.
- ***Tenant Protection Vouchers*** provide replacement housing vouchers that can be project-based in connection with HUD Section 18 dispositions of public housing.

Subject to approval by the PHA Board of Commissioners, PHA selects projects for the RAD and UBV programs through competitive procurements and plans to issue additional Requests for Proposals and select additional developer proposals in FY 2027 and subsequent years.

Summary highlights of PHA’s planned affordable housing preservation and development initiatives are included below. Note that unit counts, financing sources and development timetables are subject to change based on planning activities, interest rates, funding availability, regulatory agency approvals and other factors. Therefore, there may be variances from year to year in the information provided in the Annual Plan.

Site/Program	Description	FY 2027 Planned Activity
Sharswood/ Blumberg	<p>The Choice Neighborhoods Transformation Plan for Sharswood/Blumberg is the largest mixed-income, mixed-use redevelopment project underway in the City of Philadelphia. Funded in part by a \$30 million HUD grant, the original Plan calls for development of over 1,200 units of mixed-income housing, including affordable rentals and homeownership units. Subsequently, PHA has expanded the scope of the project to include a total of 1,216 rental units and 264 homeownership units with an estimated total budget of ~\$600 million. As of October 2025, 1,005 rental units have been completed. The remaining 211 rental units are in the design phase, with a projected FY 2027-28 construction start date. With respect to homeownership units, 137 have been completed of which 133 are sold (or under contract); 27 are currently under construction and projected to be substantially complete by the end of FY 2026; and, an additional 100 units are in the planning stages. Complementing this housing activity, construction and occupancy of the new PHA Headquarters Building was completed in January 2019, and PHA launched a new Youth and Family Center on the ground floor in October 2022. A new fresh food supermarket and mixed-used retail center opened in FY 2024 adjacent to PHA Headquarters. Also, the nearby Vaux Community Building was substantially rehabilitated and is now the site of PHA’s Workforce Center, a Section 3 Resource Center, a neighborhood high school, a CVS training facility, resident business incubator and other community services. In tandem with other activities, PHA is currently planning a neighborhood “Peace Park”. A new PHA Logistics Center in the target area is currently under construction and projected to be completed in FY 2026.</p>	<p>PHA projects that the final rental phases at Ridge Avenue and Cecil B. Moore consisting of 211 units will be under construction in FY 2027-28. An additional 100 homeownership units are projected to be under construction and completed in FY 2027.</p> <p>PHA will also continue to support after school and supportive service programming for low-income youth attending the Big Picture Philadelphia High School located in the Vaux Community Building. Additional rehab activity will take place at Vaux.</p>
Fairhill Apartments	<p>Fairhill Apartments is a distressed 264-unit public housing development. Phase I and II of PHA's ~\$232 million master plan for the site involves demolishing and replacing all low-rise units with 65 new-construction townhomes; rehabilitating both towers into senior preference housing; building a new public street to reconnect the site to the surrounding neighborhood; and, creating two community spaces including rehab of the 30,000 sq.ft. Hartranft Community Center. Phase III includes an off-site phase for which PHA has acquired vacant parcels on the surrounding blocks to build 84 additional new construction townhomes, including 10</p>	<p>PHA projects that Phases I and II will be under construction throughout FY 2027.</p>

	affordable homeownership units. As of October 2025, all residents have been relocated and demolition has been completed. Financial closings and construction starts are projected by the end of FY 2026 for both Phases I and II. PHA was awarded 4% LIHTC by PHFA for Phases I and II. For Phase III, PHA may resubmit for a 9% LIHTC or proceed with a 4% application. Design work has commenced for the rental and homeownership components. Rehab of the Hartranft Community Center rehab has been completed and the Center is now fully operational.	
West Park Apartments	PHA is undertaking the complete redevelopment of the 11+ acre, 327-unit West Park Apartments public housing development into a mixed-income, mixed use neighborhood of choice. PHA's Board approved the selection of development partners LMXD and MSquared and the overall ~\$500 million plan to develop 1,000 housing units, including renovation of three existing tower buildings and development of ground floor commercial spaces. Extensive site reconfiguration and infrastructure improvements will be done. Phase I consisting of 327 units is scheduled to close and start construction in late FY 2026. PHFA awarded 9% and two 4% LIHTC allocations for Phase I. PHA plans to issue Phase I tax exempt bonds in FY 2026. In addition, PHFA made a 9% LIHTC award for Phase II.	Phase I construction is projected to be underway throughout FY 2027. PHA may reapply for a CNI implementation grant for West Park. The development team will continue to plan for redevelopment financing and future design phases.
Bartram Village	PHA is working with the community and development partners to implement a ~\$336 million Choice Neighborhoods Transformation Plan for Bartram Village that will replace the existing 500 distressed units with approximately 688 mixed-income rental and affordable homeownership units on and off-site. Replacement housing will be included in all rental phases including approximately 80 scattered site PHA-owned units that will be rehabilitated and converted to Project Based Voucher assistance. A series of targeted neighborhood improvements, economic development and resident supportive services will be implemented in tandem with the housing development program. In FY 2024, HUD awarded a \$50 million Choice Neighborhoods Implementation to the project, and PHFA awarded a 9% LIHTC for offsite Phase I. Phase I closed in FY 2026, and construction is projected to commence by the end of FY 2026. Rehab work has been completed for the scattered site replacement units.	Phase I construction is underway and will continue throughout FY 2027. Phases II-V contracts have been awarded and are currently in design. PHA anticipates submitting LIHTC application(s) for Phase II in late FY 2027.
Harrison Plaza	HUD awarded PHA a \$500,000 Choice Neighborhoods Planning Grant in FY 2024 to support development of a comprehensive Transformation Plan for Harrison Plaza and the surrounding Yorktown neighborhood. PHA has selected a development partner and, in FY 2026, submitted a draft Transformation Plan to HUD. The overall plan has an estimated ~\$263 million budget and will build on and complement the successful redevelopment of the existing Harrison Plaza tower	PHA will continue the planning process for redevelopment of Harrison Plaza and the surrounding Yorktown neighborhood and expects to receive HUD approval for the Transformation Plan. PHA may apply for a CNI Implementation grant for Harrison Plaza. PHA anticipates finalizing the Phase I financing plan and

	which was converted to PBV under the RAD program and has been fully reoccupied.	applying for an LIHTC award in FY 2027.
Brith Sholom	PHA acquired this foreclosed senior building in FY 2025. Planning is underway for a complete rehab of 336 units with an estimated \$120 million budget. PHA plans to apply for a 4% LIHTC allocation in FY 2027. Design documents are complete and construction documents are under development.	PHA plans to submit a 4% LIHTC application to PHFA and begin construction in FY 2027.
Rental Assistance Demonstration (RAD)	Through RAD, PHA is able to convert public housing assistance to project-based assistance and to expand assistance through Faircloth to RAD. Conversion of public housing to Project Based Voucher assistance through RAD or Section 18 are critical components of PHA's Opening Doors asset repositioning initiative. Overall, PHA projects that 3,926 units at existing public housing sites, new transfer of assistance and Faircloth to RAD sites will have closed under the RAD program by the end of FY 2026 ( <i>Table 15</i> ).	PHA plans to undertake RAD conversion of an estimated 6,915 additional public housing units in FY 2027 and future years ( <i>Table 14</i> ).
Acquisitions	Expanding the supply of affordable housing by 7,000 units is a key component of the Opening Doors initiative. PHA will continue to pursue opportunities to preserve and expand affordable housing citywide through acquisition of existing multifamily sites and vacant land utilizing MTW flexibility (including Local Non-Traditional tools), Faircloth to RAD, PBV and/or other available methods.	PHA Plans to continue to acquire multifamily properties and vacant land in FY 2027 and future years. ( <i>See discussion in MTW Activity 2025-3</i> ).
Public Housing Development	Working with partners, PHA continues to support the development of new public housing units as part of the Opening Doors Initiative. Most or all of these newly developed units will convert to project-based assistance through Faircloth to RAD at the time of completion or later.	PHA will continue to collaborate with partners to develop 20 new public housing developments with a total of 1,460 units ( <i>Table 1</i> ).
Unit Based Vouchers (UBV)	The UBV program provides long-term, project-based rental assistance for low-income households. UBV developments include both new and existing buildings, and many serve special needs populations and provide supportive services.	PHA plans to enter into UBV contracts for an additional 5,015 units in FY 2027, which includes planned RAD conversions and other development initiatives ( <i>Table 3</i> ). On an ongoing basis, PHA plans to provide UBV subsidies to approximately 5,880 affordable housing units ( <i>Table 4</i> ). In addition to utilizing MTW funding, PHA incorporates MTW flexibility in admissions, continued occupancy and other areas.
Scattered Sites	PHA's asset repositioning strategy includes the conversion of approximately 3,700 scattered site public housing units to the PBV program in tandem with performing unit repairs and upgrades to improve conditions and ensure long-term viability. The first phase involves approximately 1,200 units in AMPS 901, 902 and 903. PHA requested and received HUD approval for a Section 18 disposition for these AMPS. Section 18	Subject to HUD approval of the Section 18 disposition request for AMPS 905-907, PHA will proceed to convert those units to PBV. Further, subject to PHA Board approval, PHA plans to request HUD approval for a Section 18 disposition, RAD conversion

Site/Program	Description	FY 2027 Planned Activity
	disposition applications for AMPS 905, 906 and 907 were submitted in FY 2026 and are pending HUD approval. As of October 2025, PHA has begun the conversion of AMPS 901 and 903, utilizing HUD Tenant Protection Vouchers (TPV) and a small number of tenant-based vouchers. Subject to HUD’s award of additional TPVs for AMP 902, PHA plans to convert AMP 902 by the end of FY 2026.	and/or RAD/Section 18 blend for additional scattered site AMPS which may include some or all of AMPS 904 and 908-910.

### Other MTW Highlights for FY 2027

- **Workforce Development, Youth Development & Other Supportive Services** – In FY 2027, PHA will partner with the William Penn Foundation to provide services and support to Public Housing families who are at risk of eviction. Services, which include financial coaching, will be targeted to families with young children, under the age of 8, who are at risk of lease enforcement and eviction.

PHA will continue to provide services to support the full range of families’ needs, from early childhood development to supportive services for the elderly. PHA will work directly with residents through the Resident Programs and Partnerships (RPP) Department and their Workforce Center, Section 3 Resource Center and Job Bank, and the Youth and Family Center, a drop-in center offering a weekly schedule of partner programs and events. PHA will continue to collaborate with long-term partners, including the William Penn Foundation and Temple University, and leverage MTW funding flexibility to expand the programming and support available to PHA families. A summary of PHA’s MTW and Non-MTW funded resident services programs is included in the Annual Plan (*Table 11*).

- **Sponsor-Based Shared Housing Pilot** – In FY 2027, PHA will continue providing housing opportunities for homeless individuals and other hard to serve special populations, building on and enhancing the ongoing collaboration between the City and PHA to reduce homelessness through the “Blueprint to End Homelessness” initiative. PHA will also offer housing options to eligible low-income students in partnership with the Community College of Philadelphia (CCP). In total, PHA anticipates that this pilot program will provide 41 housing opportunities, which includes 35 units made available through the partnership with the City and six (6) units through the CCP partnership.
- **HCV Mobility Program** – The overall goal of PHA’s Mobility Program is to encourage voucher holders to find housing and jobs in areas that provide higher economic, educational, and social mobility opportunities both within and outside of the City of Philadelphia. Due to the program’s success, PHA will use MTW funding to continue and expand the pilot program. Mobility Counselors will continue to provide a broad range of supportive services and housing counseling to voucher-holders and conduct landlord outreach in order to promote the successful transition of families to higher opportunity areas.
- **Homeownership** – Through the MTW Opening Doors to Affordable Homeownership Program (ODAHP), PHA consolidates the existing Section 5h and HCV Homeownership programs with

new homeownership initiatives that provide additional financing support for first-time homeowners. Soft-second mortgage and down payment assistance will be offered to eligible participants, in addition to homeownership counseling and support. Overall, PHA projects that 50 low-income households will become first time homebuyers in FY 2027.

- ***Second Chance Initiative*** – PHA expanded the Second Chance program in FY 2024, making 20 additional vouchers available to formerly incarcerated returning citizens that are active participants in good standing with the Eastern District Federal Court Supervision to Aid Reentry (STAR) Program. PHA anticipates serving up to 30 returning citizens, who will receive housing assistance and supportive services through the program in FY 2027. PHA will also continue to provide for extensions to the two-year program term for STAR participants.
- ***Partnership with Civic Coalition to Save Lives*** - PHA will continue its partnership with the Civic Coalition to Save Lives to provide housing stability to victims of, and those at risk of, gun violence. PHA will provide up to 30 housing opportunities for qualified participants referred by the Coalition. PHA will provide a limited local preference for applicants who are victims of, or at risk of, gun violence and their families as well as individuals who have lost their homes or were displaced due to gun violence. The Coalition, or their designee, will refer qualified applicants to PHA. PHA and/or partnering service providers will provide supportive services to families housed under this initiative, including counseling, trauma-informed care, legal assistance, among other supports.
- ***Family Self-Sufficiency*** – Through the local MTW FSS program, PHA encourages broader participation in FSS through a revised escrow model, in which monthly escrow credits are determined by earned income, rather than the change in their Total Tenant Payment (TTP). To incentivize completion of interim goals, PHA will provide financial incentives for participants who meet interim goals related to education and job training. PHA also will provide financial incentives to graduating families to encourage homeownership and transition to self-sufficiency. In FY 2027, PHA anticipates increasing overall participation, adding 100 new families to the MTW FSS program, bringing the total number of families served to 700.
- ***Rent Simplification and Program Streamlining Initiatives*** – To simplify program administration and provide incentives for economic self-sufficiency, PHA will continue to implement previously approved MTW policies related to recertification and rent calculation. As described in Activity 2004-03, the regulations waived by the MTW Agreement and subsequently amended by the Housing Opportunities through Modernization Act (HOTMA) will continue to be waived where permitted by the relevant provisions of the MTW agreement. These include waivers that permit PHA to implement MTW policies for required interim reporting, verification, calculation of income and rent, and the application of payment standards. In FY 2025, PHA also implemented Activity 2025-01 to permit pre-inspections and to inspect certain units in the tenant-based and project-based programs once every three years. PHA will continue to look for opportunities to streamline program administration and provide incentives for economic self-sufficiency.

PHA will periodically review and revise ongoing initiatives as needed in response to current conditions and priorities and to take advantage of new/emerging opportunities.

## **Background on the MTW Annual Plan**

As part of each year's MTW planning process, PHA provides opportunities for residents, PHA staff and the broader community to review the proposed goals, objectives and activities, and to offer feedback. PHA conducted a Resident Roundtable meeting with resident leadership to discuss its contents and provide opportunities for resident input. PHA posted the draft Plan on its website and provided a thirty-day public comment period to allow for resident and general public review. PHA also conducted a public hearing and obtained Board of Commissioners approval prior to submission of the Plan to HUD. See Section VI and Appendix A for additional information.

## II. GENERAL OPERATING INFORMATION

### A. Housing Stock Information

#### i. Planned New Public Housing Units

PHA plans to add ~~1,460~~1,957 units at ~~20~~29 developments to its public housing inventory in FY 2027 as summarized in Table 1. PHA competitively selected the listed developments through a Request for Proposals (RFP) under PHA’s Unit Based Development and Leasing (UBV) program. All planned public housing developments will be undertaken by third party developer partners. The actual number of new public housing units and bedroom size mix may vary depending on several factors including changes to financing plans and construction schedules, receipt of Low-Income Housing Tax Credits, HUD and City of Philadelphia processing timetables and other factors. PHA will continue to comply with all applicable environmental requirements and coordinate environmental review activities with the HUD Field Office and/or City of Philadelphia for these developments. PHA plans to issue a new Request for Proposals (RFP) during FY 2027 and may select additional developments for receipt of public housing Annual Contributions Contract(s) as a result of that or prior RFP(s), subject to approval of the PHA Board of Commissioners. Due to changes in development plans and schedules, planned developments shown in Table 1 may also appear in prior or subsequent Annual Plans.

Prior to occupancy, the majority or all of the Table 1 developments will be converted to Project Based Voucher (PBV) assistance pursuant to the Rental Assistance Demonstration (RAD) “transfer of assistance” or “Faircloth to RAD” provisions and, thus, may also be listed in Tables 14 or 15. In addition to the new public housing units detailed on Table 1, PHA and/or its development partners plan to develop other public housing units to be converted to Project Based Voucher assistance through the “Faircloth to RAD” initiative over the course of FY 2027. Further information on PHA’s planned Faircloth to RAD activities is included in the Rental Assistance Demonstration discussion below.

<b>Total Public Housing Units to be Added in FY 2027</b>							<b><u>1,957</u></b> <b><u>1,460</u></b>			

\*AMP numbers have not yet been assigned.

\*\*Refers to total public housing units. Actual total unit count and bedroom size mix may vary and include other types of units including, but not limited to, market rate, LIHTC only, and Project Based Vouchers.

ii. *Planned Public Housing Units to Be Removed*

In FY 2027, PHA plans to demolish and/or dispose of a projected 9,507 units as summarized in Table 2. The planned demolition and disposition initiatives are related to PHA’s revitalization program, ongoing portfolio assessment and repositioning efforts including conversion of public housing units to project-based assistance under the RAD program, Section 18, or RAD/Section 18 blend methods. Table 2 does not include new public housing units shown in Table 1 that will be converted to project-based assistance through Faircloth to RAD or RAD transfer of assistance unless HUD has assigned a PIC AMP number. While Table 2 provides an estimate of the number

of units to be removed from the public housing inventory during the Plan Year, the actual number is likely to vary depending on timetables for HUD and City of Philadelphia approvals, project financing, RAD closings and other factors. Due to variances in development schedules and changes in development priorities, units listed in Table 2 may include units listed in prior year Annual Plans for which demolition and/or disposition has not yet occurred.

PHA has received approval from HUD to dispose of 1800 S. 32<sup>nd</sup> Street, an administrative building property that is in excess of its needs due to the construction of the Agency's consolidated headquarters. PHA may proceed with the disposition of this property in FY 2027.

Also in FY 2027, PHA may submit applications to HUD for demolition and/or disposition of an additional administrative building:

- 3100 Penrose Ferry Rd

PHA may sell or lease the administrative properties based on an assessment of which option will generate the greatest benefit to PHA. PHA may sell these properties at fair market value or at less than fair market value if the future use of the property will be affordable housing. PHA believes that the dispositions are in the best interest of PHA, its residents, and the City of Philadelphia. Finally, PHA intends to submit a disposition application to transfer property in North Philadelphia (primarily in PA2-905) to various nonprofits, land trusts and other entities for the development and preservation of affordable housing. PHA will also submit demolition applications for properties in North Philadelphia (PA2-907) for development activities in the area of PHA's Fairhill development and for properties in Sharswood (PA2-910) in connection with redevelopment efforts in the Sharswood neighborhood.

*iii. Planned New Project-Based Vouchers*

PHA provides project-based voucher subsidies to non-profit sponsors and other private property

owners through its UBV Program. Table 3 provides details on new UBV developments that PHA plans to commit to subsidize with vouchers during the Plan Year. This includes RAD conversion developments that PHA projects to be newly placed under commitment or contract in FY 2027. Overall, PHA projects that 5,015 additional units will be placed under commitment or contract in FY 2027. PHA may issue a new Request for Proposals (RFP) during FY 2027 and may select additional developments for receipt of unit-based vouchers as a result of that or prior RFP(s), subject to approval of the PHA Board of Commissioners. Actual contract/leasing figures may vary based on multiple factors, including contract terminations or suspensions, new and additional projects approved by the PHA Board during the Plan year, HUD RAD processing timetables and other considerations. Due to changes in development plans and schedules, planned developments shown in Table 3 may also appear in prior or subsequent Annual Plans.

iv. *Planned Existing Project Based Vouchers*

In addition to planned new project-based vouchers, PHA will continue to provide operating support for a large portfolio of existing units under contract in the UBV Program. Table 4 provides details on those UBV developments that are currently committed and/or under contract, and that PHA projects will be under contract throughout FY 2027. As noted, there are 5,880 units in this category. Actual figures may vary depending on several factors including contract terminations, unit additions and subtractions.

v. *Planned Other Changes to MTW Housing Stock Anticipated During the Plan Year*

In FY 2027, PHA’s development initiatives will continue to be guided by development principles and the Opening Doors asset repositioning and expansion strategy approved by the PHA Board. The development principles provide the framework for future development activities undertaken with public and private partners; clarifies the selection and review processes; and provides guidance on PHA’s commitment to Section 3 jobs, sustainable development, defensible space principles, and other important issues. In light of funding constraints, PHA’s policy also emphasizes the importance of achieving maximum leverage with limited public funds.

PHA’s development efforts also support the City’s H.O.M.E. Program and the the goals established in the Assessment of Fair Housing Plan jointly issued by the City and PHA and accepted by HUD in February 2017. These goals emphasize the importance of a balanced approach to fair housing including preservation of existing housing, development of new affordable rental and homeownership housing, investments to improve the quality of life in distressed neighborhoods, and mobility initiatives to support housing in high opportunity areas. PHA collaborated with the City in FY 2023 to update the analysis and goals included in the Assessment of Fair Housing Plan.

Working in collaboration with the City of Philadelphia, PHA will continue to further the shared goal of creating significant new affordable housing opportunities citywide. Table 5 provides a summary of other housing and neighborhood revitalization activities currently planned by PHA that are not specifically referenced elsewhere in this Plan, including initiatives in support of the City of Philadelphia’s affordable rental and homeownership goals. Additional initiatives may be added during the Plan year, subject to Board approval and any applicable HUD approvals, which may include acquisitions, housing and/or commercial development and other activities in support of the Opening Doors initiative. In addition, Appendix C includes PHA’s Asset Management Table, which is periodically updated to provide an overview of planned or potential development, disposition, refinancing, conversion and/or homeownership activities at PHA sites.

**Table 5: Planned Other Changes to MTW Housing Stock Anticipated in the Plan Year**

Site	Description of Project
International Market	PHA will develop part of the Sharswood North Lot with the goal of constructing a retail/commercial facility to expand amenities and services to the neighborhood. PHA anticipates commencing construction in FY 2027.
Brooklyn Heights	PHA will continue to pursue the acquisition (PRA) of land in the Mill Creek neighborhood and is working to address complex title issues in order to develop approximately 32 units on the property.
Acquisition/ Redevelopment	PHA will continue to pursue opportunities to preserve and expand affordable housing citywide through acquisition of existing multifamily sites and vacant land utilizing MTW flexibility, Faircloth to RAD, PBV and/or other available methods. As part of this effort, PHA will continue to work to develop or acquire housing developments in the Strawberry Mansion neighborhood, including acquisition of publicly and privately owned parcels in the neighborhood. A new 85-unit development, including 55 rental and 30 homeownership units, is planned for 28 <sup>th</sup> and York. In addition, the Gordon II development consisting of ~57 rental units is planned.
2012 Chestnut Street	PHA plans to develop 121 mixed-income rental units and commercial space at the former PHA headquarters site. Following receipt of HUD approval, PHA demolished the building to make way for construction. PHA anticipates commencing construction in FY 2027.

Site	Description of Project
Vacant Lot Disposition	PHA owns vacant lot parcels across the City. PHA plans to dispose of some of the properties for fair market value to the Land Bank, to a PHA affiliate or alternate means. In partnership with various City Councilmembers and nonprofit affordable housing developers throughout the City, PHA will continue planning and preparations to develop 240 vacant lots and shells into long-term affordable housing with a twenty-year restrictive covenant.
Various Sites - To be determined	PHA continues to actively pursue opportunities to expand affordable housing by utilizing HUD's Faircloth to RAD conversion program. Under this initiative, PHA may enter into partnerships and/or directly develop new public housing that will be converted to PBV assistance upon completion.
Walton School	PHA, in partnership with HELP USA, plans to rehabilitate this former school building into approximately 48 rental units for seniors. The project was awarded a 9% LIHTC by PHFA in the current fiscal year. Construction is projected to commence in FY 2027.
Brewerytown Homeownership Initiative	In 2022, PHA selected four community-based development partners to renovate vacant and distressed scattered sites units in the Brewerytown neighborhood of North Philadelphia. All homes are planned to be sold to eligible low-income families. Families participating in the PHA's Opening Doors to Affordable Homeownership are prioritized for these homeownership opportunities.
West Philadelphia Homeownership Initiative	PHA issued a Request for Proposals to develop affordable homeownership units on scattered sites that were part of a RAD conversion in West Philadelphia.
City Wide Homeownership Initiative	PHA may issue a Request for Proposals to develop affordable homeownership units on scattered sites that were part of a RAD conversion or within its existing portfolio in various sections of Philadelphia.
Ridge Avenue Mixed Use	PHA intends to work with development partners to construct mixed-use buildings on vacant lots/buildings along the 2100 – 2300 blocks of Ridge Avenue.
AME Public Housing Sites	PHA will continue to work with project owner/sponsors of additional AME public housing sites to explore the feasibility of converting from public housing to project-based assistance through the RAD program to ensure long-term preservation of affordable housing units. As part of these efforts, PHA is exploring the feasibility of buying out the limited partners at one or more AME sites including Spring Gardens I and II.
Philadelphia Nursing Home	2100 W Girard Ave in the Fairmount area of Philadelphia is the site of the Philadelphia Nursing Home, which closed its doors in 2022. PHA is proposing to acquire the site from the Commonwealth of Pennsylvania for a multi-use development that will include a hospice facility, assisted living units, and independent living apartments as well as newly constructed townhome-style multifamily units.

*vi. General Description of All Planned Capital Expenditures During the Plan Year*

PHA's capital planning and development strategies are designed to support, rehabilitate, and modernize existing PHA sites and to revitalize neighborhoods throughout the City. Coordination with the City of Philadelphia's neighborhood revitalization efforts continues to be a priority for PHA. PHA works to leverage its limited PHA resources with other resources such as Low Income Housing Tax Credits, private equity, and state and local funding sources. Utilization of MTW funding and programmatic flexibility remains a critical element in PHA's modernization and development efforts.

PHA has prepared a Five-Year Capital and Development Plan and maintains updated physical needs assessments for all PHA developments. Capital needs continue to dramatically exceed available funding.

Table 6 provides information on PHA’s planned capital and development projects for which expenditures may be made during FY 2027. It includes projects funded from MTW funds and other sources. PHA is required to submit this Annual Plan in advance of receipt of federal funding information for the fiscal year. In light of the uncertainty of future funding, the information on Table 6 is preliminary and subject to change based on actual funding and other factors. Actual obligations and expenditures may vary based on factors such as construction schedules, timing of HUD and local approvals, availability of leveraged funding and new and emerging repair needs. Note that capital projects are often implemented over multiple years and may involve multiple funding sources.

## B. Leasing Information

PHA’s Public Housing inventory includes units for families, seniors, and people with disabilities located at conventional and scattered site properties. It also includes properties managed by Alternatively Managed Entities (AMEs) and the Philadelphia Asset and Property Management Corporation (PAPMC). Some units in the inventory are not currently available for occupancy including units that: (i) have been approved for demolition or disposition, but the demolition or disposition has not yet taken place; (ii) have been scheduled for significant levels of modernization; (iii) are utilized for administrative or resident services purposes; or (iv) are eligible for other HUD-authorized exclusions. While PHA continues to work with partners to develop new public housing units, the overall size of the public housing inventory continues to decline (and the HCV inventory continues to increase) as units are converted to project-based assistance under RAD including through the Faircloth to RAD initiative.

The Housing Choice Voucher program inventory varies from year to year and includes MTW tenant-based vouchers as well as vouchers authorized by HUD for special purposes such as Veterans Affairs Supportive Housing, Family Unification, SRO Moderate Rehab, Mainstream, and Foster Youth Independence programs. PHA utilizes vouchers to support the Unit Based Voucher program, through which PHA provides long-term subsidy contracts with non-profit and other sponsors. Periodically, HUD issues Enhanced Vouchers and Tenant Protection Vouchers (TPV) for PHA to administer. As allowed by the MTW Agreement, PHA incorporates Enhanced and Tenant Protection Vouchers into the MTW program when eligible.

### *i. Planned Number of Households Served*

Table 7 provides information on households that PHA plans to serve during FY 2027. This includes all households residing in PHA public housing units, households participating in the HCV program, and households served by PHA’s local, non-traditional activities. The actual number of households served may vary from that listed on the tables. The conversion of public housing to project-based assistance under RAD began in FY 2017 and will continue in FY 2027 and beyond. RAD vouchers are included in the total Housing Choice Vouchers (HCV) Utilized shown in Table 7. The number of public housing and HCV families served may be affected by the RAD conversion schedule, new public housing unit development schedules, redevelopment activities and other factors.

**Table 7: Planned Number of Households Served in FY 2027**

<b>Planned Number of Households Served Through:</b>	<b>Planned Number of Unit Months Occupied/Leased</b>	<b>Planned Number of Households to be Served*</b>
Public Housing Units Leased	99,528	8,294
Housing Choice Vouchers (HCV) Utilized**	297,948	24,829
Local, Non-Traditional: Tenant-Based	0	0
Local, Non-Traditional: Property-Based	492	41
Local, Non-Traditional: Homeownership	0	0
<b>Planned Total Households Served</b>	<b>397,968</b>	<b>33,164</b>

\* Actual number of households served through Public Housing and the HCV program may vary based on planned dispositions (outlined in Appendix D) and RAD conversions (outlined in Tables 14 and 15), including the planned conversion of Public Housing scattered site units in AMPs 901-903 and 905-907.

\*\* Includes all vouchers in PHA's portfolio, including RAD and SPV programs.

**Table 7A: MTW Local, Non-Traditional Programs**

<b>Local, Non-Traditional Category</b>	<b>MTW Activity Name/Number</b>	<b>Planned Number of Unit Months Occupied/Leased</b>	<b>Planned Number of Households to be Served</b>
Tenant-Based	N/A	0	0
Property-Based	Shared Housing/MTW 2020-2*	492	41
Homeownership	N/A	0	0

\*Planned number of units and unit months are preliminary estimates for MTW Activity 2020-2 and assumes 41 units will be leased for the year.

ii. *Discussion of Any Anticipated Issues/Possible Solutions Related to Leasing*

<b>Housing Program</b>	<b>Description of Anticipated Leasing Issues and Possible Solutions</b>
Housing Choice Voucher (HCV)	<p>Leasing of HCV units in opportunity areas continues to be a high priority. PHA implemented the Housing Opportunity Program (HOP) in August 2013 to enhance its mobility initiatives. Mobility program staff will continue to conduct outreach and marketing and to provide voucher holders with housing counseling and training before, during, and after moves.</p> <p>PHA has established a target utilization of 88% for MTW vouchers for FY 2027. To support this goal, PHA will continue to provide landlord incentives to increase the supply of units available for leasing including: 1) Housing Opportunity Program (HOP) area signing bonus for owners who submit a RFTA and lease a new unit in an opportunity area (must have poverty rate of &lt;20% and meet other criteria related to jobs, educational and other opportunities); and 2) payments of up to \$2,500 for HCV owners to cover vacancy turnaround expenses above and beyond normal wear and tear and not covered by the security deposit.</p>
Public Housing	<p>In order to achieve and maintain 96% in FY 2027, PHA will undertake several initiatives to identify and reduce barriers and delays to filling vacant units. PHA will continue an assessment of the vacancy tracking and applicant referral process in order to eliminate inefficiencies related to this process. PHA will also continue to implement Activity #2005-2 Streamlined Admissions and Transfer Process to reduce turnover in the Public Housing program.</p>

## C. Waiting List Information

PHA administers waiting lists in accordance with the HCV Administrative Plan and Public Housing Admissions and Continued Occupancy Policy (ACOP) as applicable. Administration of site-based waiting lists for the Conventional and Scattered Site program areas is managed under the Public Housing Admissions Department to ensure consistent and efficient management of applicants on the various waitlists.

PHA operates its waiting lists in a nondiscriminatory manner that seeks to avoid unintended discriminatory effects. PHA affirmatively markets its sites in a variety of venues and periodicals to ensure that the public is aware of the availability of PHA housing. PHA treats all applicants in a non-discriminatory manner. PHA also monitors its waiting lists to determine if there are significant changes in the percentage of protected classes and, if there were, would determine whether its affirmative marketing methods should be modified.

### i. *Waiting List Information Anticipated*

Table 8 provides information on PHA’s waiting lists in the format required by HUD.

**Table 8: Waiting List Information Projected for Beginning of FY 2027\***

Waiting List Name	Description	Number of Households on Waiting List***	Waiting List Open, Partially Open or Closed	Plans to Open the Wait List During the Plan Year
Public Housing Units**	First Available and Site-Based	7,765	Partially Open	Yes, if needed
Public Housing Units ***	Site-Based	37,283	Open	Yes
Housing Choice Voucher (HCV) Program	Community-Wide	6,138	Closed	No
PBV/PHA Owned	Site-Based	27,085	Open	Yes

\*Table reflects waiting list data as of October 2025.

\*\*PHA may open the scattered site site-based waiting lists in conjunction with implementation of modified admissions preferences if necessary to ensure a ready pool of qualified applicants.

\*\*\*MTW public housing units that also have Low Income Housing Tax Credits and are managed by PAPMC.

### *Notes on Waiting Lists*

- As specified in the ACOP, PHA’s Public Housing wait list combines site-based, first available, and centrally managed wait list features. Public Housing developments have site-based waiting lists that are centrally managed by the Public Housing Admissions Department. This change was made to ensure consistent and efficient management of applicants on the various waitlists. Applicants may select specific sites or “first available” unit citywide. Centrally managed waitlists, administered by the Admissions Department, also include applicants that require a wheelchair accessible unit and those with a preference designation such as the Blueprint program.

- Public Housing wait lists are currently only open to applicants that require wheelchair accessible units; applicants aged 55 and older; and applicants referred to PHA from external agencies with whom PHA has a referral agreement as described in the ACOP (i.e. Blueprint to End Homelessness and others).
- The HCV wait list is closed except for applicants who qualify for admission under HUD’s Special Purpose Voucher programs including VASH, FYI and Mainstream, as well as applicants referred to PHA from external agencies with whom PHA has a referral agreement as described in the Administrative Plan. Under the Unit Based Program, site-based waitlists are managed and maintained by individual owners. PHA approves the site-based waitlists and tenant selection plan for each Unit Based development.

*Describe any duplication of applicants across waiting lists:*

Applicants may apply for more than one PHA program and appear on more than one waiting list.

*ii. Planned Changes to Waiting List in FY 2027*

<b>Waiting List</b>	<b>Description of Planned Changes to Waiting List</b>
Public Housing	Site based waiting lists will be established for new public housing developments prior to initial occupancy in accordance with the PHA Admissions and Continued Occupancy Policy.
MTW Housing Choice Voucher Program	Site based waiting lists will be established for new Unit Based Voucher developments, including new/converted RAD developments, in accordance with the PHA Administrative Plan.

### **III. PROPOSED MTW ACTIVITIES**

There are no proposed MTW Activities pending approval in the FY 2027 MTW Annual Plan.

#### **IV. APPROVED MTW ACTIVITIES**

This section of the Annual Plan summarizes and provides a status update on MTW activities that have been previously approved by HUD. Additional detail on approved MTW activities is included in prior Annual Plans. As required, this section also includes summary information on MTW activities that have been closed out or placed on hold by PHA. Initiatives are numbered to reflect the fiscal year in which the MTW was initially approved, i.e. MTW Activity 2011-1 was initially approved in FY 2011.

#### **Description/Update**

PHA will continue to use MTW authority to substantially increase housing choices for residents and applicants. PHA is continuing to implement an ambitious program of new construction, substantial rehabilitation, and modernization designed to revitalize PHA public housing developments, replace distressed housing lost to demolition and lack of capital funds, and improve Philadelphia's neighborhoods. Public housing development or redevelopment activities, and other new development, directly undertaken by PHA as developer are included under this initiative. To support these redevelopment activities, PHA continues to implement the following MTW components, which also support the Partnership Initiative and other MTW activities:

- *Design Standards* - PHA continues to implement reasonable and modest design standards for new construction and rehabilitation work that mirror current design trends and the 21st century needs of residents.

- *MTW Total Development Cost Limits and Housing Cost Caps* - PHA has established and maintains reasonable cost limits for development and redevelopment activities that replace HUD's Total Development Cost (TDC) limits and Housing Cost Caps (HCC).
- *Streamlined Mixed-Finance Development Process* - PHA is authorized to develop public housing through several financing methods, including the mixed-finance approach, which involves the use of private financing, Housing Choice Vouchers, and public housing development funds.
- *MTW Site and Neighborhood Standards* - PHA is authorized to implement alternate Site and Neighborhood Standards for its public housing and voucher programs, in lieu of those standards at 24 CFR § 941.202(b)-(d) and 24 CFR 983.57.
- *Streamlined Acquisition Process* - Subject to the provisions of the MTW Agreement, PHA is authorized to acquire sites without prior HUD approval, provided that the agency certifies that HUD site selection requirements have been met.
- *Strategy for Development* - PHA has adopted a Development-Asset Management Strategy for Public Housing that takes a comprehensive neighborhood-by-neighborhood and block-by-block approach to redeveloping, consolidating, rehabilitating, demolishing, and acquiring and disposing of scattered site units independently and in partnership with government and other local neighborhood-based organizations.

### **Planned Non-Significant Changes**

No non-significant changes are planned. PHA may submit updated MTW TDC/HCCs for HUD approval as part of a future Plan or Plan Amendment.

- Definition of Elderly
  - Approved FY 2004
  - Implemented FY 2004

### **Description/Update**

PHA will continue to collaborate with the Commonwealth of Pennsylvania and other local providers to develop and implement a range of service-enriched housing options for seniors and people with disabilities, including the following ongoing MTW program components:

- *Nursing Home Transition* – The Nursing Home Transition Initiative (NHTI) is a partnership with the Department of Human Services that assists persons transitioning out of nursing homes with accessing affordable housing. As part of NHTI, PHA administers state-supported vouchers and housing opportunities for referrals of disabled consumers in need of low-income housing. NHTI families may be eligible for a preference for public housing or HCV.
- *Definition of Elderly* – An elderly person is defined as an individual who is at least 55 years old. An elderly family is defined as one with a head of household, co-head, spouse or sole member who is at least 55 years old.

Under the Nursing Home Transition Initiative, PHA received referrals from the Department of Human Services to assist persons transitioning out of nursing homes with vouchers funded by the Pennsylvania Housing Finance Agency (PHFA). However, DHS ceased providing new applicant referrals as of June 30, 2020. Please note that PHA will continue to provide HCV subsidies to NHTI participants who were referred prior to June 30, 2020.

Public Housing partners with the Philadelphia Corporation for Aging (PCA) and will continue to receive new referrals for the Nursing Home Transition Initiative in FY 2027; their participation in this initiative was not impacted.

## **Description/Update**

PHA will continue to implement a series of MTW initiatives in the public housing and/or HCV programs designed to simplify rent calculation and recertification, streamline administrative processes, and reduce paperwork burdens on residents and staff. Simplification and streamlining policies may also be applied to Public Housing households who are living in housing operated by PAPMC, subject to investor approval as needed.

- *Two and Three-Year Recertification/Limit on Interims* – Public Housing and HCV, including UBV/RAD, require recertifications every two years, except for public housing residents choosing ceiling rents who are recertified every three years. Voluntary interim recertifications are restricted to one every six months, except for elderly and disabled households who are exempt from this restriction. PHA will process voluntary interim rent reductions if and when the reduction in income lasts for more than 30 days. In FY 2017, PHA began conducting recertifications every three years for elderly or disabled households on fixed incomes in both the HCV and public housing programs. PHA applies the biennial and triennial recertification policy to VASH participants.
- *Reporting Increases in Income between Regular Recertifications* – With the exception of zero income households, PHA will waive the regulatory requirement for families to report certain increase in income between regular recertifications. Families will only be required to report an increase in income at their next regular recertification.
- *Ceiling Rents* – PHA has established ceiling rents for its public housing developments, which are periodically updated. PHA tenants will continue to have the option of selecting either a ceiling rent or an income-based rent. PHA uses ceiling rents when calculating rent for mixed families.
- *Rent Calculation Method* – PHA has established an alternative rent structure for the HCV (including UBV/RAD) and public housing programs to motivate residents to work and accumulate savings. In FY 2017, PHA began allowing households with assets of \$50,000 or less to self-certify asset value and income from the assets. Asset income is excluded when the value of the household’s asset is \$50,000 or less. Also, in FY 2017, PHA began excluding all full-time student earned income for family members other than the head, spouse or co-head and PHA discontinued verification of full-time student earned income as 100% of the income is excluded. In FY 2024, PHA began implementing a policy to exclude 100% of income which a family receives from a guaranteed income program.
- *Calculation of Income at Regular Recertification* - During regular recertification, PHA will determine income anticipated to be received during the 12-month period following the recertification. With the exception of earned income for Public Housing participants (noted

below), PHA will waive the regulatory requirement to determine the income for the family for the previous 12-month period and use this amount as family income at regular recertification.

- *Verification and Calculation of Earned Income* - PHA is authorized to implement a revised method for verifying and calculating earned income for Public Housing participants. Specifically, PHA will verify and calculate earned income using the last four consecutive quarters in EIV. In cases where earned income is not in EIV or the tenant disputes the earned income calculation, PHA will seek third party verification to verify and calculate income and/or reconcile the difference. PHA will continue to use third party verification for unemployment as well as other sources of income not contained in EIV. Where the working family deduction is concerned, family members who report employment income will self-certify the number of hours they work each week.
- *Verification* - In FY 2024, PHA implemented changes to verification policies for the HCV and Public Housing programs:
  - Applicants and Participants: PHA will accept verification documents dated within 180 days of the date they are provided to PHA.
  - Fixed Sources of Income: Verification documents for fixed income sources will be valid for the full calendar year in which the income is effective. For example, if a Social Security benefit letter is dated February 1, 2022, that benefit letter will be valid for any certification with an effective date in 2022.

Also in FY 2024, PHA received approval to implement a revised HUD Verification Hierarchy for both HCV and Public Housing programs. PHA’s modified Income Verification Hierarchy will allow PHA to rely on any of the third-party verification methods before accepting self-certification. This process will streamline the verification process and allow PHA to repurpose staff time on tasks outside of verification.

Level	Verification Technique	Ranking
1	Upfront Income Verification using HUD’s EIV and IVT	Highest (Mandatory)
2	Upfront Income Verification using non-HUD system	Highest (Optional if available and procured by PHA)
3	Written Third Party Verification; Written Third Party Verification Form; or Oral Third Party Verification	High <ul style="list-style-type: none"> <li>• Supplements EIV and UIV</li> <li>• Also used for:               <ul style="list-style-type: none"> <li>○ Non-EIV/UIV reported income sources</li> <li>○ Disputes of EIV reported information</li> </ul> </li> </ul>
4	Tenant Declaration	Low <ul style="list-style-type: none"> <li>• To supplement EIV when EIV reported sources do not contain verification of the full retrospective period where applicable; or</li> <li>• When tenant cannot produce written third party verification documents.</li> </ul>

- *Income Discrepancy* – PHA implemented a policy in the HCV and Public Housing program to increase the verification discrepancy threshold to \$5,000. PHA will continue to identify income

discrepancies and take action to process discrepancies which may result in interim or annual correction actions; however, the threshold for the discrepancy will be set at \$5,000.

- *Payment Standards* – PHA may establish payment standards up to 120% of the SAFMR to support leasing for existing voucher clients and/or new voucher holders who wish to move to areas with documented improved educational systems, job opportunities, social services and other opportunities in the expectation that over time their need for housing and other subsidies will abate or diminish.
- *Application of Payment Standards* - PHA is authorized to permit an increase in the payment standard to be applied at any time after the effective date of the increase, providing PHA with the flexibility to apply the new payment standard before the next regular reexamination and mitigating any potential negative impact on the family if the contract rent increased between regular reexaminations. Further, PHA will waive the regulatory requirement to apply the increase in payment standard by the one-year anniversary of the increase in payment standard for consistency with the biennial and triennial recertification policy discussed in this activity.
- *Exception Payment Standards* - PHA is authorized to establish exception payment standards for individual units within a SAFMR zip code and remove the 120% limitation for units in neighborhoods undergoing significant revitalization where the SAFMR is not consistent with its property values and rents. In FY 2023, PHA also received approval to establish exception payments standards for specific areas of revitalization, identified by blocks, groups of blocks, or other geographic areas, also removing the 120% limitation for such areas. While all of the units in the zip code with the lower SAFMR may not be in the revitalized area, those that are, would be at a significant disadvantage for inclusion in the HCV program if existing SAFMRs and payment standards were applied. These changes will provide PHA with additional flexibility to establish exception payment standard areas and aligns with PHA’s broader strategy to encourage voucher-holders to lease in areas of opportunity and decrease density in high poverty neighborhoods. Exception payment standards will be consistent with market conditions in the surrounding area and prevent financial hardship for those voucher-holders who choose to lease in these areas. As with all other HCV units, PHA will include documentation in the file that the rent is reasonable when setting payment standards outside of the allowable range without HUD approval.
- *Reasonable Rent*
  - PHA has implemented a reasonable rent policy for the HCV Program, including UBV/RAD, whereby reasonable rent determinations are completed at initial lease up, upon request for a rent increase, and at other times PHA deems it necessary to conduct a reasonable rent redetermination.
  - PHA may implement across-the-board rent increases or rent freezes for properties in the HCV Program. When and if an across-the-board rent increase is awarded, PHA will complete a reasonable rent determination at the time of the next annual HQS inspection and apply applicable policies related to reasonable rent when and if the rent is not reasonable.

- *Utility Allowances*
  - PHA is authorized to implement a revised utility allowance methodology that includes the following components:
    - HCV participants who are responsible for paying gas heat and who are eligible to participate in the PGW Customer Responsibility Program (CRP) have the gas portion of their utility allowances calculated using an alternative methodology. PHA may elect to implement this utility allowance program in public housing where applicable.
    - PHA will periodically, at its discretion, review HCV utility allowance schedules to determine if adjustments are required. Annual updates are not required.
    - Utility allowances may be phased out for residents with incomes at or above 80% of Area Median Income or public housing residents on ceiling rent.
    - PHA will review and modify public housing utility schedules periodically based on an assessment of available HUD funding and the requirements of the MTW Agreement and Plan.
  - PHA is also authorized to expand the utility allowance policy to require public housing and HCV tenants receiving either heat or electric utility allowances to enroll and participate in the PECO Customer Assistance Plan, LIHEAP and any other applicable programs that offer reduced rates, energy usage grants, or other financial incentives to low-income households.
  - For HCV participants only, during an interim recertification, PHA will apply the utility allowance in effect on the effective date of the interim recertification; however, families on the Alternate Utility Allowance (UA) CRP Program will have their gas utility allowance updated at the time of interim recertification consistent with PHA's MTW UA policies. During an interim recertification, PHA will apply the payment standard in effect at the last regular recertification.
  - PHA may further expand the utility allowance policy to require public housing and HCV tenants, whose incomes are at or below 150% of the Federal Poverty Level and who receive a utility allowance for water, to enroll and participate in the Philadelphia Water Department's Tiered Assistance Program (TAP). TAP provides customers with significant savings by offering a consistent bill based on their income. PHA will base the water utility allowance for eligible households on the amount charged under the TAP Program. Water charges range from 2% to 3% of gross income.

PHA adopted Small Area Fair Market Rents (SAFMR) beginning in FY 2019. PHA will review and revise the groupings of SAFMR zip codes annually. These revisions are necessary to avoid negative financial impacts on both tenants and owners.

PHA applies the MTW policies included in this activity to the Emergency Housing Voucher (EHV) and the Veteran's Affairs Supportive Housing (VASH) programs.

### **Planned Non-Significant Changes**

In FY 2027, PHA will implement a modified termination policy for HCV families at zero HAP (i.e. the family's total tenant payment (TTP) exceeds the gross rent of the unit) who are participating in the HCV homeownership program or Housing Opportunity Program (HOP). For families participating in these programs, PHA will provide an additional 180 days, for a total of 360 consecutive days at zero HAP, before terminating the family.

PHA will also modify the policy on determining net family assets in the HCV and Public Housing programs in FY 2027. Specifically, PHA will exclude the following when determining net family assets:

- The value of any account under a retirement plan recognized as such by the Internal Revenue Service, including individual retirement arrangements (IRAs), employer retirement plans, and retirement plans for self-employed individuals;
- The value of any Coverdell education savings account under section 530 of the Internal Revenue Code of 1986, the value of any qualified tuition program under section 529 of such Code, the value of any Achieving a Better Life Experience (ABLE) account authorized under Section 529A of such Code, and the value of any "baby bond" account created, authorized, or funded by Federal, State, or local government;
- Equity in property under the Homeownership Option for which a family receives assistance under 24 CFR part 982;
- The value of necessary items of personal property, defined as items essential to the family for the maintenance, use, and occupancy of the premises as a home; or they are necessary for employment, education, or health and wellness. Examples include, but are not limited to, cars/vehicles, furniture, and common appliances;
- Family Self-Sufficiency Accounts;
- Federal tax refunds or refundable tax credits for a period of 12 months after receipt by the family;
- The value of real property that the family does not have the effective legal authority to sell in the jurisdiction in which the property is located;
- Any amounts recovered in any civil action or settlement based on a claim of malpractice, negligence, or other breach of duty owed to a family member arising out of law, that resulted in a family member being a person with a disability;
- The full amount of assets held in an irrevocable trust;
- The full amount of assets held in revocable trust where a member of the family is the beneficiary, but the grantor/owner and trustee of the trust is not a family member;
- Interests in Indian trust land; and,
- Equity in a manufactured home where the family receives assistance under 24 CFR part 982.

Finally, PHA will implement an MTW policy to exclude all student financial assistance from the calculation of income and rent in both the HCV and Public Housing programs. PHA will implement the exclusion of student financial assistance and modified policy for determining net family assets at the family's next regular or interim recertification.

### **Planned Significant Changes**

No significant changes are planned.

## **ACTIVITY 2004-4: UNIT-BASED LEASING AND DEVELOPMENT PROGRAM**

### **Plan Year Approved, Implemented, Amended**

- Approved FY 2004
- Implemented FY 2004
- Modifications in FY 2017, FY 2019

### **Description/Update**

Under PHA's Unit-Based Leasing and Development Program ("UBV" or the "Unit-Based Program"), PHA will continue to negotiate long-term subsidy contracts with for-profit and non-profit private sector housing providers based on property specific agreements. PHA prioritizes the selection of developments, which serve underserved populations and/or which incorporate supportive services on-site or nearby. Key features of PHA's UBV Program include:

- PHA's Site Selection Standards for the UBV Program comply with the alternate Site and Neighborhood Standards described at Attachment C, Section D (7)(c) to PHA's MTW Agreement.
- As modified in the FY 2025 MTW Plan, with the exception of PHA-owned PBV/UBV projects including PHA-owned PBV/RAD projects, PHA may approve rents to owners which are the lowest of 120% of the citywide Fair Market Rent, the reasonable rent, the rent requested by the owner or such other amount determined by PHA to be appropriate for the unit. When determining the initial rent for PHA-owned PBV/UBV projects including PHA-owned PBV/RAD projects, subject to rent reasonableness, PHA may apply the higher of the applicable RAD Rent, 120% of the Small Area Fair Market Rent, or 120% of the citywide Fair Market Rent.
- Unless part of its "shallow" subsidy UBV Program, PHA will not attach or pay UBV assistance to units that are already receiving another form of subsidized housing operating assistance. With respect to a shallow subsidy UBV Program, PHA will not attach or pay UBV assistance to units receiving another form of subsidized operating assistance if the UBV assistance would be duplicative or would otherwise over-subsidize the unit. PHA may determine the effect of subsidy on rent to owners and the duplication of subsidy or excessive subsidy, subject to the requirements regarding subsidy layering as set forth in the HUD Reform Act of 1989.
- PHA may unit-base up to 100 percent of the dwelling units in any UBV project or building.
- PHA may select its own units for project-basing with UBV assistance without a competitive process. Pursuant to Attachment C, Section D (7)(a) of PHA's MTW Agreement, PHA may unit-base assistance at properties other than public housing properties owned directly or

indirectly by PHA, including those owned by PHA affiliates or instrumentalities. For purposes of this selection method, a property that may be unit-based may be a former public housing property that has been converted to HCV assistance.

- Pursuant to Attachment C, Section D (1)(f) of PHA’s MTW Agreement, under either the UBV Program or the Partnership Initiatives, PHA may attach or pay UBV assistance using HCV MTW funds to unit types currently prohibited by standard Section 8 regulations including, but not limited, to shared living facilities. Such units must comply with applicable alternate MTW Site and Neighborhood Standards. In February 2017, with the support of the local Veterans Administration, PHA requested HUD approval to enter into a HAP contract under the HUD VASH-PBV Program for an existing, 14-unit shared housing facility (Hancock Manor) operated by Impact Services. HUD accepted PHA’s use of the existing MTW waiver related to shared living facilities in project-based developments for this VASH project. Subject to HUD approval and the support of the VA, PHA may apply MTW waivers related to shared housing facilities in project-based developments to future VASH projects.
- An owner of a unit assisted under the UBV Program with MTW HCV funds may elect to receive referrals from PHA’s waiting list or to use a site-based waiting list for selection of tenants for a site. For owners using a site-based waiting list, PHA reviews and approves the tenant selection plan, and owners refer families to PHA for eligibility screening.
- A family residing in a UBV unit funded with MTW HCV funds may terminate the lease at any time after the initial term. The family must give advance written notice to the owner in accordance with the lease and provide a copy of such notice to PHA. Once a family terminates the lease, the family will no longer be part of the HCV or UBV Program. Pursuant to PHA’s MTW flexibility, PHA does not provide UBV participant families who want to move with tenant-based assistance with a tenant-based HCV voucher, except where required under the RAD Program or otherwise offered by PHA as a reasonable accommodation, VAWA transfer or due to HQS failures under certain circumstances.
- While PHA’s standard initial lease term for public housing and HCV is two years, PHA may allow a shorter term for UBV transitional housing units in order to facilitate the movement of families through the housing continuum and to obtain “permanent” housing more rapidly.
- PHA applies its MTW UBV policy to RAD developments and may project-base 100% of the units in a RAD UBV development.
- PHA is not subject to the requirement for an independent entity to approve AHAP/HAP contract terms, renewals of HAP contracts, rent determinations and inspection of PHA owned units.
- PHA applies the following MTW initiatives to the UBV/RAD Program: Rent Simplification, two and three year recertifications, limit on interim recertifications, alternative rent structure and reasonable rent.

- PHA may utilize local forms, which reflect PHA’s MTW UBV policies and procedures as an alternative to HUD standard forms. PHA will prepare and implement a local PB HAP contract, PB Tenancy Addendum and Statement of Family Responsibility Form to reflect MTW policies including but not limited to, rent determination methods, recertification frequencies and right to move policies.
- PHA defines a UBV project as a single building, multiple contiguous or non-contiguous buildings, or multiple buildings on contiguous or non-contiguous parcels of land all with a single owner. A single family building is a building with no more than four dwelling units. PHA may elect to combine units that cumulatively meet the definition of a UBV project, but that are covered under more than one Housing Assistance Payments (HAP) Contracts, into a single HAP Contract. For such scattered site projects, PHA implements an alternative method to determine rent reasonableness whereby PHA bases the rent reasonableness determination for all units in the project that are within the same submarket area on the rent reasonableness determination made for a single unit of each bedroom size. For example, the rent reasonableness determination for all one-bedroom units in the project will be based on the rent reasonableness determination made for a single one-bedroom unit in the project provided that the units are in the same submarket area.

For mixed-finance closings for UBV units involving new public housing units, PHA may request HUD review and approval of certain waivers to current public housing regulations in the interest of increasing housing choice, promoting long-term project viability, and encouraging more third-party development. Specific waivers that may be requested include:

- PHA may elect to allow the owner of UBV units, including PHA if it is the owner, to utilize public housing operating subsidy and other MTW funds, to pay for debt service associated with the UBV development; and,
- Where PHA provides public housing operating subsidy as part of UBV assistance, separately or in combination with voucher or other MTW funds, PHA may have the Declaration of Restrictive Covenants modified to eliminate or change the standard ten-year affordability “tail.”

The specific details of each UBV agreement will be defined prior to closing and shall be subject to HUD review and approval, where applicable, as part of the mixed-finance transaction closing process.

PHA has established revised eligibility and rent policies related to the conversion of its Public Housing scattered sites units to the UBV program, which may occur through the Section 18 disposition of public housing units and replacement with Tenant Protection Vouchers, the RAD conversion process or a Section 18/RAD blend. Specifically, PHA will apply the following policies for households occupying Public Housing scattered site units at the time they are converted through either Section 18 or RAD:

- At conversion, PHA will not re-screen households for eligibility in the HCV program. Current households will be grandfathered for application of any eligibility criteria to

conditions that occurred prior to the conversion, but will be subject to on-going eligibility requirements of the UBV program. If the current household moves out after conversion, any family that leases the unit thereafter will be subject to UBV eligibility requirements at initial and during continued occupancy.

- PHA will place units under HAP contract for current households whose total tenant payment (TTP) exceeds the gross rent of the unit. Current households whose TTP exceeds the gross rent will be required to pay the gross rent or the maximum rent under LIHTC, if applicable, while leasing the converted unit. If the current household moves out after conversion, PHA will only lease the unit to a family who is eligible for housing assistance payments and whose total tenant payment (TTP) is below the gross rent for the unit.
- If, at conversion, the current household is considered over-housed or under-housed under PHA's subsidy standards, the current household will be permitted to remain in the converted unit until an appropriately sized unit becomes available within converted project. Once an appropriately sized unit is available, the current household must move within a reasonable amount of time, as determined by PHA. Households who are admitted after the conversion will be subject to PHA's subsidy standards at initial occupancy.
- If, as a result of the conversion, the current household's monthly rent will increase by more than the greater of 10 percent or \$25, the rent increase will be phased in over three (3) years. If a current household was paying ceiling rent immediately prior to conversion, PHA will use the ceiling rent amount to calculate the initial (Year 1) phase-in amount.

Please note that modified eligibility and rent policies detailed above will not apply to families who are admitted and move into these units after conversion.

In FY 2027, PHA plans to enter into UBV contracts for 68 multifamily housing developments with a total of 5,015 affordable rental units. Additionally, PHA may issue requests for proposals, conduct evaluations, and recommend additional units and developments for approval by the PHA Board.

See *Section II. General Operating Information* for listings of planned and current UBV developments.

### **Planned Non-Significant Changes**

In FY 2027, PHA will implement a modified MTW policy for the maximum number of UBV units, in order to unit-base more than 20% of its authorized voucher units. Accordingly, PHA will also waive regulatory requirements related to program caps and excepted units, including performing an analysis of impact if PHA opts to project-base 50% or more of its authorized voucher units.

### **Planned Significant Changes**

No significant changes are planned.

## ACTIVITY 2005-2: STREAMLINE THE ADMISSIONS AND TRANSFER PROCESS

### Plan Year Approved, Implemented, Amended

- MTW Transfers
  - Approved FY 2005
  - Implemented FY 2005
- HCV Waiting List
  - Approved FY 2012
  - Implemented FY 2012
- Public Housing Waiting List
  - Approved FY 2012
  - Implemented FY 2012

### Description/Update

PHA will continue to utilize MTW flexibility to implement policies designed to streamline the admissions and transfer policies for both Public Housing and HCV Programs:

- *MTW Transfers* - PHA may authorize a limited number of transfers from Public Housing to the Housing Choice Voucher Program and vice versa. These transfers are referred to as MTW transfers. PHA may provide up to 100 transfers between the Public Housing Program and the HCV Program annually.
- *HCV Waiting List* - Once a family is leased under the HCV Program, the family may remain on the waiting lists for Tax Credit and public housing sites; however, PHA notifies the family that they will not be eligible for selection from the Tax Credit or public housing site waiting lists until the initial lease term has been completed.
- *Public Housing Waiting List* - Once a family is housed in public housing, the family will be removed from all other scattered site and conventional public housing waiting lists. However, a family may remain on the HCV and/or Tax Credit Site waiting lists. Additionally, PHA may require that the family sign an agreement whereby the family acknowledges that their name will be removed from all other scattered site and conventional public housing waiting lists and they will not be eligible for selection.

PHA may allocate homeownership vouchers for Public Housing residents who graduate from the Jobs Plus program and transfer these residents from the Public Housing to HCV Homeownership program. Graduates will be required to complete the homeownership-counseling courses and meet other eligibility requirements for receiving a homeownership voucher.

PHA applies the MTW flexibilities included in this activity to the Emergency Housing Voucher (EHV) program.

## **ACTIVITY 2005-3: PROGRAM EFFICIENCIES** *(formerly HCV Program Efficiencies)*

### **Plan Year Approved, Implemented, Amended**

- Restriction on Elective Moves
  - Approved FY 2008
  - Implemented FY 2008
- Criteria for Portability Moves
  - Approved FY 2013
  - Implemented FY 2013
- Development of Local Forms
  - Approved FY 2017
  - Implemented FY 2017

### **Description/Update**

PHA will continue to utilize MTW flexibility to implement efficiencies designed to simplify processing and streamline administrative processes. This activity includes:

- *Restriction on Elective Moves* – Families participating in the HCV program are permitted to move within PHA's jurisdiction after the initial term of assisted occupancy and at the time of regular recertification.
- *Criteria for Portability Moves* – PHA has established criteria for all port-out moves. The criteria require that MTW voucher participants requesting to port-out provide a verified employment, education, safety, or medical/disability need to support their move to another jurisdiction.
- *Development of Local Forms* - PHA will prepare local forms, which reflect PHA's MTW policies and procedures, for use in the HCV and Public Housing programs.

As part of the Local Forms initiative, PHA combined the HUD-9886 Authorization for the Release of Information/Privacy Act form with the PHA Authorization of Release Form in order to reduce redundancies and streamline the verification process by reducing the number of signatures required and allowing the household to sign electronically. PHA also developed a local PBV HAP Contract and Tenancy Addendum, consistent with MTW policies approved under Activity 2004-3: Unit-Based Leasing and Development Program; and a modified local Contract of Participation for the Family Self-Sufficiency (FSS) program, which incorporates the approved MTW policies for the FSS program outlined in Activity 2020-1: Local Family Self-Sufficiency Program Flexibility.

To simplify the leasing process, PHA has developed a local Request for Tenancy Approval, which incorporates MTW policies and requests information required to complete the leasing process.

PHA also developed a local tenant-based HAP Contract and Tenancy Addendum as part of the Local Forms initiative. The new HAP contract is integrated in the PHA's landlord portal system to streamline and expedite the leasing process.

PHA applies the MTW flexibilities included in this activity to the Emergency Housing Voucher (EHV) program.

## **ACTIVITY 2011-1: PARTNERSHIP PROGRAMS INITIATIVE**

### **Plan Year Approved, Implemented, Modified**

- Approved FY 2011
- Implemented FY 2012
- Modified FY 2013 to incorporate specific components applicable to the youth aging out of foster care partnership with the Philadelphia Department of Human Services (DHS)

### **Description/Update**

PHA will continue to utilize MTW authority to expand public housing for special needs and other targeted groups in partnership with non-profit neighborhood groups, universities, state and local government, and other stakeholders. This flexible, services-oriented model allows PHA to leverage PHA and partner resources to provide public housing options and, where appropriate and feasible, related health care, educational, and/or other necessary services to low-income families and individuals. Authorized features of this initiative include, but are not limited to, the following:

- Admissions and continued occupancy requirements for the initiative may vary from standard public housing and will be determined for each project in order to promote seamless integration of the partner's subsidy sources with MTW funds.
- Partnership initiatives must serve households earning 80% of AMI or below. PHA's MTW funds may not be used to subsidize households who are not low-income.
- PHA will leverage its funds with other partner resources in order to avoid duplicative services and payments and to maximize the value of funds invested in the Partnership Initiative.
- Potential models include, but are not limited to, domiciliary care for seniors and people with disabilities; housing options for youth, including those aging out of foster care; and permanent supportive housing.
- Budgets and agreements between PHA and its partners will adjust subsidy to allow for recoupment of PHA's capital investment as fee income where financially feasible, particularly in situations in which the partner's subsidy is intended to cover all or some of the housing costs.
- While each development is expected to have different features, programmatic components may include: preferences for specific target populations, including referrals from partner agencies; program contracts for participants that may include requirements for case management, participation in services, or other requirements; time limits on housing subsidies; modified occupancy standards; availability of stipends; and other components.

In FY 2027, PHA projects that 1,460 additional public housing units will be developed by PHA development partners at 20 properties. See Table 1 for additional detail on planned developments and units. As noted in the Table 1 narrative, some or all of these developments/units may be converted to Project Based Assistance through the Faircloth to RAD initiative or the RAD transfer of assistance provisions. Due to changes to development financing and construction schedules, the projects listed in Table 1 include some projects that were listed in prior MTW Annual Plans, but which have not yet been completed. The actual number of units that are developed and the development timetable may vary depending on final financing plans, construction schedules, HUD approval timetables and other factors.

## **ACTIVITY 2016-1: SECOND CHANCE INITIATIVE**

### **Plan Year Approved, Implemented, Amended**

- Approved FY 2016
- Implemented FY 2016
- Modified FY 2018
- Modified FY 2022

### **Description/Update**

PHA will continue to utilize MTW flexibility to support implementation of the Second Chance Housing Choice Voucher Pilot Program. The policy permits the provision of 10 tenant-based vouchers for active participants in good standing with two partner agencies – the Eastern District Federal Court Supervision to Aid Reentry (STAR) Program and the Mayor’s Office of Reintegration Services (RISE) Program. The STAR Program works in conjunction with Federal Probation and Parole, to offer returning citizens an opportunity to reduce their parole period by one year through participation in the Re-Entry Program. Each participant signs a contract with their parole officer to transition the oversight of their parole to the two federal judges that administer the STAR Program. The STAR Program collaborates with the local RISE Program to provide counseling, education, job training and job placement services. In the 2017 Annual Plan, PHA indicated that placements in public housing units may be offered to Second Chance participants in good standing at PHA’s option.

Housing assistance is available to the participants for a period of up to two years, at which point the objective is for participants to transition off the program to other affordable housing. However, PHA may allow Second Chance participants to transition to the HCV or Public Housing Program to continue their tenancy.

In FY 2024, PHA increased the number of tenant-based vouchers allocated to the STAR and RISE programs to 30 vouchers due to the success of these programs in assisting returning citizens in their transition. PHA may provide for an extension to the two-year term for the STAR/RISE programs; extensions are granted on a case-by-case basis and evaluated based on the participant’s individual circumstances.

## ACTIVITY 2019-1: OPENING DOORS TO AFFORDABLE HOMEOWNERSHIP

### Plan Year Approved, Implemented, Amended

- Approved FY 2019
- Implemented in FY 2019

### Description/Update

PHA will continue to utilize MTW funding and programmatic flexibility to expand first-time affordable homeownership initiatives to increase housing choice and the number of first time, low-income homebuyers. The program builds on the existing framework and consolidates PHA's HUD-approved 5h Homeownership Program, HCV Homeownership Program, other new development homeownership initiatives and homeownership readiness and counseling support under the management of PHA's Homeownership Department. Further, this activity expands PHA's existing programs to incorporate new types of assistance including lease-purchase and down payment assistance options.

In FY 2027, PHA anticipates that 20 residents will purchase a home through the Public Housing mobility program, 10 residents will purchase their scattered site units under the 5h program, and 20 current voucher holders will utilize voucher assistance to purchase homes and then receive monthly Housing Assistance Payments to support housing costs for up to a fifteen (15) or thirty (30) year period. To date, PHA has assisted over 1,000 residents to purchase their first homes. PHA will continue to work with residents to complete homeownership-counseling courses in partnership with HUD-approved housing counseling agencies.

The MTW Opening Doors to Affordable Homeownership Program (ODAHP) consolidates, streamlines and enhances these existing initiatives while modifying eligibility and post-purchase support criteria and adding new financing support mechanisms. Key features of the new program include:

#### *Program Components*

ODAHP participants work with PHA's Homeownership Department to review their financial status, credit standing and household goals. Participants are required to meet all eligibility requirements, including successful completion of approved homeownership counseling and financial literacy courses. Financing options available to program participants include:

- *Monthly voucher assistance:* Households may receive monthly Housing Assistance Payments assistance for up to 15 or 30 years. Generally, this assistance will cover the difference between up to 28% of adjusted household income and the projected monthly homeownership costs, subject to a cap that is equal to PHA's voucher payment standard. PHA's rent simplification policies will be utilized to calculate household adjusted income and tenant monthly payments. Households will be recertified on a biennial basis per PHA's existing policy. Monthly voucher assistance may be used for private market units as well as for PHA scattered site units following sale. However, PHA will record a soft second

mortgage on the title with a 15 or 30-year period, which is related to the voucher assistance term. In the event of a default, PHA will receive notification and attempt to work with the household to develop a financial workout plan to avoid foreclosure.

- *Down payment assistance:* In lieu of receiving monthly voucher assistance, ODAHP participants will be eligible for one-time down payment assistance up to a maximum of \$15,000 per household. Participants receiving down payment assistance will not be recertified. However, PHA will record a soft second mortgage on the title with a 20-year recapture period. In the event of a default, PHA will receive notification and attempt to work with the household to develop a financial workout plan to avoid foreclosure. If the default is not cured, PHA will recoup the down payment assistance amount, which will decrease 5% annually over the 20-year term.
- *Soft second mortgage option:* Up to a maximum of \$50,000 per household may be provided as a soft second mortgage, provided that the household is not receiving other PHA homeownership assistance. Participants receiving this assistance will not be recertified. However, PHA will record a soft second mortgage on the title with a 20-year recapture period. In the event of a default, PHA will receive notification and attempt to work with the household to develop a financial workout plan to avoid foreclosure. If the default is not cured, PHA will recoup the soft second mortgage amount, which will decrease 5% annually over the 20-year term.
- *Lease to purchase option:* PHA is authorized to implement lease to purchase options that can be implemented in private market rentals and scattered sites that are still part of PHA's public housing inventory. A portion of the tenant rent will be escrowed during the lease to purchase period and then applied to the down payment at the time of purchase. Lease to purchase participants will be recertified per PHA's existing policy.
- *Rehabilitation of Scattered Sites Units* – Leveraging the Federal Housing Administration's 203(k) Rehabilitation program, PHA may offer down payment and soft second mortgage assistance to PH residents and HCV participants who purchase and rehabilitate select scattered site units. With a Section 203(k) insured loan, PH residents and HCV participants will be able to finance the rehabilitation of the unit. PHA will qualify and connect residents with MBE/WBE contractors as well as resident-owned contracting companies to facilitate the rehabilitation. During the period of rehabilitation, HCV and PH participants will continue to receive assistance in their existing (non-homeownership) PH or HCV units until rehabilitation work is complete and the homeownership unit is ready for move-in.

As with the current 5h Program, all scattered site units are eligible for sale to ODAHP participants without requiring additional HUD disposition approval.

For the down payment assistance and soft second mortgage programs, PHA has established reasonable maximum limits of \$15,000 and \$50,000. These amounts were determined based on PHA's internal assessment of the level of assistance needed to ensure successful first time homeownership among current program participants given current Philadelphia housing market conditions. Note, however, that PHA will authorize only the minimum amount needed to close the

affordability gap based on individual household circumstances. PHA will calculate the maximum mortgage payment allowed at 35% of adjusted monthly income, and total housing expenses at 38% of adjusted monthly income. The amount of down payment or soft second assistance to be provided by PHA will be calculated by PHA's Homeownership Opportunities Department staff based on a complete review of household finances. As part of this review, PHA staff will work to maximize household eligibility for any other non-PHA down-payment and/or closing cost assistance programs.

PHA will continue to partner with the "Turn the Key" program, a part of the City's Neighborhood Preservation Initiative to build more than 1,000 new, energy-efficient, three-bedroom homes on publicly owned land. Residents that are part of PHA's homeownership pipeline will be encouraged to enroll in the program so that they can compete for Turn the Key units. PHA residents will receive first preference for any homeownership units that are built on land which PHA transferred to the City Land Bank and will be eligible for PHA grants up to \$50,000 and City grants up to \$25,000.

PHA budgets up to \$1.5 million in MTW funds yearly to support the program. The number of households served will vary, depending on the mix of financing options utilized by participants. If demand exceeds available budget, PHA will establish a wait list based on date and time of application.

### **Planned Non-Significant Changes**

During FY 2026, PHA ceased new enrollments in the Public Housing 5h program. As described in the discussion of planned affordable housing preservation and development initiatives, PHA plans to convert its scattered site Public Housing units to the PBV program in order to improve conditions and ensure their long-term affordability. Accordingly, PHA will remove the discussion of the Public Housing 5h program from this activity. However, PHA will continue to serve Public Housing families through the PH Mobility program. PHA will also discontinue the portion of this activity which permits families to purchase and rehabilitate scattered sites units using an FHA Section 203(k) insured loan.

### **Planned Significant Changes**

No significant changes are planned.

## **ACTIVITY 2019-2: SHARSWOOD YOUTH & FAMILY ENRICHMENT SERVICES**

### **Plan Year Approved, Implemented, Amended**

- Approved FY 2019
- Implemented in FY 2019

### **Description/Update**

PHA will continue to utilize MTW funding flexibility to support programs designed to help improve educational outcomes and high school graduation rates for PHA youth living in the Sharswood/Blumberg neighborhood of Philadelphia. Through this activity, PHA also provides partial funding for case management for youth and their families to help overcome barriers to educational success and to access community resources to address family supportive service needs.

As part of the comprehensive neighborhood transformation strategy for the former Blumberg public housing development and the surrounding Sharswood community, PHA provides \$500 per student per year in MTW funds to support programming and case management services for students in grades 9-12 who attend the neighborhood school, which is operated by Big Picture Schools Philadelphia (BPSP) and located in the Vaux Community Building. MTW funding is provided for BPSP students who are part of a PHA HCV or Public Housing family. BPSP works to engage students in learning and internship opportunities to encourage career exploration and progression to higher education.

The Vaux Community Building, a key part of the Choice Neighborhood Transformation Plan, serves as a focal point and anchor for the revitalized community, with on-site facilities for educational, health care and other supportive services. In FY 2019, PHA was designated by HUD as an EnVision Center. The EnVision Center is located in the Vaux Community Building and includes services such as health and wellness, job training, high school education and after-school programs. The plan to establish a neighborhood school and to improve educational outcomes is an integral component of the comprehensive Choice Neighborhoods Transformation Plan for Blumberg-Sharswood that was accepted by the US Department of Housing and Urban Development (HUD) in March 2016.

This MTW activity provides partial funding of BPSP's programs including homework assistance, sports activities, robotics, music production, computer refurbishing and other education-related activities. Partial funding is also provided for case management support to youth and their families through BPSP's Resilience Specialist. The Resilience Specialist provides one-on-one and group counseling to students and their families, with the goal of identifying and removing barriers to educational success and family stability.

PHA shares BPSP's goal of helping youth exceed citywide educational metrics, and to graduate and move onto higher education and meaningful careers. In FY 2027, PHA anticipates serving 140 PHA youth through this activity.

## ACTIVITY 2020-1: LOCAL FAMILY SELF-SUFFICIENCY PROGRAM FLEXIBILITY

### Plan Year Approved, Implemented, Amended

- Approved FY 2020
- Implemented in FY 2020
- Modified in FY 2021
- Modified in FY 2024

### Description/Update

PHA will continue to implement a revised Family Self-Sufficiency (FSS) model, the PHA Advantage FSS program. In FY 2024, PHA received approval for this revised FSS program model which incorporates important changes to how participating families earn escrow, in order to encourage broader participation in FSS and incentivize educational goals and greater engagement in case management. This revised model will include the following program components:

### Revised Escrow Model

In order to encourage families of all income levels to participate in the FSS program, PHA will establish an escrow model in which the monthly escrow amount is determined by the family's annual earned income, rather than the change in their Total Tenant Payment (TTP). As shown in the table below, the family will receive escrow according to income tiers; the family must earn at least \$3,500 in order to begin escrowing savings.

Annual Earned Income		Monthly Escrow Amount
\$0	\$3,499	\$0
\$3,500	\$6,499	\$50
\$6,500	\$9,499	\$75
\$9,500	\$12,499	\$100
\$12,500	\$15,499	\$125
\$15,500	\$18,499	\$150
\$18,500	\$21,499	\$175
\$21,500	\$24,499	\$200
\$24,500	\$27,499	\$225
\$27,500	\$30,499	\$250
\$30,500	\$33,499	\$275
\$33,500	\$36,499	\$300
\$36,500	\$39,499	\$325
\$39,500	\$42,499	\$350
\$42,500	\$45,499	\$375

Annual Earned Income		Monthly Escrow Amount
\$45,500	\$48,499	\$400
\$48,500	\$51,499	\$425
\$51,500	\$54,499	\$450
\$54,500	\$57,499	\$475
\$57,500	\$60,499	\$500
\$60,500	\$63,499	\$525
\$63,500	\$66,499	\$550
\$66,500	\$69,499	\$575
\$69,500	\$72,499	\$600
\$72,500	\$75,499	\$625
\$75,500	\$78,499	\$650
\$78,500	and up	\$675

If the family’s earned income decreases below \$3,500 during their participation, they will no longer receive escrow. However, if the family’s earned income later increases and meets or exceeds \$3,500, they will again receive escrow.

PHA may make modifications to factors in the revised escrow model such as earned income bands and escrow amount in future fiscal years in order to meet FSS program objectives.

**Incentives**

PHA will provide incentives for participants who meet interim goals in order to encourage continued participation in the FSS program and commitment to ITSP goals. Incentive payments will be made with the final escrow disbursement; however interim incentives may be paid at the time the goal is achieved if and when the family provides justification of the need for the disbursement to support one of their FSS goals.

- \$150 for completion of a GED or receipt of a high school diploma
- \$150 for completion of a job training or skills development program, approved by PHA or their designated FSS contractor
- \$250 for obtaining the skilled trade or job-specific certification, such as those required for pharmacy assistants or construction trades and approved by PHA (or their designated FSS contractor)
- \$250 for completion of an Associate’s degree (one-time limit per person)
- \$500 for completion of a Bachelor’s or Master’s degree (one-time limit per person).

In addition to the interim incentives listed above, PHA will also provide an incentive of up to \$2,000 to recent program graduates who purchase a home within two (2) years of completing the PHA Advantage FSS program. To qualify for this homeownership incentive, the graduate must complete a homeownership course and/or counseling approved by PHA. This incentive may be used for down payment and/or post-purchase expenses; PHA will provide this incentive to qualifying graduates in addition to their final escrow disbursement. Accordingly, PHA will not count the homeownership incentive against the cap on total escrow.

PHA will also establish an incentive payment of \$5,000 for FSS graduates that choose to terminate their assistance in the Public Housing or HCV program within two (2) years of completing the FSS Program.

PHA will use FSS escrow forfeitures to fund the incentives described above, including interim incentives for current FSS participants as well as self-sufficiency and homeownership incentives for FSS graduates. PHA will continue to comply with the regulatory requirements for monthly reporting of FSS escrow forfeitures on Form HUD-52681-B.

### **Contract Term**

Using its MTW flexibility, PHA will initiate the five-year term at the execution (effective date) of the CoP. The change in contract term is necessary to conform with other proposed changes which will allow participants to escrow upon execution of their CoP, rather than after their first recertification of income.

### **Transition**

PHA will provide families who enrolled in the FSS program before FY 2024 with the opportunity to benefit from the changes outlined above. PHA will notify existing families of the program changes and offer the opportunity to sign a modified Contract of Participation (CoP), which includes the program components listed above, or to continue with their existing CoP. The revised escrow model and interim incentives described above will not be retroactive for FSS families who enrolled before FY 2024 and who opt to sign a modified CoP.

In FY 2027, PHA anticipates that approximately 100 new families will enroll, resulting in a total enrollment of approximately 700 families into the MTW FSS Program.

### **Planned Non-Significant Changes**

In partnership with Compass Working Capital, PHA may implement a pilot program in FY 2027 to automatically enroll families at select Public Housing properties in the FSS program. Compass Working Capital will offer financial coaching and asset building services to participating families and PHA will continue to administer their FSS escrow accounts. The goal of the pilot program is to increase the reach of the FSS program, to include families who may otherwise not participate, and to improve the economic outcomes for these families.

Families in the pilot program will be permitted to opt-out of the FSS program. PHA will report on the outcomes of this pilot program in the FY 2027 MTW Report.

### **Planned Significant Changes**

No significant changes are planned.

## ACTIVITY 2020-2: SPONSOR-BASED SHARED HOUSING PILOT

### Plan Year Approved, Implemented, Amended

- Approved FY 2020
- Implemented in FY 2020

### Description/Update

Under this activity, PHA will continue to implement a new pilot program to expand housing options for homeless individuals and other hard to serve special populations, which builds on and enhances the ongoing collaboration between the City and PHA to reduce homelessness through the “Blueprint to End Homelessness” initiative.

The pilot program initially involved a shared housing model which included twenty-five (25) units in partnership with the City. PHA subsequently expanded the pilot program with the City to include an additional ten (10) units and entered into a new partnership with the Community College of Philadelphia (CCP) to serve up to sixteen (16) at-risk, low-income students, providing housing opportunities in scattered site units located within walking distance of CCP. To support the stability and success of students, PHA has partnered with the Drueding Center, a local non-profit with experience supporting families who are homeless or at-risk of homelessness, to provide case management and other services to CCP students residing in the partnership units.

In FY 2025, PHA expanded the pilot program to include 41 total units, including 35 units with the City and six (6) units with CCP. Based on an evaluation of the program’s effectiveness in reducing homelessness and providing stable housing for participants, PHA may elect to further expand the program and the number of units. The elements of the pilot program include:

- Utilizing grant funding provided by the City to leverage MTW funds, PHA will rehabilitate existing vacant and uninhabitable scattered site public housing units. Units will generally be large-bedroom sizes with 3+ bedrooms per unit. No liens will be placed on the properties.
- PHA will enter into a master lease for one or more of the rehabilitated units with the City and/or qualified local, non-profit provider(s) that serves formerly homeless individuals and/or other hard to serve populations, i.e. youth aging out of foster care, chronically homeless, victims of domestic violence, etc.
- PHA does not intend to mix different target populations within the same unit. Supportive services will be offered directly and/or through referrals based on the needs and priorities of the resident population served, which may include case management, behavioral health services, preventive health care, adult education, employment and training, and/or other services.

- Under the terms of the master lease, the City and/or designated provider(s) (“Sponsor Agency”) will pay a flat rent to PHA. PHA will not collect or receive rents from individual tenants. The Sponsor Agency(s) will be allowed to sublease individual rooms within the unit to eligible, low-income individuals. The Sponsor Agency(s) will provide a shared housing model and supportive services to program participants and will screen and determine eligibility of participants; maintain a waiting list if needed; implement a rent policy by which participants will pay no more than 30% of income for rent; enter into sublease agreements with participants; collect rents; and develop and enforce house rules. PHA does not anticipate that on-site staffing will be required.
- Participants in this pilot program will not be considered public housing residents and will not have the responsibilities and rights associated with PHA public housing resident households. PHA will request HUD approval to classify the units covered under this pilot program as “MTW Neighborhood Services” units in accordance with PIH 2011-7. PHA will then report on households served through the MTW 50058 form. PHA’s understanding is that each occupied unit will count as one household for MTW purposes, irrespective of the number of individuals sharing the unit.
- Participants will not be subject to PHA’s Admissions and Continued Occupancy Policies including, but not limited to, those related to Eligibility Determination, Continued Occupancy, Transfers, Informal Hearings or Grievance Hearings. Participants will not be subject to public housing Community Service requirements. However, participants will be subject to admissions and continued occupancy policies established by the City or Sponsor Agency with whom PHA has entered a master lease agreement.
- Lease enforcement (up to and including evictions), house rules enforcement, rent collection and other property management activities will generally be the responsibility of the City or Sponsor Agency.
- PHA will ensure that all units meet UPCS standards at initial inspection. PHA’s role will be to prepare the unit for initial occupancy and perform routine and emergency maintenance services.
- The City and/or Sponsor Agency(s) will provide PHA with quarterly reports that provide basic data on program participants including household income, dates of occupancy, supportive services provided, outcomes achieved and other required information.

Based on negotiations with the City and/or Sponsor Agency, PHA may elect to adopt an expanded role and assume responsibilities in addition to those that are described above.

## ACTIVITY 2021-1: LIMITED PILOT - MTW CONTINUED OCCUPANCY POLICY

### Plan Year Approved, Implemented, Amended

- Approved FY 2021
- Implemented FY 2024

### Description/Update

In FY 2021, PHA received HUD approval to implement a pilot program to require work-able adults residing in select PHA developments to work or participate in an education or job training program. Recognizing the health and financial impact of the COVID-19 pandemic on low-income families, PHA paused plans to implement the pilot program. PHA resumed planning and completed implementation of the pilot program in FY 2025, with ample services and hardship protections to ensure that families have the capacity and support to comply with the new requirements.

This pilot program will not apply to PHA residents or HCV participants admitted before the implementation of this activity. To support and provide incentives for employment and self-sufficiency, PHA has established an MTW continued occupancy policy applicable to new residents at a limited number of target developments and units. The policy requires all non-disabled adults aged 18-54 in the household to complete at least 20 hours per week of employment – or participate in an approved education or job training program - as a condition of continued occupancy. Elderly and disabled adults, household members who become elderly or disabled and household members who are caretakers of elderly/disabled family members are exempt from the continued occupancy requirement. To support residents in achieving compliance, households are referred and provided with supportive services, as needed, to PHA's new Workforce Center, where they are able to work with a PHA Navigator to identify and secure employment, training and supportive service placements and referrals to PHA partner agencies.

The policies for the pilot program apply only to households that are *newly admitted or transferred* to: 1) Public Housing scattered site units; 2) PHA owned or controlled non-RAD PBV developments; and 3) Turnover units, and units available at initial occupancy for which there are no public housing conversion households with a right to return, in PHA-owned or controlled PBV RAD developments. Households who have a right to return to a RAD development will continue to be offered units before any new admission and will not be subject to the continued occupancy work requirement.

In tandem with the pilot program, PHA has established an admissions and transfer preference applicable only to the above-listed target units and development. The admissions and transfer preference, which does not require MTW waivers from HUD, is assigned to eligible applicant households where at least one adult is working 20+ hour per week or participating in an education or job training program. Eligible elderly (55+) and disabled applicants are also assigned this preference.

A household member who has a short-term medical issue or disability, or who is responsible for the care of a child under age six and is unable to secure appropriate childcare, which prevents the member from fulfilling the work (or education or job training program) requirement will be allowed to request a temporary hardship exemption subject to third party verification of the hardship.

PHA will review the results of the pilot program before making any decisions regarding expanding the policy to additional sites or units. PHA will provide information on any proposed changes to the policy in future MTW Annual Plans.

Families admitted or transferring to impacted developments will be informed of the continued occupancy work requirement and referred to PHA's Resident Programs and Partnerships (RPP) division for an orientation to learn more about the programs and services offered by PHA and its partners. RPP will meet with the family to review their needs and challenges, and to identify strategies to help ensure that all non-exempt family members are able to comply with the continued occupancy requirement. Non-exempt family members who do not meet the requirement at lease-up will be required to work with RPP to enter into an action plan for the resident to come into compliance within 180 days.

## ACTIVITY 2022-1: EMERGENCY WAIVERS

### Plan Year Approved, Implemented, Amended

- Approved FY 2022
- Implemented in FY 2022

### Description/Update

PHA will use MTW flexibility to establish emergency waivers during economic and health related emergencies and natural disasters as declared by the Mayor or his/her designee. This activity allows PHA to waive and/or adopt alternative requirements should they be needed in order to relieve burdens on all stakeholders, including low-income families participating in PHA's Public Housing and HCV programs.

1. **Delayed Reexaminations:** PHA may waive the requirement to conduct a reexamination of family income and composition at least annually. Where reexaminations have been delayed, PHA will complete the reexamination no later than the anniversary month of the following year. The next reexamination will be scheduled on the same anniversary month using the applicable reexam frequency for the family. For example, if a biennial reexam was due on April 2022, PHA would complete the reexam by April 2023. The next scheduled biennial reexam would take place in April 2025. This waiver applies to the PH and HCV programs.
2. **Verification of Income:** PHA may waive the requirements of the verification hierarchy and continue to use Enterprise Income Verification (EIV) to confirm tenant income at both interim and regular recertifications, unless specifically waived by HUD. This waiver applies to the PH and HCV programs.
3. **Increase in Payment Standard:** PHA may waive the requirement to apply the increased payment standard back to the regular effective date for delayed regular reexaminations. Instead, during periods of declared emergencies, PHA will apply the increased payment standard at the next interim reexamination after the effective date of the increased payment standard. If PHA completes a reexam late, PHA will apply the payment standard in effect on the effective date of the delayed regular reexamination. This waiver applies to the HCV program.
4. **Delayed Regular HQS Inspections:** PHA may waive the requirement for completion of regular HQS inspections at least biennially. Where a regular HQS inspection has been delayed, PHA will complete the HQS inspection no later than the anniversary month of the following year. The next HQS inspection will be scheduled on the same anniversary month using the applicable inspection frequency for the unit. For example, if an HQS inspection was due on July 2020, PHA would complete the inspection by July 2021. The next scheduled annual HQS inspection would take place in July 2022. PHA will continue to request a self-certification from the owner that no life threatening conditions exist in the

unit. Additionally, PHA will continue to conduct complaint inspections. This waiver applies to the HCV program.

5. **Interim HQS Inspections:** PHA may waive the requirement to conduct re-inspections to confirm repair; however, PHA will require that the owner self-certify and provide documentation that a life-threatening deficiency has been corrected within 24 hours of notification and that a non-life-threatening deficiency has been corrected within 30 days of PHA notification. This waiver applies to the HCV program.
6. **HQS QC Inspections:** PHA may waive the requirement to conduct HQS quality control inspections and instead will suspend HQS quality control inspections until the emergency waiver has been lifted. This waiver applies to the HCV program.
7. **Homeownership HQS:** PHA may waive the requirement for the initial HQS inspection for homeownership units; however, an independent professional inspection will still be required. This waiver applies to the HCV Homeownership Program.
8. **Delayed PH Annual Self-Inspection:** PHA may waive the requirement to complete annual self-inspections of PH units. Where self-inspections are delayed, PHA will continue to respond to and address serious conditions that could jeopardize life or property. Additionally, if self-inspections are delayed, PHA will resume self-inspections once the waiver is lifted beginning with the units which were inspected on the oldest date. PHA has not yet implemented the waiver and continues to perform required self-inspections; however, PHA will reserve the right to apply this waiver in the upcoming fiscal year. This waiver applies to the PH program.
9. **FSS Contract of Participation:** PHA may waive the requirement regarding the maximum extension of an FSS Contract of Participation (COP). During periods of declared emergency, PHA may extend a family's COP, using the declared emergency as good cause of the need for extension. For households who were already in the two year extension period when the emergency was declared, PHA may extend their COP beyond the two year extension threshold. This waiver applies to the PH and HCV FSS program.

PHA will report on those emergency waivers implemented in the FY 2026 MTW Report in the event of a natural disaster, economic, or health related emergency.

### **Planned Non-Significant Changes**

## **ACTIVITY 2025-1: ALTERNATIVE INSPECTION SCHEDULE**

### **Plan Year Approved, Implemented, Amended**

- Approved FY 2025
- Implemented in FY 2025

### **Description/Update**

PHA has implemented an alternative inspection schedule for select HCV units based on an assessment of the age, property/unit condition, quality of property management and/or other relevant factors for individual units and buildings under a Housing Assistance Payment contract. Alternative inspections will require that eligible units meet Housing Quality Standards (HQS) and be inspected at least once every three years. PHA anticipates that this activity will continue to incentivize owners and participants to maintain units in compliance with HQS and reduce staff time associated with inspecting high-quality units.

All HCV participants and owners will continue to be able to request a complaint inspection at any time in accordance with PHA's Administrative Plan. Additionally, PHA will reserve the right to revert the inspection cycle to biennial for a unit or building at any time. HUD shall continue to be able to conduct or direct PHA to conduct inspections at any time for health, safety and/or accessibility purposes.

The alternative inspection schedule may be applied to units in the tenant-based and unit-based program based on PHA's assessment of the age, property and/or unit condition, quality of property management and/or other relevant factors. In FY 2026, PHA will apply the flexibility to inspect units once every three years to UBV units owned by PHA or a PHA affiliate. Additionally, PHA may expand the application of this flexibility to tenant-based and unit-based vouchers for units and properties that were recently built, including new construction.

In FY 2026, PHA expanded this activity to include the flexibility to conduct pre-inspections. PHA will approve an assisted tenancy and execute the HAP contract if the unit passed pre-inspection within 90 days of the move-in date. If a Request for Tenancy Approval (RFTA) is submitted after the 90-day period has elapsed, PHA will conduct another inspection.

### **Planned Significant Changes**

No significant changes are planned.

## **ACTIVITY 2025-2: EXPANDING HOUSING OPTIONS FOR VETERANS**

### **Plan Year Approved, Implemented, Amended**

- Approved FY 2025
- Implementation Planned for FY 2027

### **Description/Update**

PHA will implement a limited pilot program to provide a broader range of housing options to eligible elderly and disabled veterans. In coordination with the national and local Veterans' Affairs offices, PHA has worked to identify unmet housing needs among the local population of elderly and disabled homeless veterans. As a result, PHA and the VA found elderly and disabled homeless veterans in need of housing which offers meals/dining services and assistance with performing daily activities. The pilot program outlined in this activity is based on PHA's discussions with the local VA, which endorses and supports this concept.

PHA will expand the housing options available to elderly and disabled veterans assisted through the Veterans Affairs Supportive Housing (VASH) program in order to address the unmet needs of this population. PHA will permit eligible VASH participants to use their tenant-based voucher to reside in a personal care home or similar settings, in which bedrooms, bathrooms, and/or living areas may be shared among a limited number of eligible participants. Personal care homes and similar settings eligible under this activity must be accessible and offer meals and dining services, assistance with performing daily activities, and other supportive services.

Under this activity, PHA may establish a payment standard which exceeds 120% of the applicable FMR for tenant-based VASH participants residing in a personal care home or similar housing. Housing assistance will be limited to rent; PHA will not provide assistance for expenses or services outside of rent.

For tenant-based VASH participants residing in a personal care home or similar settings, PHA will exclude Aid and Attendance Benefits from the VA when calculating the participant's income and tenant rent portion. PHA anticipates that all VASH participants eligible under this activity currently receive Aid and Attendance Benefits, which will be paid directly to the personal care home to cover expenses not covered by the housing assistance provided by PHA, such as meals and supportive services.

During the initial year of implementation, PHA will limit the program to 12 participants. PHA will assess the pilot program and its parameters after the initial year.

As noted above, PHA will apply the approved MTW flexibilities under this activity to the Veteran's Affairs Supportive Housing (VASH) program.

**Planned Non-Significant Changes**

No non-significant changes are planned.

**Planned Significant Changes**

No significant changes are planned.

## **ACTIVITY 2025-3: EXPANDING AFFORDABLE HOUSING OPPORTUNITIES THROUGH ACQUISITIONS**

### **Plan Year Approved, Implemented, Amended**

- Approved FY 2025 Plan Amendment
- Implemented in FY 2025

### **Description/Update**

PHA has established strategic goals to preserve or redevelop its current portfolio of approximately 13,000 public housing units and to add up to 7,000 affordable housing units to the portfolio utilizing Faircloth to RAD, Unit Based Vouchers, MTW Local Non-Traditional Housing Development and other available program tools and methods. To accomplish the goal to increase the number of affordable housing units, PHA or its affiliate(s) will acquire existing multifamily properties and vacant land throughout the City of Philadelphia to preserve housing that currently serves low-income families and/or to make available new housing for low-income families in neighborhoods that offer economic opportunities and other amenities. The cost of acquiring existing multifamily housing is substantially lower than the cost of new development undertaken directly by PHA or its affiliates. Pursuant to this activity, PHA may utilize MTW funds and reserves, collectively “MTW Funds”, to acquire:

- Expiring LIHTC properties and/or properties with expiring affordable use restrictions;
- Other multifamily properties located in opportunity areas that are being sold at or below market value; and,
- Mixed-use, mixed-income or market rate housing in opportunity neighborhoods.

Determinations on the specific properties to be acquired will be opportunity-driven and based on PHA’s ongoing evaluation of market opportunities including foreclosure sales. At the time of acquisition, properties may be fully or partially occupied or vacant (including vacant land) and may require various levels of rehab or new development. Prior to entering into a Housing Assistance Payments Contract for some or all housing units within an acquired property, PHA or its affiliate may undertake necessary rehabilitation or development and provide property management services utilizing MTW Funds. However, MTW Funds will only be utilized for units either currently housing low-income families or that are vacant and targeted for future occupancy by low-income families.

Since inception of this activity through March 2026, PHA has acquired the following properties and vacant land/lots.

Please note that PHA will provide additional details to HUD as needed on each acquired property as part of the request to draw down funds. PHA may grant or loan MTW Funds to its affiliate, Philadelphia Housing Authority Development Corporation (PHADC), to acquire properties under this activity. To the extent feasible, MTW Funds will leverage City, State, Low Income Housing Tax Credit equity, tax exempt bond proceeds and other public and private funds.

MTW Funds may also be used for development, renovations and/or rehabilitation of acquired properties. Repairs and improvements will be made to ensure that all units meet HQS or NSPIRE standards.

At the time of acquisition and prior to being covered under a HAP Contract, these properties will not be federal public housing or Project Based Voucher units. Accordingly, this activity will conform to the General Parameters detailed in part 5.A. of HUD PIH Notice 2011-45 (“Notice”), as well as the part 5.D parameters applicable to Local Non-Traditional Housing Development Programs. In accordance with the Notice:

- MTW Funds will support development (acquisition) of rental units targeted for households earning less than 80% of Area Median Income.
- PHA will require deed restrictions or other legally binding covenants to ensure long-term affordability. The minimum affordability term will be thirty years unless otherwise approved by HUD.
- Projects will comply with environmental review requirements pursuant to 24 CFR part 50 or 58 as applicable.
- Housing units will meet HQS or NSPIRE throughout the term.
- Projects will be within the HUD TDC and Housing Cost Cap limits and comply with HUD Cost Control and Safe Harbor Standards for Rental Mixed Finance Development as applicable.

As noted, PHA will report on all funded activities through the MTW Annual Report.

## D. Closed Out Activities

The following table summarizes previously approved MTW activities that PHA has completed, discontinued, or determined that the activity no longer requires MTW authority to implement.

Activity	Plan Year	Close Out Year	Reason for Close Out
Assisted Living	FY 2009	FY 2011	PHA discontinued this activity prior to its implementation based on a determination that sufficient funding was not available from state, federal and other required sources.
Home Care Services	FY 2009	FY 2011	PHA discontinued this activity prior to its implementation based on a determination that services can be delivered more efficiently through third-party partners.
Scattered Site Income Tiering	FY 2011	FY 2011	PHA discontinued this activity prior to its implementation based on decisions made as part of the scattered site asset repositioning initiative including disposition and auction of vacant and obsolete properties.
HCV Time Limit	FY 2004	FY 2012	PHA discontinued this activity due to economic conditions, which limited the availability of jobs for residents.
HCV HQS Enforcement	FY 2004	FY 2012	PHA discontinued this policy based on a decision to establish uniform HQS enforcement policies for both MTW and Non-MTW vouchers.
Public Housing Service Order Policy	FY 2004	FY 2012	PHA discontinued this policy after discussions with the HUD Field Office concerning the need to expedite service order response times.
Tenant Responsibility Training	FY 2004	FY 2013	PHA determined that this activity does not require MTW flexibility to implement.
Blueprint	FY 2004	FY 2013	PHA continues to implement the Blueprint Program; however, a determination was made that the activity does not require MTW flexibility.
Transitional Housing Facilities	FY 2007	FY 2013	PHA determined that comparable activities are authorized under Partnership Initiative.
LIFE Program	FY 2007	FY 2013	PHA determined that this activity does not require MTW programmatic waivers or funding.
Community Service Policy	FY 2011	FY 2013	PHA determined that this activity does not require MTW flexibility.
Expanding Use of LIHTC	FY 2011	FY 2013	PHA determined that the proposed activities were covered under Partnership and Unit-Based Leasing/Development Initiatives.
Family Economic Development Action Plan/Tenant Responsibility Training	FY 2004	FY 2014	PHA discontinued this activity along with discontinuation of HCV time limits, as they were interrelated activities. No additional statutory exceptions outside of the current MTW flexibilities were considered.
Comprehensive Resident Self Sufficiency Services	FY 2005	FY 2014	PHA continues to provide comprehensive resident self-sufficiency services utilizing MTW funds. However, MTW programmatic waivers are not required. These activities are now referenced in

<b>Activity</b>	<b>Plan Year</b>	<b>Close Out Year</b>	<b>Reason for Close Out</b>
			Chapter V under the Single Fund Flexibility section.
90 Day Voucher Reissuance Policy	FY 2005	FY 2014	PHA discontinued this policy based on an assessment that it would not contribute to PHA's utilization goals.
Accessible Unit Retrofitting and Development	FY 2010	FY 2014	PHA has completed the accessible unit retrofitting under Attachment E of the MTW Agreement. PHA will continue to develop accessible units as part of its revitalization programs; however, this activity does not require specific MTW waivers
Moving to Work Family Agreement Addendum	FY 2004	FY 2016	PHA elected not to utilize this Agreement and instead provides a Family Responsibilities form to each household at each regular recertification.
\$20 Minimum Threshold for Utility Allowance Reimbursements	FY 2009	FY 2016	PHA elected not to establish a minimum threshold of \$20 for payment of utility allowance payments.
Adult Day Care	FY 2011	FY 2017	PHA transitioned the program to a qualified third party provider and does not provide MTW funding or utilize MTW waivers to support the activity.
Flexible Subsidy Initiative	FY 2014	FY 2025	PHA determined that this activity was not required and elected not to proceed with implementation.

## V. PLANNED APPLICATION OF MTW FUNDS

### A. Planned Application of MTW Funds

Tables 9 and 10 below provide estimates of PHA’s MTW sources and uses for FY 2027, which begins April 1, 2026 and ends March 31, 2027. As PHA’s funding levels for future periods are unknown at the present time, these tables provide preliminary projections and are subject to change based on the actual level of funding provided to PHA. The tables follow HUD’s Financial Data Schedule (FDS) format and do not include information on non-MTW funding sources or uses.

*iii. Description of Planned Application of MTW Funding Flexibility*

Under the MTW Program, PHA is authorized to apply fungibility across the Public Housing Operating Fund, Capital Fund and Housing Choice Voucher Program Housing Assistance Payments and Administrative fee funding sources. Activities that utilize MTW single fund flexibility, and that are not otherwise authorized pursuant to the Proposed and Approved MTW Activities sections of the Annual Plan, are summarized below:

- Capital Activities to support development activities including acquisitions, new development, and preservation of affordable housing, and maintenance and site improvements throughout PHA.
- Family Programs and Comprehensive Resident Supportive Service activities to support a wide range of public safety, program compliance, and training and education efforts for PHA residents including: youth development programs citywide; senior programs citywide; Pre-Apprenticeship Program; service coordination; job training and placement; educational partnership initiatives; affordable homeownership programs; Community Relations police units; Community Partners training and educational programs; and other Economic Development and Self-Sufficiency program activities. See Table 11 below for a summary of resident services initiatives planned for FY 2027 including MTW and Non-MTW funded initiatives.

- Quality of Life Programs to support Lease Enforcement and Section 8 investigations programs.
- General Conditions to include functional enhancements and training on software systems, staff training, and energy management initiatives.
- Management directives associated with balancing and optimizing PHA’s organization structure in line with HUD funding modifications related to the MTW agreement.
- PHA may utilize single fund flexibility to support the planning and development of a child savings program for young children who are part of PHA HCV and PH households. Based on preliminary discussions, PHA anticipates making contributions to educational savings accounts on behalf of eligible PHA children. PHA is currently determining the parameters for the program and working to identify potential partners for administering the savings program. PHA may propose an MTW activity in future fiscal years if components of the child savings program require an MTW waiver.
- In FY 2027, PHA may utilize single fund flexibility to support the stability and success of veterans newly admitted and housed through the VASH program. Specifically, PHA may provide financial assistance for veterans to purchase basic home furniture for their rental unit.

### C. Local Asset Management Plan

i. <i>Is the MTW PHA allocating costs within statute?</i>	No
ii. <i>Is the MTW PHA implementing a local asset management plan (LAMP)?</i>	Yes
iii. <i>Has the MTW PHA provided a LAMP in the appendix?</i>	Yes

#### *Description of Proposed Changes to the Local Asset Management Plan in the Plan Year*

Pursuant to its MTW Agreement, PHA has developed a Local Asset Management Plan (LAMP) that describes the agency's cost allocation plan and other technical components of PHA's local asset management strategy. HUD approved PHA's initial LAMP as part of the MTW FY 2010 Annual Plan submission. When applicable, PHA will submit updates to the LAMP as part of the Annual Plan submission. No changes are proposed to the LAMP for FY 2027. A copy of the current LAMP is included in Appendix B.

## D. Rental Assistance Demonstration (RAD) Participation

### i. Description of RAD Participation

The conversion of public housing units to project-based assistance under the RAD program is an important component of PHA’s “Opening Doors” housing preservation and expansion strategy. Through RAD conversion, PHA is able to access private equity (primarily through the Low Income Housing Tax Credit program) and other funds to invest in existing PHA developments as well as to leverage new funding to replace obsolete scattered site units and “transfer assistance” to other new developments. Table 14 below provides summary information on PHA’s current plans to convert existing public housing units to project-based assistance through the RAD program, and to transfer public housing assistance from vacant, non-viable scattered site units to new developments that will be subsidized through long-term project-based assistance contracts in FY 2027 and future years. PHA will also continue to utilize HUD’s “Faircloth to RAD” (FTR) initiative to expand the supply of affordable housing. Under FTR, PHA is able to tap into unused public housing Annual Contributions Contract (ACC) authority, develop new public housing using that authority and then convert the public housing to Project Based Voucher assistance under the RAD program. Projects listed in Table 14 below may be pending Low Income Housing Tax Credit awards and/or other financing and, as a result, are subject to change.

For informational purposes, Table 15 includes those developments that PHA has converted through the RAD program, as well as the developments PHA expects to convert through the RAD program by the close of FY 2026, including transfer of assistance and FTR developments. Actual timetables for conversion and/or PHA’s decision to proceed with conversion may vary from the information included below, depending on various factors including project feasibility determinations, project financing, timetables for HUD and other approvals and other factors.

The timetable for RAD conversions and FTR extends beyond FY 2027 and continues to be refined in consultation with HUD and PHA’s resident leadership. The listed projects may be modified in the future and are subject to approval by HUD and the PHA Board of Commissioners. Due to variances in development plans and schedules, projects listed may appear in prior or future Annual Plans, and unit counts may vary. PHA may apply for additional RAD conversions beyond those shown in Tables 14 and 15.

ii. *Has the MTW PHA submitted a RAD Significant Amendment in the appendix?*

No

iii. *If the MTW PHA has provided a RAD Significant Amendment in the appendix, please state whether it is the first RAD Significant Amendment submitted or describe any proposed changes from the prior RAD Significant Amendment?*

PHA has submitted and obtained HUD approval for the RAD Significant Amendments listed on Table 16, including RAD Significant Amendments submitted on December 29, 2025 as part of Amendment #1 to the FY 2026 Annual Plan and approved by HUD on February 23, 2026.

iv. *RAD Significant Amendments*

PHA is required to prepare a RAD Significant Amendment for each RAD project as part of the HUD approval process. The Significant Amendment process includes a public notice period, a public hearing and approval by the PHA Board of Commissioners prior to submission to HUD.

Table 16 provides summary information on all previously submitted RAD Significant Amendments, including the HUD approval date for each. Additional Significant Amendments for other planned RAD developments will be submitted in the future.

## **VI. ADMINISTRATIVE**

### **A. Board Resolution and Certifications of Compliance**

A resolution approving the FY 2027 MTW Annual Plan and the MTW Plan Certification of Compliance was adopted by the PHA Board of Commissioners at the December 2025 meeting following the public review process and public hearing. The Resolution for the FY 2027 MTW Annual Plan is included in Appendix A.

### **B. Documentation of Public Process**

PHA provided public notice of the FY 2027 MTW Annual Plan (and posted the Plan on its website). A thirty-day public comment period to allow for resident and general public review was provided from October 31 through November 30, 2025. A virtual, online public hearing was held on November 19, 2025 attended by two (2) participants, in addition to PHA staff. PHA also conducted a meeting on November 12, 2025 with resident leadership to discuss proposed Plan contents and provide additional opportunities for resident input. The meeting was attended by 43 participants, including resident leadership and PHA staff.

PHA provided public notice of Amendment #1 to the FY 2027 MTW Annual Plan (and posted the Plan on its website). A thirty-day public comment period to allow for resident and general public review was provided from March 5, 2026 to April 4, 2026. A virtual, online public hearing was held on March 25, 2026.

### **C. Planned and Ongoing Evaluations**

The most recent impact analysis of PHA's rent simplification efforts is included in Appendix F.

### **D. Lobbying Disclosures**

The required Disclosure of Lobbying Activities (SF-LLL) and Certification of Payment (HUD-50071) forms are included in Appendix A.

## **VII. APPENDICES**

### **Appendix A: Board Resolution, MTW Certification & Lobbying Disclosures**

**RESOLUTION NO. 12455**

**RESOLUTION AUTHORIZING THE PHILADELPHIA HOUSING AUTHORITY TO SUBMIT TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT ITS MOVING TO WORK ("MTW") ANNUAL PLAN FOR FISCAL YEAR 2027 AND A SIGNIFICANT AMENDMENT TO THE FISCAL YEAR 2026 MTW PLAN**

**WHEREAS**, the U.S. Department of Housing and Urban Development ("HUD") administers a Moving to Work ("MTW") Demonstration Program that is designed to provide the opportunity for selected housing authorities to explore and demonstrate more efficient ways to provide and administer low-income housing, and pursuant to the Philadelphia Housing Authority ("PHA") Board of Commissioners Resolution No. 10618, dated December 21, 2000, PHA submitted to HUD an MTW Application Plan and Agreement; and

**WHEREAS**, since 2001, when HUD accepted PHA's application for participation in the MTW Demonstration Program and HUD and PHA subsequently executed a MTW Demonstration Agreement ("MTW Agreement"), PHA has continuously participated in the MTW Demonstration Program, with its current agreement extending to 2038; and

**WHEREAS**, as a participant in the MTW Demonstration Program, PHA is required to develop an MTW Annual Plan for each fiscal year during the term of the MTW Agreement, which outlines the PHA budget and MTW activities, and to submit the Annual Plan for approval by its Board at least seventy-five (75) days prior to the beginning of each fiscal year ("FY"), with FY 2027 beginning on April 1, 2026; and

**WHEREAS**, PHA has distributed to the Board both PHA's MTW Annual Plan for FY 2027 ("Plan"), a summary of which is attached hereto as Attachment "A," and a Significant Amendment to the MTW Annual Plan for FY 2026 ("Amendment"), which is for three thousand, thirty-six (3,036) units at the following thirty-one (31) developments: Liberty 52; Maguire Residences; Nicole Hines Townhomes; Peg's Place; St. Francis Villa; St. Rita Place Senior Housing; Germantown House; LEB I; LEB II; LEB III; Ludlow Phase III; Mantua I; Mantua II; Marshall Shepard; Nellie Reynolds Gardens; Paschall I; Paschall II; Warnock I; Warnock II; Abbottsford; Bartram Village; Johnson Homes; Richard Allen Homes; Spring Garden Apartments; 28<sup>th</sup> & York; Frankford TOD; HACE Fairhill and Hugh Street Lofts Scattered Sites; Media Flats 6435 Media Street; Philly House Residence; Project Home 4912 Griscom Street; and West Philadelphia Preservation; and

**WHEREAS**, PHA has fulfilled the HUD requirement of providing opportunities for resident and public participation and comment on the FY 2027 Plan and the FY 2026 Amendment, including scheduling at least one (1) public hearing and taking into consideration any comments received, by: 1) holding an introductory meeting with resident leadership and interested PHA residents on November 12, 2025; 2) holding a Public Hearing on November 19, 2025; 3) posting the draft Plan and Amendment on PHA's website; 4) making copies of the draft Plan and Amendment available at PHA's Headquarters; and 5) accepting and considering public comments from October 31, 2025 through November 30, 2025;

**BE IT RESOLVED** that the Board of Commissioners hereby approves the MTW Annual Plan for FY 2027 and a Significant Amendment to the FY 2026 MTW Plan, in substantially the form distributed to the Board, and authorizes PHA's Chair and/or President & CEO or their authorized designee(s) to: 1) submit to HUD the FY 2027 Annual MTW Plan and the FY 2026 MTW Plan Amendment; 2) take all steps necessary to finalize and secure HUD approval and implement initiatives described in the Plan and Amendment, subject to receipt of adequate funding from HUD; 3) certify that the Public Hearing requirement has been met; and 4) execute the HUD Certifications of Compliance with MTW Plan Requirements and Related Regulations, in substantially the form attached hereto as Attachment "B," for each certification.

I hereby certify that this was  
APPROVED BY THE BOARD ON 12/18/2025

**CERTIFICATIONS OF COMPLIANCE**

**U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT  
OFFICE OF PUBLIC AND INDIAN HOUSING  
Certifications of Compliance with Regulations:  
Board Resolution to Accompany the Annual Moving to Work Plan**

Acting on behalf of the Board of Commissioners of the Moving to Work Public Housing Agency (MTW PHA) listed below, as its Chair or other authorized MTW PHA official if there is no Board of Commissioners, I approve the submission of the Annual Moving to Work Plan for the MTW PHA Plan Year beginning (04/01/2026), hereinafter referred to as "the Plan", of which this document is a part and make the following certifications and agreements with the Department of Housing and Urban Development (HUD) in connection with the submission of the Plan and implementation thereof:

- (1) The MTW PHA published a notice that a hearing would be held, that the Plan and all information relevant to the public hearing was available for public inspection for at least 30 days, that there were no less than 15 days between the public hearing and the approval of the Plan by the Board of Commissioners, and that the MTW PHA conducted a public hearing to discuss the Plan and invited public comment.
- (2) The MTW PHA took into consideration public and resident comments (including those of its Resident Advisory Board or Boards) before approval of the Plan by the Board of Commissioners or Board of Directors in order to incorporate any public comments into the Annual MTW Plan.
- (3) The MTW PHA certifies that the Board of Directors has reviewed and approved the budget for the Capital Fund Program grants contained in the Capital Fund Program Annual Statement/Performance and Evaluation Report, form HUD-50075.1 (or successor form as required by HUD).
- (4) The MTW PHA will carry out the Plan in conformity with Title VI of the Civil Rights Act of 1964 (42 USC 2000d-1), the Fair Housing Act (42 USC 3601 et seq.), section 504 of the Rehabilitation Act of 1973 (29 USC 794), title II of the Americans with Disabilities Act of 1990 (42 USC 12131 et seq.), the Violence Against Women Act (34 USC 12291 et seq.), all regulations implementing these authorities; and other applicable Federal, State, and local fair housing and civil rights laws.
- (5) The Plan is consistent with the applicable comprehensive housing affordability strategy (or any plan incorporating such strategy) for the jurisdiction in which the PHA is located.
- (6) The Plan contains a signed certification by the appropriate State or local official (form HUD-50077-SL) that the Plan is consistent with the applicable Consolidated Plan, which includes any applicable fair housing goals or strategies, for the PHA's jurisdiction and a description of the way the PHA Plan is consistent with the applicable Consolidated Plan (24 CFR §§ 91.2, 91.225, 91.325, and 91.425).
- (7) The MTW PHA will affirmatively further fair housing in compliance with the Fair Housing Act, 24 CFR 5.150 et. seq, 24 CFR 903.7(o), and 24 CFR 903.15, which means that it will take meaningful actions, in addition to combating discrimination, that overcome patterns of segregation and foster inclusive communities free from barriers that restrict access to opportunity based on protected characteristics. Specifically, affirmatively furthering fair housing requires meaningful actions that, taken together, address significant disparities in housing needs and in access to opportunity, replacing segregated living patterns with truly integrated and balanced living patterns, transforming racially or ethnically concentrated areas of poverty into areas of opportunity, and fostering and maintaining compliance with civil rights and fair housing laws (24 CFR 5.151). The MTW PHA certifies that it will take no action that is materially inconsistent with its obligation to affirmatively further fair housing.
- (8) The MTW PHA will comply with the prohibitions against discrimination on the basis of age pursuant to the Age Discrimination Act of 1975 and HUD's implementing regulations at 24 C.F.R. Part 146.
- (9) In accordance with the Fair Housing Act and Act's prohibition on sex discrimination, which includes sexual orientation and gender identity, and 24 CFR 5.105(a)(2), HUD's Equal Access Rule, the MTW PHA will not base a determination of eligibility for housing based on actual or perceived sexual orientation, gender identity, or marital status and will not otherwise discriminate because of sex (including sexual orientation and gender identity), will make no inquiries concerning the gender identification or sexual orientation of an applicant for or occupant of HUD-assisted housing
- (10) The MTW PHA will comply with the Architectural Barriers Act of 1968 and 24 CFR Part 41, Policies and Procedures for the Enforcement of Standards and Requirements for Accessibility by the Physically Handicapped.

- (11) The MTW PHA will comply with the requirements of section 3 of the Housing and Urban Development Act of 1968, Employment Opportunities for Low-or Very-Low Income Persons, and with its implementing regulation at 24 CFR Part 75.
- (12) The MTW PHA will comply with requirements with regard to a drug free workplace required by 24 CFR Part 24, Subpart F.
- (13) The MTW PHA will comply with requirements with regard to compliance with restrictions on lobbying required by 24 CFR Part 87, together with disclosure forms if required by this Part, and with restrictions on payments to influence Federal Transactions, in accordance with the Byrd Amendment, 31 U.S.C. § 1352.
- (14) The MTW PHA will comply with acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and implementing regulations at 49 CFR Part 24 as applicable.
- (15) The MTW PHA will take appropriate affirmative action to award contracts to minority and women's business enterprises under 24 CFR 5.105(a).
- (16) The MTW PHA will provide HUD or the responsible entity any documentation needed to carry out its review under the National Environmental Policy Act and other related authorities in accordance with 24 CFR Part 58. Regardless of who acts as the responsible entity, the MTW PHA will maintain documentation that verifies compliance with environmental requirements pursuant to 24 Part 58 and 24 CFR Part 50 and will make this documentation available to HUD upon its request.
- (17) With respect to public housing and applicable local, non-traditional development the MTW PHA will comply with Davis-Bacon or HUD determined wage rate requirements under section 12 of the United States Housing Act of 1937 and the Contract Work Hours and Safety Standards Act.
- (18) The MTW PHA will keep records in accordance with 2 CFR 200.334 and facilitate an effective audit to determine compliance with program requirements.
- (19) The MTW PHA will comply with the Lead-Based Paint Poisoning Prevention Act and 24 CFR Part 35.
- (20) The MTW PHA will comply with the policies, guidelines, and requirements of 2 CFR Part 225 (Cost Principles for State, Local and Indian Tribal Governments) and 2 CFR Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards), as applicable.
- (21) The MTW PHA must fulfill its responsibilities to comply with and ensure enforcement of Housing Quality Standards, as defined in 24 CFR Part 982 or as approved by HUD, for any Housing Choice Voucher units under administration.
- (22) The MTW PHA will undertake only activities and programs covered by the Plan in a manner consistent with its Plan and will utilize covered grant funds only for activities that are approvable under the Moving to Work Agreement and Statement of Authorizations and included in its Plan.
- (23) All attachments to the Plan have been and will continue to be available at all times and all locations that the Plan is available for public inspection. All required supporting documents have been made available for public inspection along with the Plan and additional requirements at the primary business office of the PHA and at all other times and locations identified by the MTW PHA in its Plan and will continue to be made available at least at the primary business office of the MTW PHA and should be made available electronically, upon request.

Acting on behalf of the above named Applicant as its Authorized Official, I make the following certifications and agreements to the Department of Housing and Urban Development (HUD) regarding the sites listed below:

I certify that the above named Applicant will or will continue to provide a drug-free workplace by:

a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the Applicant's workplace and specifying the actions that will be taken against employees for violation of such prohibition.

b. Establishing an on-going drug-free awareness program to inform employees ---

- (1) The dangers of drug abuse in the workplace;
- (2) The Applicant's policy of maintaining a drug-free workplace;
- (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
- (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.

c. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph a.;

d. Notifying the employee in the statement required by paragraph a. that, as a condition of employment under the grant, the employee will ---

- (1) Abide by the terms of the statement; and
- (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

e. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph d.(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federalagency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

f. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph d.(2), with respect to any employee who is so convicted ---

- (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
- (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

g. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs a. thru f.

## Appendix B: Local Asset Management Plan

### Introduction

Pursuant to the First Amendment to the Moving to Work Agreement, in Fiscal Year 2010 (MTW Year Nine) the Philadelphia Housing Authority has implemented a local asset management plan for its Public Housing Program as described herein. In the implementation of the plan, PHA will continue to adopt cost accounting and financial reporting methods that comply with HUD and federal regulations and generally accepted accounting practices.

PHA's plan supports and is consistent with the agency's ongoing implementation of project-based management, budgeting, accounting and financial management. PHA's project-based management system emphasizes the provision of property management services that have met agency-wide standards while responding to the unique needs of each property. Day to day operations of PHA sites are coordinated and overseen by Property Managers assigned to each property. PHA Property Managers oversee the following management and maintenance tasks:

- Marketing and tenant selection
- Rent collections
- Routine and preventive maintenance
- Unit turnover
- Security
- Resident services
- Resident and community relations
- Capital improvements planning
- Other activities necessary to support the efficient operations of the site

In the implementation of these project level management activities, other PHA departments including Public Safety, Maintenance, Development, ISM, Finance and Budget, Human Resources, Community Operations & Resident Development, Office of General Counsel, Supply Chain Management, and the Office of Audit and Compliance support PHA Property Managers. Property Managers have access to on-line detailed and summary management reports on budget status, waitlist management, key performance indicators to facilitate their monitoring and oversight of property level activities. PHA also conducts Performance Management meetings on a monthly basis, to allow for a thorough review of key performance indicators at the individual site and system-wide levels.

PHA Property Managers develop and monitor property budgets, with support from the PHA Finance and Budget staff. Budget trainings are held annually to support the budget development process. Property Managers are provided with tools to develop their budget estimates including property-specific non-utility and utility cost data from the prior 18 months.

PHA's local asset management plan is consistent with the principles of asset management described in 24 CFR 990.255 and in the First Amendment to PHA's MTW Agreement. Further, the plan is generally consistent with the provisions of 24 CFR 990.260, 990.265, 990.270, 990.275 and 990.285. As allowed under the First Amendment to the MTW Agreement, PHA's local asset

management plan deviates from parts of 24 CFR 990.280, including requirements related to property management fees and fees for services. PHA will utilize the Cost Allocation method referenced in paragraph 6.F.4.b of the First Amendment.

Due to the unique features of the Philadelphia market, PHA's housing portfolio, and the agency, PHA has determined that use of the Cost Allocation method is the most efficient, cost-effective means of achieving the asset management principles referenced above. The factors that impact PHA's asset management plans include, but are not necessarily limited to, the following:

- Scattered Site Portfolio. PHA has over 4190 scattered site properties, which represents nearly 1/3 of its public housing portfolio. We understand this is far and away the largest scattered site public housing portfolio in the country. The geographic diversity of these scattered site units impacts warehouse operations, locations and numbers of management offices, and staffing requirements.
- Aging Housing Stock. PHA operates one of the oldest public housing stocks in the country. It is costlier to operate than newer housing. PHA has engaged in an aggressive development program during the last few years to upgrade and redevelop its units. Due to a lack of adequate funds, this process is far from complete.
- Unionized Workforce. PHA has a heavily unionized workforce. Currently, PHA has contracts with approximately 11 unions. This significantly impacts the operations and costs of PHA's activities. As such, PHA's asset management plan is structured to be cost effective within the limits of these contracts.
- MTW Initiatives. Since the onset of its participation in MTW, PHA has sought to use its MTW flexibilities to implement agency-wide cost-cutting initiatives that will increase efficiencies, maximize use of federal dollars, and benefit PHA's clients. PHA has moved many functions to the site-based level, however a number of MTW initiatives require central administration so they can be adequately measured. For example, PHA has implemented innovative technological systems to maximize efficiencies in admissions, property management, and client services. There are costs associated with development and implementation of these systems before they are implemented at the site level. Under MTW, PHA has also implemented departmental oversight protocols through its Quality Assurance Program. PHA's quality control program has already made PHA's programs more efficient by reducing errors and improving oversight.
- Local Costs. Philadelphia is an old, industrial city where labor costs for maintenance and construction activities are significant. These high costs can be attributed to, in part, prevailing wage requirements as well as the cost of materials and services in the Philadelphia market.

A description of the cost allocation plan and other technical components of PHA's local asset management plan follows:

## **I. AMP Definitions**

An AMP will include any site that receives Operating Subsidies through HUD's Operating Fund Calculation. PHA currently has two types of PHA managed AMPs and PAPMC/AME managed AMPs.

## **II. Balance Sheet Items (Assets, Liabilities & Equity)**

PHA has distributed balance sheet accounts by AMPs as planned in the original Local Asset Management balance sheet accounts were analyzed and distributed to between the AMPs and the Indirect Cost Departments.

### **A. Cash & Investments**

PHA maintains consolidated physical bank accounts, but for financial statement and general ledger presentation cash is distributed between all PHA AMPs and the Indirect Cost Departments. Direct cash and expenses are charged to the proper AMPs or Indirect Cost Departments general ledger account. At the end of the year, cash is adjusted to offset indirect cost allocations between the AMPs and the Indirect Cost Departments. The offsetting of the indirect cost allocations effectively adjusts the inter fund balances to zero except where the AMPs have a negative cash balance which is presented as an inter-fund to the Indirect Cost Departments. All remaining cash and investment balances are presented with the Indirect Cost Departments and reported in the MTW Column of the FDS.

Investment income will be allocated between the PHA Managed AMPs based on the number of units eligible for subsidy from the most recent HUD approved Operating Fund Calculation.

### **B. Tenant Accounts Receivable and Allowance for Doubtful Accounts**

Tenant accounts receivable balances and allowance for doubtful accounts are reported on an AMP basis for each of the PHA Managed AMPs. The ending balances are reconciled to the tenant supporting detail ledgers,

PAPMC/AME Managed AMPs tenant balances are not reported as AMPs in the FDS. Based on PHA's analysis of GASB pronouncements, these AMPs are presented as discrete component units. Tenant accounts receivable and allowance for doubtful accounts are included in the PHA Audited financial statements as a discretely presented component unit.

### **C. Other Accounts Receivable**

Other accounts receivable will be distributed based on the purpose and source of the receivable. Receivables related to a PHA Managed AMP and PAPMC / AME Managed AMP will be distributed to the specific AMP. Any receivable that is not associated to a specific AMP will be distributed to the Indirect Cost Departments.

### **D. PHASI / Worker's Compensation Cash and Liabilities**

The PHASI and Worker's Compensation cash and liabilities will remain with the Indirect Cost Departments and reported in the MTW column of the FDS. At this time, PHA has determined that these liabilities are PHA Agency Wide liabilities and not liabilities of the PHA Managed AMPs or the Indirect Cost Departments. The expenses related to the PHASI liability and worker's compensation liability are charged to appropriate programs or AMPs. PHA has created a cash reserve for the PHASI liability. The cash reserve offsets PHA's liabilities so that the liability is fully funded. PHA utilizes the reserves to pay the liability as needed. PHA has a cash reserve that is held by the Worker's Compensation insurer.

#### **E. Prepaid Insurance**

The prepaid insurance balances for the PHA Managed AMPs will be distributed to AMPs based on the number of units eligible for subsidy from the most recent HUD approved Operating Fund Calculation.

PAPMC/AME Managed AMPs will not be included in the AMPs Columns of the FDS. Prepaid insurance is included in the PHA Audited financial statements as a discretely presented component unit.

#### **F. Materials Inventory and Allowance for Obsolete Inventory**

PHA currently maintains all maintenance materials inventory centrally. AMPs and departments submit requests for inventory and materials are issued then expenses are charged to the appropriate AMP or program. Ending centralized materials inventory and allowance balances for the PHA Managed AMPs will be distributed to AMPs based on the number of units eligible for subsidy from the most recent HUD approved Operating Fund Calculation.

PAPMC/AME Managed AMPs will not be included in the AMPs Columns of the FDS. Materials inventory is included in the PHA Audited financial statements as a discretely presented component unit.

#### **G. Fixed Assets and Accumulated Depreciation**

Fixed assets and accumulated depreciation will be reconciled to the PeopleSoft Asset Module and distributed to the appropriate PHA Managed AMPs and the Indirect Cost Departments. PHA's Asset Management (AM) Module has been established for many years. AM provides PHA with the ability to prepare fixed asset and depreciation reports by AMP or department. AM tracks all fixed assets transactions and records all monthly fixed asset entries. Fixed assets and accumulated depreciation are reported with the appropriate AMP or the MTW Column for assets held by the Indirect Cost Departments.

PAPMC/AME Managed AMPs will not be included in the AMPs Columns of the FDS. Fixed assets and accumulated depreciation are included in the PHA Audited financial statements as a discretely presented component unit.

## **H. Accounts Payable and Accrued Liabilities**

Other accounts payable and accrued liabilities include all liabilities not specifically referred to in the following detailed liability categories. Other accounts payable and accrued liabilities will be distributed based on the purpose and source of the payable or liability. Payables or liabilities related to a PHA Managed AMP and PAPMC / AME Managed AMP will be distributed to the specific AMP. Any payable or liability that is not associated to a specific AMP will be distributed to the Indirect Cost Departments.

## **I. Payroll Liabilities**

All payroll tax and benefits liabilities will continue to be presented with the Indirect Cost Departments and reported in the MTW Column of the FDS. At this time, PHA has determined that these liabilities are PHA Agency Wide liabilities and not liabilities of the PHA Managed AMPs or the Indirect Cost Departments. However, PHA has utilized the LIPH (Fund 001) cash accounts in the past to pay most Agency Wide liabilities, then the LIPH (Fund 001) will receive reimbursements from other programs where applicable. The expenses related to the payroll liabilities will continue to be charged to appropriate programs or AMPs.

Accrued salaries and wages liability will be distributed to/ between AMPs based on the number of units eligible for subsidy from the most recent HUD approved Operating Fund Calculation.

## **J. Compensated Absences**

Compensated absences liabilities will be distributed to/between the PHA Managed AMPs based on the number of units eligible for subsidy from the most recent HUD approved Operating Fund Calculation.

No compensated absences liabilities will be distributed to the PAPMC / AME AMPs because PHA does not charge salaries to these AMPs.

## **K. Net Position**

Invested in Capital Assets balances will follow the Net Fixed Assets that are owned by an AMPs or Departments. Invested in capital assets will be distributed between the Indirect Cost Departments and the PHA Managed AMPs based on where the Net Fixed Assets is distributed.

The Public Housing Program Unrestricted Net Position for all AMPs will be zero because PHA will allocate revenue from the MTW Column to cover the difference between

revenues and expenses generated by each AMP. The total Unrestricted Net Position of the Public Housing Program will be included with the MTW Column.

PAPMC/AME Managed AMPs will not be included in the AMPs Column of the FDS. Invested in capital assets are included in the PHA Audited financial statements as a discretely presented component unit. PAPMC/AME Managed AMPs will not be included in the AMPs Column of the FDS. Unrestricted net assets are included in the PHA Audited financial statements as a discretely presented component unit.

### **III. Revenues**

#### **A. Tenant Revenues**

##### **1. PHA Managed AMPs**

Tenant Revenues will be directly charged to the appropriate AMP.

##### **2. PAPMC/AME Managed AMPs**

PAPMC/AME Managed AMPs will not be included in the AMPs Column of the FDS. Tenant revenue is included in the PHA Audited financial statements as a discretely presented component unit.

#### **B. Direct Revenues**

Direct revenues include tenant fees and service charges that can be identified and charged to a specific site.

##### **1. PHA Managed AMPs**

PHA currently records all direct revenues to the proper PHA Managed AMP. PHA currently records all tenant charges and any direct revenue to the proper PHA Managed AMP. PHA's account structure includes the program code (AMP number) and the appropriate department code, which enables PHA to charge the revenues to the proper PHA Managed AMPs.

PHA's systems and procedures related to direct revenues currently in application are in compliance with asset-based accounting. PHA's systems and procedures will require no transition period or transition procedures to comply with asset-based accounting requirements of presenting all direct revenues under the proper AMP.

##### **2. PAPMC/AME Managed AMPs**

PAPMC/AME Managed AMPs will not be included in the AMPs Column of the FDS. Direct revenues are included in the PHA Audited financial statements as a discretely presented component unit.

### **C. Indirect Revenues**

Indirect revenues are other income items that cannot be identified or charged to a specific AMP or to the Indirect Cost Departments. Indirect revenues will be allocated between the PHA Managed AMPs based on the number of units eligible for subsidy from the most recent HUD approved Operating Fund Calculation.

### **D. HUD Operating Subsidy**

For PHA's project-based accounting purposes, Operating Subsidy is considered an indirect revenue source. PHA's Operating Subsidy is provided in one block as if PHA were one AMP. The funding for all AMPs is calculated using the same Allowable Expense Level per PHA's MTW agreement. Since the basis of the funding calculation is the same across all AMPs, PHA considers Operating Subsidy an indirect revenue source.

Operating Subsidy will be allocated to all PHA AMPs based on the difference between revenues, prior to operating subsidy, and expenses excluding depreciation expenses. The amount of Operating Subsidy allocated will be based on the individual AMPs need for subsidy so that revenues are equal to expenses.

### **E. Operating Transfers from the MTW Block (Excess HAP) & CFP**

#### **1. PHA Managed AMPs**

PHA has included in its MTW annual plan Operating Transfers from the MTW Program and the CFP Program into the Public Housing Program to offset operating expenses. PHA has determined that the appropriate treatment of Operating Transfers at the current time based on the number of units eligible for subsidy from the most recent HUD approved Operating Fund Calculation. PHA will establish separate account numbers for the MTW and CFP Operating Transfers. The Operating Transfers are made to assist the PHA Managed AMPs with its operations. PHA may need to adjust the allocation of the Operating Transfers in fiscal years to assist the operating needs of one AMP over another AMP that may not need the assistance. PHA's MTW agreement with HUD permits the PHA flexibility to move funds between its Public Housing, Section 8 HCV, and CFP programs. PHA will reserve the right to adjust the allocations of the Operating Transfers to meet the financial needs of all the PHA Managed AMPs.

#### **2. PAPMC / AME Managed AMPs**

Operating Transfers will not be allocated to the PAPMC / AME Managed AMPs.

## **IV. Expenses**

### **A. Direct Expenses**

## **1. PHA Managed AMPs**

PHA currently records all direct expenses to the proper AMP. PHA's procurement and accounts payables processes include assigning the proper chart fields or account structure. PHA's account structure includes the program code (AMP number) and the appropriate department code.

For payroll, PHA directly charges all payroll costs using account labels. Account labels are used to tell PHA's accounting system where to directly charge an employee's payroll costs. PHA can setup as many account labels as needed to have payroll costs charged to the proper program, department, AMP, etc. based on PHA's requirements. PHA's accounting system gives the Authority the automated ability to charge payroll costs from the employee timesheets to the proper account. When employees complete their weekly timesheets, the employees report all hours to account labels. The timesheets allow employees to charge as many account labels as needed during the week. Employees submit their timesheets to their direct supervisor for approval. The direct supervisor verifies that the correct account labels were used.

PHA's systems and procedures related to direct expenses currently in application are in compliance with asset-based accounting. PHA's systems and procedures will require no transition period or transition procedures to comply with asset-based accounting requirements of presenting all direct revenues and expenses under the proper AMP.

## **2. PAPMC/AME Managed AMPs**

The only PAPMC/AME Managed AMPs direct expenses that will be included in AMPs FDS column are PHA's payment of Operating Subsidies and any other direct expense paid by PHA. All other direct expenses are included in the PHA Audited financial statements as a discretely presented component unit.

## **B. Corporate Legal**

PHA has diverse legal issues due to the size of its programs. PHA will analyze legal expenses to determine the appropriate treatment of the legal expenditures. The treatments of the legal expenses are as follows:

### **1. Direct Legal Expenses**

Legal expenses that can be identified as a direct cost to a specific AMP will be charged to that AMP.

### **2. Indirect Legal Expenses**

Indirect legal expenses that cannot be defined as costs for a specific AMP but can be identified as providing benefits to the PHA Managed AMPs based on the number of units eligible for subsidy from the most recent HUD approved Operating Fund Calculation.

### **C. Payroll Expenses**

PHA currently directly charges all maintenance payroll costs to the direct PHA Managed AMP. PHA directly charges all payroll costs using account labels. Account labels are used to tell PHA's accounting system where to directly charge a maintenance employee's payroll costs. PHA can setup as many account labels as needed to have payroll costs charged to the proper PHA Managed AMP. PHA's accounting system gives the Authority the automated ability to charge maintenance payroll costs from the employee timesheets to the proper account. When maintenance employees complete their weekly timesheets, the employees report all hours to account labels. The timesheets allow maintenance employees to charge as many account labels as needed during the week. Maintenance employees submit their timesheets to their direct supervisor for approval. The direct supervisor verifies that the correct account labels were used.

### **D. Materials and Contract Costs**

PHA currently records all maintenance materials and contract costs directly to the proper PHA Managed AMP. PHA's procurement and accounts payables processes include assigning the proper chart fields or account structure. PHA's account structure includes the program code (AMP number) and the appropriate department code.

PHA's systems and procedures related to maintenance materials and contract costs currently in application are in compliance with asset-based accounting. PHA's systems and procedures will require no transition period or transition procedures to comply with asset-based accounting requirements of presenting all direct revenues and expenses under the proper AMP.

### **E. Indirect Expenses**

PHA will be using an allocation to charge overhead from the Indirect Cost Departments (MTW Column) to all AMPs. Overhead costs will be allocated to the AMPs based the number of units eligible for subsidy from the most recent HUD approved Operating Fund Calculation.

## **V. Capital Fund Program**

All expenditures under the Capital Fund program are charged to the appropriate AMP or Indirect Cost Department. Revenues are applied to the appropriate AMP or Indirect Cost Department based on the actual expenditures. The expenditures related to the Indirect Cost Departments or MTW initiatives are reported in the MTW Column of the FDS.

Although PHA is an MTW agency and is not required to, PHA reports and tracks all CFP expenditures based on the CFP Budget Line Items. PHA has determined this method to be accurate and efficient method to track CFP expenditures.

## **VI. Project Based Budgeting**

PHA currently prepares project based operating budgets for all the Amps and departments. PHA adds all the budgets to the Automated Accounting System. The operating budgets are currently used in the procurement, accounts payable process and the preparation of monthly financial statements. PHA's operating budget process is currently in compliance with the HUD Project Based Budgeting requirements.

When PHA has prepared its Capital Fund Program Budgets, PHA determines specific capital work items that need to be completed at all or some of PHA sites. PHA does not establish a Capital Budget by site, but by work item. Then once PHA determines which sites PHA will perform the work item, PHA reclassifies the budget amount from a PHA Wide work item to the specific site. PHA will continue this process; however, the budget will be established at the Capital Projects category rather than PHA Wide.

## Appendix E: MTW TDC/HCC

PHA's current HUD-approved MTW TDC and HCC cost limits are shown below. PHA last updated the MTW TDC/HCC cost limits in 2009. Subject to HUD approval, PHA will periodically review and update the MTW TDC/HCC cost limits.

## Appendix F: Impact Analyses: Rent Simplification

Pursuant to the Moving to Work (MTW) Agreement, the Philadelphia Housing Authority (PHA) conducted an income and rent analysis of MTW households. Low Income Housing Tax Credit sites managed by PAPMC, Moderate Rehab units and non-MTW vouchers are not subject to rent simplification and are not included in this analysis.

PHA’s rent simplification program currently includes the following components:

- A single working household deduction;
- An asset income exclusion;
- Exclusion of full-time student earned income;
- Modification of the definition of medical related expenses to include only certain medical-related insurance premiums;
- Elimination of all other deductions;
- Application of a cap on gas utility allowances for income eligible households who are responsible for gas heat;
- Reduction of the standard rent calculation percentage based on family size; and
- Application of a minimum rent of \$50.

The following is a summary of the results of the most recently completed rent impact analysis.

### Affordability

PHA’s MTW rent policies resulted in affordable household rents in both the public housing and HCV programs. The following chart shows average Total Tenant Payment (TTP) as a percentage of adjusted income. The chart excludes households earning \$2,100 or less annually, who are subject to a minimum rent payment and, therefore, tend to pay a higher percentage of income towards rent and HCV households with a gross rent that exceeds their payment standard, who also pay a higher percentage of income towards rent. Alternatively, higher income PH households on ceiling rent pay a lower percentage of their gross income. Table 1 highlights the fact that for all households earning more than \$2,100 annually, MTW residents pay 28% or less of adjusted income as Total Tenant Payment. Note that HCV households have the choice to select a housing unit that exceeds established Payment Standards, a choice that results in the tenant paying a higher percentage of adjusted income towards rent.

**Table 1: Total Tenant Payment as a Percentage of Adjusted Income**

	Housing Choice Voucher Households	Public Housing Households
Average	28%	28%
25 <sup>th</sup> Percentile	27%	27%
Median	28%	28%
75 <sup>th</sup> Percentile	28%	28%
Max	28%	28%

## CRP

Under MTW, HCV Tenant-Based households who are responsible for paying gas heat and who are income eligible to participate in the PGW Customer Responsibility Program (CRP) have the gas portion of their utility allowances calculated using PHA's CRP MTW utility policy. Participation in the PGW CRP program places a cap on the amount of money that eligible tenants will be required to pay for their gas utility payments based on household income, not consumption. Gas utility allowances are calculated using the PGW CRP calculation method. Table 2 illustrates the current annual savings resulting from PHA's adoption of this policy.

**Table 2: Utility Allowance Savings due to CRP MTW UA Policy**

	<b>Households on CRP</b>
# of HCV participants who are eligible for a gas utility allowance	14,378
# of HCV participants who pay gas heat and are eligible for CRP	2,403
Total gas portion without application of CRP	\$357,013
Total gas portion with application of CRP	\$81,300
Monthly Savings	\$275,713
<b>Annual Savings to PHA</b>	<b>\$3,308,556</b>
